Secret Languages of Afghanistan and Their Speakers Jadwiga Pstrusińska, 2014-07-18 This is a study of an almost inaccessible area of the intricate linguistic fabric of Afghanistan – namely, its secret codes of communication. The text draws on a profound knowledge of Afghanistan and neighbouring regions, as well as the cultural and sociolinguistic processes at work across Eurasia. The author situates these sociolinguistic matters within the appropriate diachronic and comparative background, and traces the numerous threads which connect them to areas both close to and distant from Afghanistan. The book will be of great interest to scholars from a wide range of disciplines, including, but extending beyond, the realms of linguistics, cultural history, and sociology. It will also be of practical value in many areas, notably with regards to military and political issues, as well as humanitarian aid.

Language Policy and Language Conflict in Afghanistan and Its Neighbors Harold Schiffman, 2011-12-09 The book was co-edited by Brian Spooner, Professor of Anthropology at the University of Pennsylvania. Language policy in Central Asia, Afghanistan and the immediately surrounding neighboring countries has a long and varied history. The Iranian revolution of 1978, the collapse of the Soviet Union in 1991, and the ongoing conflict in Afghanistan since 2001 have left the area in a state of flux. This volume gives a better picture about what is official and explicit, what is not official but implicit or general practice, and what the likely future developments might be. It is very clear that multilingualism, whether it involves Persian, Russian or English in addition to other languages, not only has long been a part of the scene, but will probably continue to be so.

A Concise History of Afghanistan in 25 Volumes Hamid Wahed Alikuzai, 2013-10-10 Afghanistan Literature is Worlds greatest and richest without Afghan- Literature no European (German, French, Spanish or English) Literature would exist today The Vedas, Zoroastrian, and Buddhist, among the oldest known Literature of Afghanistan, originating from the Great capital of Bactria present day Balkh, and Aria present day Herat, Sanskrit is the reference to the original history of Afghanistan. The Saxon Europeans influence during the Great Games of the mid nineteenth century affected the Afghan language, religion and Territories size, which previously had extended from India to North Africa at 2.6 million square kilometers. The Great Games continued at any cost evolving into present-day conflicts of 2013.

The Hazaras of Afghanistan S. A. Mousavi, 2018-10-24 Study of the second largest but least well-known ethnic group in

Afghanistan that also confronts the taboo subject of Afghan national identity. Largely Farsi-speaking Shi'ias, the Hazaras traditionally inhabited central Afghanistan, but because of the war are now widely scattered.

Modern Persian Literature in Afghanistan Wali Ahmadi, 2008-03-05 This book charts the development of Afghan literature in the modern era, covering both poetry and prose, and relating it to social, economic and political change in that country. Winner of the Iranian World Prize for Book of the Year in Islamic Studies 2009 The literary history of Afghanistan in the 20th century has received little attention so far. The process of transmission and reception of modernity itself is one of the many lacunae in our knowledge of the cultural setting in Afghanistan. Wali Ahmadi's account of the development of modern Persian literature stands as a first, noteworthy step towards rectifying this situation. In his citation-laden introduction he makes it clear that he considers the dissemination of modernity in Afghanistan to have been at once a selective and an active process... This book provides a useful introduction to and a selective overview of the literary history of Afghanistan in the 20th century... Wali Ahmadi is to be commended for dedicating himself to this complex task. - Christine Noelle-Karimi; *Middle Eastern Literatures: incorporating Edebiyat*, 13:1, 117-119 (2011).
