

Minister For Silly Walks

Graham Chapman, John Cleese, Terry Gilliam, Terry Jones, Michael Palin

The Complete Monty Python's Flying Circus Monty Python, Graham Chapman, Eric Idle, Terry Gilliam, Terry Jones, 1989-11-12 ***ALMOST CERTAINLY NOMINATED FOR SOMETHING SOMEWHERE*** The complete scripts from the four Monty Python series, first shown on BBC television between 1969 and 1974, have been collected in two companion volumes. Characters' names, often not spoken, are given as in the original scripts, along with the names of the actual performer added on their first appearance in each sketch. This first volume contains twenty-three classic episodes, featuring some of the most entertaining writing to have gone into television anywhere. The minister of silly walks, the dead parrot, banter in a cheese shop - here is every silly, satirical skit, every snide insult, every saucy aside.

Monty Python's Flying Circus Darl Larsen, 2008-06-13 In 1969, the BBC aired the first episode of a new comedy series titled Monty Python's Flying Circus, and the rest, as they say, is history. An instant success, the show ran until 1974, producing a total of 45 episodes. Despite the show's very English humor and allusions to many things British, the series developed a cult following outside the U.K., particularly in the United States. Known for its outrageous humor, occasionally controversial content, and often silly spirit, Monty Python's Flying Circus poked fun at nearly all institutions—domestic or foreign, grand or intimate, sacred or not. Indeed, many of the allusions and references in the program were uniquely British and routinely obscure, and therefore, not always understood or even noticed outside the British Isles. This exhaustive reference identifies and explains the plethora of cultural, historical, and topical allusions of this landmark series. In this resource, virtually every allusion and reference that appeared in an episode—whether stated by a character, depicted in the mise-en-scene, or mentioned in the printed scripts—is identified and explained. Organized chronologically by episode, each entry is listed alphabetically, indicates what sketch it appeared in, and is cross-referenced between episodes. Entries cover literary and metaphoric allusions, symbolisms, names, peoples, and places; as well as the myriad social, cultural, and historical elements (photos, songs, slogans, caricatures) that populate and inform these episodes. Entries Include: ·Arabella Plunkett ·Group of famous characters from famous paintings ·Hell's Grannies ·HRH The Dummy Princess Margaret ·Kandinsky ·On the Dad's Liver Bachelors at Large ·Raymond Baxter type ·Scun ·Spanish Inquisition ·Third Parachute Brigade Amateur Dramatic Society ·total cashectomy ·Two-Sheds ·Umbonga's hostile opening ·Vicar sitting thin and unhappy in a pot ·What's all this then?

Warfare State David Edgerton, 2005-12-08 A challenge to the central theme of the existing histories of twentieth-century Britain, that the British state was a welfare state, this book argues that it was also a warfare state, which supported a powerful armaments industry. This insight implies major revisions to our understanding of twentieth-century British history, from appeasement, to wartime industrial and economic policy, and the place of science and technology in government. David Edgerton also shows how British intellectuals came to think of the state in terms of welfare and decline, and includes a devastating analysis of C. P. Snow's two cultures. This groundbreaking book offers a new, post-welfarist and post-declinst, account of Britain, and an original analysis of the relations of science, technology, industry and the military. It will be essential reading for those working on the history and historiography of twentieth-century Britain, the historical sociology of war and the history of science and technology.

British TV Comedies Juergen Kamm, Birgit Neumann, 2016-01-26 This collection offers an overview of British TV comedies, ranging from the beginnings of sitcoms in the 1950s to the current boom of 'Britcoms'. It provides in-depth analyses of major comedies, systematically addressing their generic properties, filmic history, humour politics and cultural impact.

