

Escala Cromatica Clarinete

Alessandro Pierozzi

Manual para facilitar el estudio práctico de nuestro cuadro conforme al sistema objetivo, que contiene la historia de la música Antonio Hermosa,1901

Diccionario técnico Akal de términos musicales Pedro González Casado,2000-11-03 Léxico bilingüe que recoge más de 18.000 entradas relacionadas con el ámbito de la música, lo que lo convierte en una herramienta de gran utilidad para cualquier persona con interés o relación profesional con el ámbito de la música.

Los instrumentos musicales Alessandro Pierozzi,2018-04-05 En un singular recorrido que conducirá al lector desde los albores de la humanidad hasta nuestros días, Alessandro Pierozzi lleva a cabo un dilatado y emocionante viaje en busca de la historia, desarrollo y repercusión de los medios por los que la música se hace escuchar: los instrumentos musicales. Técnica, construcción, acústica, formas de tocar, intérpretes, escuelas...: viento, cuerda, percusión. Estas páginas son el resultado de una intensa labor documental, de experiencias y conocimientos personales del autor y de aportaciones que notables solistas y profesores han transmitido con indudable generosidad. Como explica el director de orquesta Juan de Udaeta en el prólogo, «estamos ante una obra y un trabajo verdaderamente impresionantes de rigor y erudición que pretenden acercar al lector, sea músico o amante de la música, a la intrahistoria del arte musical». Un libro que, en expresión de Beethoven, rompe el silencio para mejorarlo.

Ecología de la melancolía Roger Bartra,2024-11-06 Un viaje delicioso en busca de las huellas que la melancolía ha dejado en la música clásica, un libro que abre puertas al goce a través de la comprensión y el conocimiento. Explica el autor que «este libro es un viaje en busca de las huellas que la melancolía ha dejado en la música clásica (...). La melancolía nos lleva a las esferas de la locura, de la desesperación, del tedio y de la muerte, pero también es un sentimiento de goce espiritual y de dulzura. Es una enfermedad maligna y al mismo tiempo es una emoción noble y un tipo de personalidad». Lo que se nos ofrece aquí es un seductor recorrido por la presencia de la melancolía y sus formas cambiantes en la historia de la música occidental, desde el Renacimiento hasta nuestros días. Roger Bartra aborda piezas de Dowland, de Händel, el Cuarteto número 6 de Beethoven, los lieder románticos de Schubert y Schumann, el impresionismo de Debussy, las evocadoras partituras de los nórdicos Sibelius y Nielsen y del británico Vaughan Williams, el desgarrado dodecafónico... ¿Cómo transmite el lenguaje musical las emociones y las sensaciones vinculadas con la melancolía? ¿Cómo ha evolucionado la expresión de ese

sentimiento en cada periodo histórico? Roger Bartra despliega una inmensa erudición y una inteligencia mayúscula al servicio del disfrute y el enriquecimiento del lector. Un libro precioso.

Um "El Sistema" Para o Brasil: Modelo de Ensino da Música Para o Brasil, Baseado em El Sistema Jorge Lisboa Antunes,2025-02-06 Neste trabalho é apresentado um modelo de ensino da música para o Brasil, baseado em El Sistema, com um repertório adaptado à realidade brasileira. Analisando o repertório orquestral utilizado no último nível das Orquestras Infantis do Sistema, o Nível IV, aqui é proposto um repertório alternativo baseado em obras de compositores brasileiros. No Capítulo I é feita uma retrospectiva de alguns trabalhos prévios na área. No Capítulo II é apresentado breve panorama do desenvolvimento de El Sistema. No Capítulo III é analisado o repertório dos núcleos do Nível IV, para cada instrumento. No Capítulo IV é desenvolvido um modelo para o ensino da música em nosso país, a ser implementado em projetos sociais e orquestras-escola. Para tanto, é analisado e proposto um repertório com obras de compositores brasileiros, cujo nível técnico de execução é equivalente àquele usado no Sistema venezuelano. Conhecido oficialmente como Sistema Nacional de Orquestras Juveniles e Infantiles de Venezuela, o Sistema é um modelo de ensino da música implementado pelo maestro José Antonio Abreu a partir de 1975, com o objetivo de colocar a prática orquestral ao alcance de todos e, por meio dela, oferecer às crianças e aos jovens uma melhor qualidade de vida. Os resultados obtidos por El Sistema, na Venezuela, foram reconhecidos pela Organização dos Estados Americanos (OEA) e pela Organização das Nações Unidas para a Educação, a Ciência e a Cultura (Unesco), a tal ponto que foi tomado como modelo para levar a educação musical a uma grande quantidade de pessoas e como maneira positiva de desenvolver nos jovens os valores morais de uma boa sociedade. O presente livro apresenta, inicialmente, um estudo da metodologia e do repertório utilizados por El Sistema na formação de orquestras infantis e de jovens. Esse estudo permite que, em seguida, seja desenvolvido um modelo semelhante, possível de ser implementado no Brasil, com adaptação à realidade e às idiossincrasias do país. A autoridade do autor, no tema, é avalizada por sua experiência e suas pesquisas em Caracas, trabalhando com os estudantes de El Sistema. A partir de análise aprofundada e de estudo comparativo criterioso, o autor propõe obras originais de compositores brasileiros que têm a mesma exigência técnica do repertório proposto pelo Sistema na Venezuela.
