Mark Steyvers

How to Disappear Completely Stefan Demetriou,2005-12 How To Disappear Completely is a caustically humorous take on love and loss in our new century. Set against the gilded world of men's lifestyle magazines in London and the incestuous ex-pat oil industry of Israel, it tells the story of identical twin brothers Ben and Martin. Ben is struggling to come to terms with the pivotal and unexplained disappearance of his wife Ruth, a shattering event that has removed all direction from his life. As he begins to piece his professional and personal life back together, his story is paralleled with the unravelling world and marriage of his twin. With Ruth - the novel's central, but absent, character - haunting both of them, Ben and Martin are inevitably destined to collide.

How to Disappear Completely for Survival Ronald Williams,2017-07-05 If you had to disappear for whatever reason, say you were falsely accused of a major crime and wanted to escape a near guaranteed conviction, do you believe you would be able to do it? Disappearing completely without leaving a trace is no easy feat. Your information is held in literally hundreds if not thousands of private and government databases. There are security cameras everywhere (thirty million cameras in the United States alone to be exact). The authorities have professional training/experience and an unlimited array of expensive technology and resources at their disposal to track you down. For these reasons, vanishing completely and assuming a new life and identity can seem like an impossibility. But the truth is with enough careful planning and due diligence on your part, it is perfectly possible to vanish. Regardless of what your motivation is for wanting to vanish, this book will serve as the ultimate beginner's guide on how to disappear without leaving a trace. Here's the truth: disappearing completely is a huge deal, and it is not a decision you can make lightly. Disappearing automatically draws attention to you by the authorities, and it will change your life forever. But you may need to disappear if doing so would save your life or get you out of a heap of other trouble, so if the circumstances leave you with no choice but to try and disappear, then you will have to take matters into your own hands and it's fundamentally critical that you know exactly what to do. In this guide, we will outline a step-by-step plan for disappearing, evading the authorities, and starting a new identity and a new life. The specific steps that we will cover include the following: -Step #1: Developing Your Plan -Step #2: Getting Out Of Dodge -Step #3: Covering Your Tracks and Planting False Leads -Step #4: Creating Your New Identity -Step #5: Finding Work And Building A New Life -Step #6: Disappearing Mistakes To Avoid By the end of this guide, you will know exactly what you need to do to vanish completely without leaving a trace of your footsteps. Remember, even if you're currently not planning on disappearing and are just reading this book for fun, the information you're about to learn could prove critical for the future.
