

Dark Sun The Making Of The Hydrogen Bomb

CO Houle

Dark Sun Richard Rhodes,1995 Here, for the first time, in a brilliant, panoramic portrait by the Pulitzer Prize-winning author of *The Making of the Atomic Bomb*, is the definitive, often shocking story of the politics and the science behind the development of the hydrogen bomb and the birth of the Cold War. Based on secret files in the United States and the former Soviet Union, this monumental work of history discloses how and why the United States decided to create the bomb that would dominate world politics for more than forty years.

Dark Sun Richard Lee Rhodes,1996-09

Bombing the Marshall Islands Keith M. Parsons,Robert A. Zaballa,2017-07-26 A narrative history of the nuclear tests conducted by the United States in the Marshall Islands from 1946 to 1958.

American Arsenal Patrick Coffey,2014-03 *American Arsenal* examines the United States' transformation from isolationist state to military superpower by means of sixteen vignettes, each focusing upon an inventor and his contribution to the cause.

Nuclear Weapons and the Environment John Perry,2021-03-12 In *Nuclear Weapons and the Environment*, John Perry highlights the environmental damage caused by nuclear device testing. The failure of the Nuclear Proliferation Treaty and the continued proliferation of nuclear weapons is a grave risk to not only human life but to the environment. Pointing to the unstable political situation between a variety of state and non-state actors, the remediation of nuclear test sites, and the risks involved in the production of nuclear weapons, Perry makes a clear case for the dire importance of non-proliferation.

The Making of the Atomic Bomb Richard Rhodes,1988

North River Depot John Garbinski,2007-02-16 The dawn of the Nuclear Age. The birth of the Cold War. These events are hauntingly portrayed in *North River Depot*. An historical novel about the United States First Operational Nuclear Weapons Stockpile Storage Site. This novel tells the story of the Silent Peacekeepers. Men sworn to secrecy, during the most dangerous period in the History of the United States. *North River Depot* is a must read for anyone interested in the history of Nuclear Weapons and the Cold War.This book was originally published in 2005. In 2007 a second edition was published with minor changes. This third and final edition (2011) has been completely revised with the addition of several new photographs.

Surprise Attack Larry Hancock,2015-09-01 *Surprise Attack* explores sixty plus years of military and terror threats against

the United States. It examines the intelligence tools and practices that provided warnings of those attacks and evaluates the United States' responses, both in preparedness – and most importantly – the effectiveness of our military and national command authority. Contrary to common claims, the historical record now shows that warnings, often very solid warnings, have preceded almost all such attacks, both domestic and international. Intelligence practices developed early in the Cold War, along with intelligence collection techniques have consistently produced accurate warnings for our national security decision makers. *Surprise Attack* traces the evolution and application of those practices and explores why such warnings have often failed to either interdict or intercept actual attacks. Going beyond warnings, *Surprise Attack* explores the real world performance of the nation's military and civilian command and control history – exposing disconnects in the chain of command, failures of command and control and fundamental performance issues with national command authority. America has faced an ongoing series of threats, from the attacks on Hawaii and the Philippines in 1941, through the crises and confrontations of the Cold War, global attacks on American personnel and facilities to the contemporary violence of jihadi terrorism. With a detailed study of those threats, the attacks related to them, and America's response, a picture of what works – and what doesn't – emerges. The attacks have been tragic and we see the defensive preparations and response often ineffective. Yet lessons can be learned from the experience; *Surprise Attack* represents a comprehensive effort to identify and document those lessons.

John Brown to Bob Dole Virgil W. Dean, 2006 From radical abolitionist John Brown to presidential candidate Bob Dole to visionary environmentalist Wes Jackson, Kansas history is bursting with fascinating stories of individuals who made a difference to the nation and whose lives reveal much about our collective past. Prominent Kansas historian Virgil Dean has gathered a distinguished team of writers – Thomas Isern, Craig Miner, and others – who have crafted incisive portraits of 27 notable men and women, covering 150 years of Kansas and American history. Here are agitators who moved their fellow citizens to action over political, social, and economic problems: not only John Brown, but also proslavery agitator William H. Russell; Mary Elizabeth Lease, lecturer for the Farmers' Alliance and Populist Party; Gerald B. Winrod, a.k.a. the Jayhawk Hitler; and Esther Brown, who challenged segregation in public schools.

***The Journal of Military History*, 2002**

The Cold War Comes to Main Street Lisle A. Rose, 1999 In 1950, Main Street American was abruptly traumatized. The sudden prospect of thermonuclear war with the Soviet Union, Senator McCarthy's vicious anticommunist crusade, and the beginning of the Korean War all combined to dampen the public mood. The Cold War invaded every home. Rose maintains that 1950 was a pivotal year for the nation. He argues that the convergence of Korea, McCarthy, and the bomb wounded the nation in ways from which we've never fully recovered. Brimming with originality, this book makes readers look at the Cold War from a dozen different angles.

Face to Face with the Bomb ,2003 Photographer Shambroom documents the post-Cold War nuclear reality in a series of striking and eerily beautiful images that offer an unprecedented inside look at America's nuclear arsenal. 83 color photos.

The Russian Diaspora: 1917-1941 Boris Raymond,David R. Jones,2000-09-26 The book thoroughly examines the mass exodus from Russia after the revolutions and civil war of 1917-1921, providing scholars in Russian studies with an accessible overview of Russian history, literature, arts, and the lives of many exiled Russian citizens. The book stresses the accomplishments of members of this major emigration after they left the Russian empire, and the loss suffered by Russia as a result of their departure. Each alphabetically arranged topic in the dictionary section is introduced and then discussed within its historical perspective, and the bibliography lists available Western-language and major Russian references. -- BACK COVER.
