**Christian Drosten**

Don't Be Stupid, Idiot - Helping Idiots Be Less Idiotic Yann Somou, 2023-01-29 Do you think the world is going to shit? And that manners are being thrown out the window? And that common sense and common courtesy are becoming uncommon? And that you are now dealing with idiots that bit too often? You are not alone. We are all collectively treating each other worse than ever before. We talk to each other like dickheads. We drive like wankers. We leave piss on the toilet seat. We shake hands as if they've turned into floppy fish. We treat money as the be-all and end-all. Yann thinks this is down to us slowly losing touch with our own humanity. In other words, we care more about ourselves than the person next to us. Sure, capitalism and technology are partly to blame. But at the end of the day, if we don't start treating each other a little better, we're all truly fucked. There's no way in hell we'll be able to work together long enough to resolve the catastrophic problems coming our way. To that end, 'don't be stupid, idiot' is chock full of 120+ hilarious, swears, sarcastic, hard-hitting rants about everyday things that everyday idiots do, with quasi-serious, tongue in cheek exercises to help idiots be less idiotic. Each rant also has a QR code or link to share with that idiot of a friend who needs to read it! Rants include: Queue cutting Cancel culture Buying rounds Splitting the bill Holding the door open Ignoring reserved seating Treating pets as humans Tailgating Reclining plane seats Taking the mick Conspiracy theorists & many more! No one is innocent of being an idiot, including you. It is impossible to read this book and not realise at least one or two ways in which you've started to not give a shit about your fellow human. Yann hopes that, instead of being a little bitch about it, you'll use all the reality checks you'll receive to become a better person who is more aware of how their actions affect others. Entertainment: Guaranteed Fucks Given: Zero Legitimate Reviews "Brilliant!! But it can't go on our best seller's list because most of our readers are idiots" - Some shit newspaper "Bought for my idiot friend. Was a prick, still is but at least he knows it now!!" - An idiot "The perfect stupid gift for my boyfriend/husband/dad/brother!! They can be a right wanker!" - Wanker-loving idiot Get the book now, you muppet. Yann doesn't care whether you buy it as a Secret Santa piss-take for colleagues, a really stupid gift for Christmas, a birthday present for people you don't like, for bloody Mother's and Father's day, or just because you like books taking the mick. Just buy the thing and start your journey towards being less of a prick. Still don't know if 'don't be stupid, idiot' is for you? If you enjoyed Mark Manson's, 'The subtle art of not giving a f\*ck', Laura Clery's, 'Idiots', Thomas Erikson's, 'Surrounded by idiots' or Karl Pilkington's, 'An idiot abroad', you'll love this! You'll also feel right at home if you relate to the

logic and pull no punches style of outspoken people like Ricky Gervais, Jeremy Clarkson, Piers Morgan and James Haskell.

**How to Win a Fight With a Conservative** Daniel Kurtzman,2012-06-01 Outwit and outmock those Crazy Conservatives! Tired of the delusional rantings of right-wing nut jobs? Does the mere mention of the Tea Party or Fox News pose a clear and present danger to your sanity? No matter the flavor of your misguided right-wing adversary, here's a survival guide for anyone who's fantasized about smacking down a conservative blowhard. Learn how to: Hurl witty retorts at Obama haters, Bible-thumpers, and Wall Street shills Explain why the Left is right and the Right is wrong with the dueling Conservative and Liberal Manifestos Survive family sparring matches, manage workplace squabbles, and learn to cope if you're sleeping with the enemy Entertain your friends and terrify your enemies while arguing politics on Facebook and Twitter Use conservatives' words against them with a handy compilation of moronic right-wing quotes It's time to defend America against every intolerant, corrupt, arrogant, greed-mongering, science-hating, reality-denying imbecile in your midst. Stop the stampede of mindless, fact-loathing wingnuts!

*Philosophy, Behaviour Disorders, and the School* Gordon Tait,2010-01-01 The recent exponential rise in the number of behaviour disorders has been the focus of a wide range of commentaries, ranging from the pedagogic and the administrative, to the sociological, and even the legal. This book will be the first to apply, in a systematic and thorough manner, the ideas of the foundational discipline of philosophy. A number of philosophical tools are applied here, tools arising through the medium of the traditional philosophical debates, such as those concerning governance, truth, logic, ethics, free-will, law and language. Each forms a separate chapter, but together they constitute a comprehensive, rigorous and original insight into what is now an important set of concerns for all those interested in the governance of children. The intention is threefold: first, to demonstrate the utility, accessibility and effectiveness of philosophical ideas within this important academic area. Philosophy does not have to be regarded an arcane and esoteric discipline, with only limited contemporary application, far from it. Second, the book offers a new set of approaches and ideas for both researchers and practitioners within education, a field is in danger of continually using the same ideas, to endlessly repeat the same conclusions. Third, the book offers a viable alternative to the dominant psychological model which increasingly employs pathology as its central rationale for conduct.

*Philosophers on Race* Julie K. Ward,Tommy L. Lott,2008-06-09 Philosophers on Race adds a new dimension to current research on race theory by examining the historical roots of the concept in the works of major Western philosophers.
