The Term Limit Revolution Scott Murphy,2019-03-14 An overwhelming majority of people in this country want term limits. Exactly what those term limits should be and how to get them are where the debate begins. The Term Limit Revolution is a decidedly non-partisan book that details the need for term limits and lays out a straightforward plan for getting a Constitutional Amendment passed.

The Demise of a Once-Great Nation David L. R. Stein,2024-08-07 Few people living in the US today have any real appreciation or understanding of the wholesale sociopolitical changes which have occurred in the US just since the Vietnam War--to say nothing about the pre-Vietnam War era. Until recently, the changes have been insinuated into US society, so gradually, few realize that a significant majority of the changes are so antithetical to fundamental US constitutional principles and values that they threaten the very survival of the US as a constitutional democratic republic. Engineered as they were by a covert, insidious, and subversive Neo-Marxist campaign which has been steadily and stealthily growing in the US for more than a hundred years, many of the changes have been deliberately designed to foment social discord and political upheaval through ethnic identity politics and race-baiting designed to pave the way for a full-fledged social revolution. The US now faces the distinct possibility of sliding into another bloody civil war or into anarchy and chaos followed by transformation into just another morally repugnant experiment in Neo-Marxism engineered by a self-serving oligarchy of superrich globalists--not unlike those currently governing contemporary Communist China and Russia. If nothing is done, millions of freedom-loving US citizens, their children, and grandchildren will wake up one day soon to discover that all of their cherished freedoms, liberties, and rights of self-determination have been taken from them. It's now quite possible another bloody civil war will be necessary to ensure that--in the immortal words of Abraham Lincoln--a government of the people by the people for the people, shall not perish from the Earth. To prevent such a disaster, significant changes must be made to the US Constitution, as well as to US civil, corporate, and criminal laws, and there is no time to waste.

Let That Dark Horse Run Sean Taylor-Cole,2022-10-31 Have you ever wondered why someone snaps? Just lose it mentally? Forensic experts conduct investigations to answer these very questions. Sometimes there are glaring reasons and sometimes there are not. Most would never understand the depth of the mental suffering of the person in question. This of course doesn't absolve the person from any dastardly deeds. The mind of the individual may reach a fork in the road. That mind could either take the right fork to commit suicide or take the left fork and kill those who have perpetrated the most grievous harm towards them. Or further still, they could just keep going straight and suffer horribly, dying a little every day. Did anyone know of their mental suffering? Did he or she try to obtain mental health care? But there was no one and no one cared or helped. I suppose you wonder why and how that I could possibly speculate? Please read on...

Enginewitch Stephen Elder,2018-08-09 *Enginewitch* is a diatribe masked as a sci-fi novel. It is based on current events that add new fodder daily (and much faster than can be digested). The *Enginewitch* is Shiloh Alderman, a young woman who can control electricity with her mind. She is recruited into the CIA where she is drawn into a daring plot. The president's total lack of government experience, clueless foreign policy, incessant lying, disregard for law, and delusional tweets have marked him as America's greatest security risk according to an analysis by the intelligence agencies. Their conclusion that America will soon be either at war with China, or embroiled in a civil war. An act without precedent is called for. Enter the *Enginewitch*, who faces a terrible conflict between patriotism and personal belief. Her decision can save or doom the country.

Grow a Pair Larry Winget,2013-09-12 The straight-talking, New York Times bestselling author and Pitbull of Personal Development® is back with a pithy and prescriptive guide to success. A five-time bestselling author and one of the country's leading business speakers, Larry has made a reputation for being the first to challenge the positive-attraction gurus and the law-of-attraction bozos with his commonsense approach to success. Larry doesn't sugar-coat, and he isn't afraid to make

people uncomfortable, because he wants us to stop making excuses, and start getting results. In *Grow a Pair*, Larry takes on entitlement culture, the self-help movement, political correctness, and more. We've all heard the phrase "grow a pair," but Larry's advice isn't about anatomy— it's about attitude. To get the success we want, we need to reject victimhood in favor of being assertive and finally taking some responsibility. With prescriptive advice on goal achieving, career, personal finance, and more, *Grow a Pair* will give the readers the kick in the pants they need.

The Matchmaker Loses by a Nose Michael Gellis MD, 2025-06-25 This book is a collection of 39 short stories and essays that will enlighten you about the author's personal life, his family's past, and other hilarious adventures. The contents of the book are divided into seven sections with the first section containing short stories about his father, David Gellis, an immigrant European tailor. The second section describes various stages of his sister Barbara's life, who somehow inherited the 'wild' gene and constantly got herself into trouble. The section about the author's past covers his chaotic life as a child living in a small house behind the family dry cleaning establishment, his years of medical school and residency, and unusual events during his private practice of plastic surgery. Farcical times with his young friends are recreated. Later in life, even while practicing medicine, Dr. Gellis would substitute teach in the public school system, creating hilarious stories. Narratives, describing his Brooklyn, New York, beginnings including family and friends, are brought to light in the fourth chapter that showcase his grandfather, a Kosher butcher, and the author's mother, Rose, a very defiant 4-year-old. Within the fifth section are stories of events in Flint, Michigan, especially an unusual encounter with the Detroit Mafia's The Purple Gang in the 1930's. Very interesting chance meetings the author had with famous athletes, Muhammad Ali and Tiger Woods, are covered in the sixth section. Finally, on an academic level, the author discusses his favorite sayings and idioms with their origins, along with a poem/prayer called "Family." There is obviously something for everyone in this entertaining collection of short stories.
