Lessons from Grimm Shonna Slayton,2020-06-22 Uncover the fairy tale secrets that made the Grimms famous. In fairy tales, a young woman can have impossibly long hair, a man can turn into a lion during the day, and a simple spindle can change a kingdom's history. There are few limits on characters we can create or the stories we tell. Our characters don't necessarily have to look or act a certain way, and fairy tale magic can delight readers in fresh new ways. In *Lessons from Grimm*, you'll do a deep dive into how the Grimms masterfully handle key elements of genre, character, setting, plot, fairy tale magic, and theme. *Lessons from Grimm* is perfect for teenage writers and up. While beginning authors will learn basic storytelling techniques, more advanced storytellers will hone in on specific tips for writing fairy tale magic and themes. By studying examples of well-known and more obscure tales, you'll come away with a fresh perspective on Grimms' fairy tales and lots of ideas for writing your own stories. * quickly brainstorm ideas * streamline the creative process * create endearing fairy tale characters * build on time-tested plots and themes * write a better fairy tale Bonus! The appendix includes comprehensive lists of characters, settings, plots, romance tropes, magic objects and more, saving you hours of research time. Get *Lessons from Grimm* today and get started writing your own magical tale.

Dreamforest Dalene Matthee,2012-10-02 Karoliena Kapp is a child of the forest, born into a community of woodcutters. She is given the advantage of a good education, but it serves only to heighten her growing realisation that, because of the harsh injustices of poverty, there is little hope for the woodcutters.The day after her marriage to Johannes, himself of woodcutter stock, she realises that she has made the wrong choice. She may have escaped from the poverty of the forest, but she has exchanged her freedom for a cage. Alone and afraid, she leaves her husband and takes the road back to the forest.

Essays Henry A. Buchanan,2012-02-17 Essays is Doctor Buchanans thoughts on just about everything. Here he tells the reader what he knows about the society we live in and what he believes about the way human society ought to be. Sometimes the author has his tongue in his cheek, and sometimes he has his poison pen in his hand, but always he is seeking to express the Truth that Life has taught him in his ninety years. His essays are sometimes his own experiences and sometimes they are his reflection on the parade of Life that he watches and has recorded over a period of many years. The essays are political; they are religious; they are personal. They are always an attempt to grasp Truth by the forelock and to wrestle manfully with his adversary. Buchanans Essays cover the range from an easy approach to life at home to a serious attempt at public office. It is his understanding of ancient mythology that sets his work apart and opens it to vistas of a modern view of Man and God. In his art of piddlin and doing nothing Buchanan reveals a hidden achiever and when he writes about Man and God he reveals the mind of the minister struggling to understand himself and the people he feels God has made his responsibility because of his calling to be a minister of the Gospel.