Intellectual Property and Sports Martin Senftleben, Joost Poort, Mireille van Eechoud, Stef van Gompel, Natalie Helberger, 2021-09-02 Renowned intellectual property law expert Bernt Hugenholtz once warned, chiding the voracity of copyright, that reducing the subject matter test to mere originality and personal stamp might lead to 'infinite expansion of the concept of the work of authorship. Anything touched by human hand, including for instance sports performances, would be deemed a work'. Indeed, the applicability of copyright law on sports events and players' moves is one of the many topics discussed in this volume, which spans issues from those related to players and their performances and achievements, via those relevant to sports event organisers and clubs, to questions concerning event reporting and data and the growing role of AI technologies in sports. Well-known authorities in intellectual property law speculate on the nexus of sports and intellectual property in its widest sense, elucidating such aspects as the following: neighbouring rights for organisers of sports events; ethnic and cultural references in team and league branding; legality of reselling event tickets; use of artificial intelligence in refereeing; related rights protection of images; e-sports and fantasy leagues; and sports celebrities and character merchandising. There are also several intriguing comparative chapters on intellectual property aspects in such parallel domains as body art, movement, carnivals, choreography, and chess. Both profound and entertaining, this unique volume will be appreciated by practitioners, jurists, and academics interested in intellectual property rights as well as in sports law.

A Lithgow Palooza! John Lithgow, 2004-04-06 What's a palooza? An activity that keeps kids from uttering those terrifying words, I'm bored! You may know John Lithgow as star of stage, screen, and television or even as a bestselling children's book author. But his most important role -- parent -- was also the most fun. Whether building cardboard castles or putting on a

King and I puppet show or conducting a treasure hunt in the National Gallery of Art, John has spent years perfecting the art of the palooza. A palooza is easy to do! • A palooza doesn't cost much (some cost absolutely nothing) • A palooza is instigated or organized by parents but is quickly taken over by children • A palooza may involve a computer but never the TV • A palooza may use all varieties of arts and crafts • A palooza may secretly teach children (and parents!) a thing or two • A palooza is entertaining for the entire family • A palooza depends entirely on the inexhaustible creativity, ingenuity, imagination, and sense of fun of young minds This book contains 101 ideas for creating paloozas for children ages 3 to 12 wherever you are. Grouped according to interests and themes -- like art, drama, music, vacations, and birthdays -- and incorporating lots of extrapaloozas, fun facts for parent and child, and suggested additional reading for all ages, John's paloozas range from adopting your own soup can for a day to inventing your own secret language to establishing left-handed day or creating a self-portrait. A Lithgow Palooza! is an utterly unique collection of original activities guaranteed to transform any household from bored to bubbling with fun.

Parliamentary Debates (Hansard) New Zealand. Parliament. House of Representatives,1984

A Novel Approach To Politics: Introducing Political Science Through Books, Movies, and Popular Culture Douglas A Van Belle,Kenneth M Mash,2006-11-01 What if we told you that a textbook could be funny and irreverent utilizing popular books, movies, music, and television shows to introduce political science concepts? This novel approach to explaining our need for government and the intrigue of politics is a reality. Van Belle and Mash do not compromise on the content you want and need, nor do they stint on real-world political examples throughout the book. The basics and the depth are all here. The added innovation?to hook students through the popular culture theyre already plugged into. Simply put, you will never hear complaints that this is a typical or boring textbook. From references to 1984 and Lord of the Flies to mentions of The Matrix and A Clockwork Orange youll be surprised by how the core concepts of political scienceinstitutions, ideology, economics, elections, culture, national politics, and international relationsare interwoven with a highly entertaining discussion of popular culture.

The Encyclopedia of World Facts and Dates Gorton Carruth,1993 A one-volume reference listing more than 50,000 significant facts, dates, and events from politics, the arts, the economy, exploration, religion, philosophy, science, human rights, sports, social issues, and more. The information is arranged by timespans so all information is given in its complete historical context. Includes extensive and detailed alphabetical index with proper names, places, and topics.

Walk Ways Stuart Horodner, 2002 The agency of pedestrianism in the realm of civic creativity has become a major tool for contemporary art, particularly since the 60s. Walk Ways explores this theme of walking as an action and a metaphor. From Eleanor Antin, Janine Antoni, Janet Cardiff and Hamish Fulton to Martin Kersels, Nancy Spero, Richard Wentworth and others, the artists in Walk Ways consider walking as a purposeful or meandering activity that unites bodily and mental freedom, and the walk as a means of commenting on human agency, politics, geography and history.
