Sino-Swiss Free Trade Agreement - 2018 Academic Evaluation Report Jian Han,Stefan Legge,Yue Lu,Xinquan Tu,Patrick Ziltener,2025-07-28 The first and immediate benefits of the SSFTA are the practical opportunities resulting from exporters saving customs duties because of the substantial reductions in tariffs. The FTA created an annual savings potential for Swiss exporting firms worth several hundred million CHF (Ziltener, 2014), and savings of well over CHF 100 million were realised

in 2017, on both the Chinese and Swiss sides. These significant amounts were expected to increase in the year 2018 and beyond.

Teaching Social Justice Using Postcolonial Texts Geraldine Balzer, Teresa Strong-Wilson, Anne Burke, 2023-07-28 This book explores how teachers can re-examine their emotional investments in enacting dominant settler values through changing their text selection and teaching practices. Based on a longitudinal qualitative research study conducted by a national team of literacy scholars in collaboration with practicing literacy teachers at eight sites across Canada, the book investigates how groups of teachers, working collaboratively in inquiry groups, develop and implement curriculum to promote their own and their students' understandings of social justice in postcolonial and settler spaces. In particular, the book highlights the rich and dynamic landscape of postcolonial authors, illustrators and texts, the development of culturally-sensitive curricula, and critical pedagogies possible in addressing contemporary and historical issues, both local and global. This book is primarily of interest to literacy scholars, literacy instructors (teacher educators) in teacher education programs, educational leaders, practicing teachers from the K-12 spectrum, and school district staff and policy makers with responsibilities for or interests in the potential of literacy and literature engagement for social justice education. The book is also of interest to postsecondary educators and teacher educators wishing to use literature in social justice, anti-racist, and anti-oppressive courses.

English Ministry Crisis in Chinese Canadian Churches Matthew Richard Sheldon Todd, 2015-03-26 In this book, Dr. Matthew Todd looks into the anecdotal reporting of high numbers of Canadian-born Chinese leaving Western Canadian Chinese churches--what is termed the silent exodus. Some of the fastest-growing Canadian churches are Chinese, yet reportedly the highest dropout rates are among Chinese and Asian church adult ministries. This book recommends solutions towards the retention of Canadian-born Chinese adults in Chinese bicultural churches through empowerment. To address retention, the key factors that contribute to a silent exodus are established through qualitative research with participants of diverse church affiliations. Todd examines various models and proposed solutions the Chinese church has used to retain its English-speaking congregants, and gives attention to a theological basis for being inclusive in mission initiatives and for empowerment through passing the leadership baton. Todd makes some recommendations on the new wave of an emerging congregational model that requires negotiation with Chinese church leadership to give power away to English ministry leaders and congregations. He anticipates that this will permit transformational leadership practices that contribute to shalom, community transformation, and lasting congregations.
