Sir Walter Murdoch

Choose Your Enemies Wisely Patrick Bet-David, 2023-12-05 National Bestseller! What's the difference between your competitor and your enemy? You know who your competitors are. You keep tabs on them regularly, and can list them calmly, along with their strengths and weaknesses. But your enemies are a whole other matter. They're the haters and the doubters who said you'd never make it, the ones who stomped on your dreams. When you think about your enemies, you get emotional. You feel like you won't let anything—or anyone—stop you. In *Choose Your Enemies Wisely*, Patrick Bet-David, #1 Wall Street Journal bestselling author, founder of Valuetainment, and host of The PBD Podcast, shows how to harness that emotion to turbocharge your business, dominate this year, and grow for generations after. But first, you need to choose your enemies wisely. Bet-David has spent years perfecting the system that led to the knockout success of his own financial services company. Now, Bet-David shares the secret behind this system: his 12 Business Building Blocks, which will teach you how to seamlessly blend emotion and logic in your business plan. Both a practical document for achieving goals and the fuel needed to fire up yourself and your team, this plan goes beyond the “how” and digs deeper into the “why”: not only how you'll get funding, but why you need long-term vision; why you must build a culture that makes employees want to run through walls; why you have to know the enemy you're out to prove wrong. Straightforward and simple, the steps in this book will lead you to move the levers that create exponential growth and lasting success. David the Great Mark Rutland, 2018 How much do you really know about the life of KING DAVID? He was a man of unwavering loyalty, great faith, and national vision. He was a Spirit-led poet with prophetic and Messianic insights who reached beyond the millennia. He was a musician whose lullabies could soothe a demon-haunted soul. He was a political leader strong enough to forge a single nation out of disparate tribes. But he was also an adulterer, a murderer, a mercenary raider, and a hated father. He caused suffering among his people with an act of hubris. He ordered the execution of his enemies on his deathbed. He enjoyed many wives and concubines. Most of all, he broke the laws of both God and man.

The Testament of the Evolving Mutant Benjamin Katz, 2025-07-13 From a war-scarred childhood to a long life of service, reflection, and resilience, this book traces the author's path across decades—through kibbutz fields, battlefields, family life, and philosophical awakening. Along the way, a clear realization took form: humanity is heading toward a self-inflicted catastrophe. And we are not equipped—psychologically, politically, or spiritually—to stop it. We are Homo Stupidilgence: beings of great intelligence and primitive instincts, still ruled by tribal fears, short-term thinking, and denial. We destroy the conditions for life, wage endless wars, and erode our own health and sanity—while imagining ourselves rational and advanced. With Stone Age brains wired for survival, not wisdom, we cannot resolve the immense crises we've created. As the coming centuries unfold, our civilization will suffer terribly—through climate chaos, cultural collapse, and the failure of our core systems. Yet this suffering may become the great trigger of transformation. Out of the ruins must emerge The Creators: a new form of post-sapiens humanity—long-lived, wise, peaceful, and far-seeing. This book offers more than a warning: it is a concrete, visionary manual for our evolutionary leap. A future Noah's Ark—not of animals, but of minds, ethics, and blueprints. A path toward sustainable, just, and intelligent life on Earth—and eventually beyond it. Read it to remember what's at stake. Read it to prepare.
