*The Housemaid's Secret* Freida McFadden, 2023-07-11 This absolutely explosive and shockingly twisty sequel to USA Today bestseller *The Housemaid* will keep you racing through the pages late into the night. It's hard to find an employer who doesn't ask too many questions about my past. So I thank my lucky stars that the Garricks miraculously give me a job cleaning their stunning penthouse with views across the city and preparing fancy meals in their shiny kitchen. I can work here for a while, stay quiet until I get what I want. It's almost perfect. But I haven't seen the inside of the guest bedroom, which I'm forbidden to enter. And I still haven't met Mrs Garrick. I'm sure I hear her crying. I notice spots of blood around the neck of her white nightgowns when I'm doing laundry. One day I can't help but knock on the door. When it gently swings open, what I see inside changes everything... That's when I make a promise. After all, I've done this before. I can protect Mrs Garrick while keeping my own secrets locked up safe. Douglas Garrick has done wrong. He is going to pay. It's simply a question of how far I'm willing to go...

*Twenty* Stephen Francis Rico, 2012 Two decades after its conception, this humoristic cartoon series is still South Africa's best reminder to laugh at itself as a society. Hilarious and iconic, the family of Madam, Eve, Thandi, and Mother Anderson are dysfunctional, chaotic, and an unfailingly satirical reflection of everyday life. Highlighting classic cartoons from the past 20 years, this annual collection is the ultimate collector's item.

**Dubai** Syed Ali, 2010-05-28 This revealing portrait of the famously wealthy Persian Gulf city investigates the human cost of its miraculous rise to global prominence. In less than two decades, Dubai has transformed itself from an obscure territory of the United Arab Emirates into a global center for business, tourism, and luxury living. With astonishing skyscrapers and tax-free incomes, its rulers have made Dubai into a playground for the global elite while skillfully downplaying its systemic human rights abuses and suppression of dissent. It is a fascinating case study in light-speed urban development, massive immigration, and vertiginous inequality. In *Dubai: Gilded Cage*, sociologist Syed Ali delves beneath the dazzling surface to analyze how—and at what cost—Dubai has achieved its success. Ali brings alive a society rigidly divided between expatriate Westerners enjoying opulent lifestyles on short-term work visas, native Emiratis who are largely passive observers, and workers from the developing world who provide the manual labor and domestic service needed to keep the emirate running, often at great personal cost. “At last, a comprehensive expose of the economic and sexual exploitation that erected this

utopia of greed. Syed Ali has seen the future in Dubai and it doesn't work.” —Mike Davis, author of Planet of Slums

Portraits of Hope Huberta v. Voss,2007-06 Elie Wiesel called the genocide of the Armenians during the First World War 'the Holocaust before the Holocaust'. Around one and a half million Armenians - men, women and children - were slaughtered at the time of the First World War. This book outlines some of the historical facts and consequences of the massacres but sees it as its main objective to present the Armenians to the foreign reader, their history but also their lives and achievements in the present that finds most Armenians dispersed throughout the world. 3000 years after their appearance in history, 1700 years after adopting Christianity and almost 90 years after the greatest catastrophe in their history, these 50 'biographical sketches of intellectuals, artists, journalists, and others...produce a complicated kaleidoscope of a divided but lively people that is trying once again, to rediscover its ethnic coherence. Armenian civilization does not consist solely of stories about a far-off past, but also of traditions and a national conscience suggestive of a future that will transcend the present.' [from the Preface]

O lado sombrio dos contos de fadas Karin Hueck,2023-03-15 ATIRE A PRIMEIRA MAÇÃ ENVENENADA quem nunca torceu pelos três porquinhos, ou não odiou as irmãs maldosas de Cinderela, ou não chorou quando Bela Adormecida espetou o dedo na roca. A não ser que você tenha sido criado em Marte, é provável que conheça cada detalhe desses enredos. Basta ouvir o era uma vez inicial para ser transportado para um mundo de magia com finais felizes. Mas a verdade é que os contos de fadas nem sempre foram histórias agradáveis, polvilhadas com açúcar, como a casa de pão de ló de João e Maria. Pelo contrário, as tramas originais eram recheadas de malvadezas: Cinderela foge do seu pai incestuoso. Chapeuzinho Vermelho come a carne de sua própria avó. Bela Adormecida engravida após ser violentada pelo príncipe enquanto dormia. Branca de Neve é castigada a dançar com sapatos de ferro quente até morrer. Em O lado sombrio dos contos de fadas, as histórias são apresentadas sem o embelezamento de Walt Disney. Através de uma profunda pesquisa sobre séculos de mitologia, folclore, lendas e costumes, a jornalista Karin Hueck investiga as origens dos contos, que se revelam cada vez mais reflexos obscuros da sociedade daqueles tempos.
