Colored Water Solon Phillips JD/MBA, 2015-09-25 Solon Phillips, JD/MBA, has a unique, yet powerful and convincing writing style. He uses his research and legal writing skills learned as a member of Law Review to write a riveting book that captures all aspects of marriage and divorce. In this book, Solon makes compelling arguments in a subtle yet convincing way, to spouses, state legislators, pastors, and therapists. It will be interesting to see how the world receives the truths and arguments presented in this powerful book. As a therapist, it is essential that all mental health professionals read *Colored Water*. Not only will it enrich your personal life, but it will elevate you to a better mental health professional.---Terrance Woodbury, MSW This book is a ministry! Not only to the married and unmarried, but to pastors and elders as well. A must read, especially for all church leaders.---Pastor Melvyn Hayden III This book will make you laugh, cry, think, and at times cry out the name of Jesus! The truths written in this book is nothing short of astonishing. *Colored Water* is what the world needs today.--Anita Hill, Journalist Traditional values and morals continue to erode. Divorce, adultery, children out of wedlock have all become normal and acceptable. But God did not design it to be this way. Solon Phillips takes a hard look at these issues in this book. Hopefully readers will be guided in the right direction after reading *Colored Water*. -Daryl F. Mallett, Founder of Malachi 2:16 Marriage Ministries.

The Parent Survival Guide Theresa Kellam, 2011-02-14 When parents turn to the parenting/self-help section of their local bookstore, they are looking for both practical guidance and a childrearing philosophy that resonates with them - an approach they can relate to and be comfortable implementing in their own household. In *The Parent Survival Guide: From Chaos to Harmony in Ten Weeks or Less*, Theresa Kellam presents a way to strengthen the relationship with the child that simultaneously promotes the parent's own emotional healing and wellness. Grounded in a research-supported therapeutic technique that uses structured play time as the catalyst for interpersonal connection and growth, Kellam's model is subtle in its simplicity. Through a series of guided exercises, Kellam gives parents the skills they need to begin to set aside special

playtimes with their children, during which the most important part of the process is simply being there in a way that promotes healing, growth, and communication. The beauty of this approach is that in only 30 minutes, once a week, the results can be seen in only a few weeks. Features of the book include: Parent Survival Tip at the start of each chapter Original cartoon illustrations bring text to life Short but insightful workseet questions bring focus to the program The Parent Survival Guide is structured over a series of 10 chapters, which can be read in conjunction with the 10-sessions of the CPRT workshops for those parents enrolled in a formal filial training program. But the material in the book is designed to be read and implemented by anyone. The author is not only a licensed psychologist and filial therapist, but she has also gone through the program with her own son and continues to rely on its principles within her family.

From the Master's Hand to Mine Kathy M. Crouch,2022-04-14 Have you ever considered the fact that a prayer is an actual conversation with God? Do you hear God's voice? Do you expect answers when you pray? As you read *From the Master's Hand to Mine*, you will hear God's voice through the scriptures ninety-three times in twenty-two conversations. As God speaks to us, we must learn how to be still and know that he is God--the verse that inspired this entire project. Go on this journey with Kathy as she brings her concerns to God, and see how she learns to hear his voice through all of the noise and distractions. Whether this book is used as a personal Bible study tool, small group study, or as a Sunday school curriculum, there may be a conversation tucked neatly inside that will touch someone's life and will show how easy it is to hear God's voice--even if it is almost silent. May God reveal himself in a mighty way through the pages of this book. He may speak as thunder or whisper in your ear, but how you choose to listen will determine what you hear.

Becoming Yourself Alison Miller,2018-05-11 In contrast to the author's previous book, *Healing the Unimaginable: Treating Ritual Abuse and Mind Control*, which was for therapists, this book is designed for survivors of these abuses. It takes the survivor systematically through understanding the abuses and how his or her symptoms may be consequences of these abuses, and gives practical advice regarding how a survivor can achieve stability and manage the life issues with which

he or she may have difficulty. The book also teaches the survivor how to work with his or her complex personality system and with the traumatic memories, to heal the wounds created by the abuse. A unique feature of this book is that it addresses the reader as if he or she is dissociative, and directs some information and exercises towards the internal leaders of the personality system, teaching them how to build a cooperative and healing inner community within which information is shared, each part's needs are met, and traumatic memories can be worked through successfully.

Be Afraid Joseph Haward, 2018-09-25 You would usually imagine blood-sucking vampires and crucifix-holding priests in a fight to the death, but professional holy man Reverend Joe Haward believes horror can show us how to truly live. Could it be that horror, combined with faith, has the power to transform the world for the better? In this controversial book you are invited to discover how flesh-eating zombies, ghosts, and Jesus have the potential to turn the world upside down and create beautiful communities of peace. From Hannibal Lecter showing us the power of forgiveness, to Stephen King's IT revealing why authentic speech might change your life forever, this book will take you into the heart of terror, and lead you into a brave new world. Be afraid, because you might never be the same again.

Baby Boomer Lamentations Lewis Tagliaferre, 2013-05 Today there are approximately seventy-six million Americans who were born in the years from 1946 to 1965 the baby boomers. In their youth they thrived, voting for a number of entitlements based on assumptions of economic growth that no longer applies. Now, as baby boomers continue aging, they must face a number of potentially disheartening realities. From caring for ailing parents to funding their retirement to facing death, many issues weigh too heavily upon the minds of the baby boomer generation to allow for a peaceful, productive second half of life. What's more, many of the spiritual belief systems passed down for so many generations no longer provide the comfort or support people need in order to face the challenges of the later half of life. The people need something new. In this second edition of Baby Boomer Lamentations, author and self-proclaimed religious philosopher Lewis Tagliaferre explores the concept of Theofatalism and addresses the rising spiritual concerns of the baby boomers, offering a new outlook to help readers make the inevitable transitions through the later years of life.

Conscience in Recovery from Alcohol Addiction Yordan Kalev Zhekov, 2013-02-01 Academic research in alcohol addiction presents diverse results and subject inadequacies. This study identifies conscience and its influence through spirituality on successful recovery as promoting unity and adequacy in the field. The purpose of the study is to analyze the relationship between conscience, spirituality, and recovery from alcohol addiction. This threefold framework underlines the conceptual importance of cognition, affect, behavior, spirituality, and character in addiction studies. Narrative analysis (NA) is employed for designing the present research. It is utilized for collection, examination, and formulation of the results derived from the participants' stories. Semi-structured interviews are used within the NA framework to provide the data from

the twelve participants. The latter are selected as a homogeneous group based on characteristics of their addiction, spirituality, and recovery. The analysis of narratives defines conscience with its cognitive, emotive, and conative elements as related to spirituality. The conscience's nature and functioning undergo deterioration during addiction and complete rejuvenation through participants' spiritual transformation of a transcendent divine experience. Spiritually empowered conscience supports progressive recovery from alcohol addiction. The conscientious approach to self, life, and others is shaped by virtue and spiritual commitment.

Browning as a Philosophical and Religious Teacher Sir Henry Jones, 1896 The purpose of this book is to deal with Browning, not simply as a poet, but rather as the exponent of a system of ideas on moral & religious subjects, which may fairly be called a philosophy. Mr. Jones is conscious that it is a wrong to a poet to neglect, or even to subordinate, the artistic aspect of his work. At least, it would be a wrong if our final judgment on his poetry were to be determined on such a method.
