Pubs and Inns of England and Wales David Hancock, 2006 Fresh, accurate, and lively write-ups paint an honest picture of more than 550 pubs and inns throughout England and Wales. The range is wide, from little-changed authentic locals to stylish gastropubs. With these specially chosen and inspected accommodations, never be stuck in a grim, swirly-carpeted, jukebox-rattled corner again. Clear symbols and indexes show where children and pets are welcome, where there's a wide choice of beers and wines, and where you can find locally-sourced food, good gardens, great walks, or open fires.

The Paleo Slow Cooker Arsy Vartanian, 2013-03-06 The Paleo Slow Cooker is Whole30 recommended and approved. Note:

This is a revised and updated edition. The Paleodiet has been the latest health movement, taking the low carb diet a step further by eliminating grains and legumes and eating only lean, grass-fed meat. In short they consume only what was available to ancient humans or cavemen. The theory says that by eating what human bodies were designed to eat, people will be healthier, have fewer illnesses and lose weight. In many cases, Paleo diet consumers are also fueling their P90X or Cross Fit exercise routines, the two most popular fitness regimes in the country. The health benefits have been supported by major studies. This is a popular trend much like the low carb diet. It is combined with the great bookselling topic of slow cooking. While the cavemen didn't have slow cookers, they certainly used slow cooking techniques over fires which make the meals in this book one step closer to the origins and theory behind the diet. The delicious dishes are as homey as they are healthy€”and ready when you are.
