George Milbry Gould

Body Piercing and Tattoos Hester Furey,2015-03-05 Body piercing and tattoos have become a popular way for individuals to express themselves. Give readers something to think about as they may be considering self expression in these ways. Readers will evaluate the real meanings behind getting tattoos and piercings, what risks are involved, and how to avoid making mistakes in efforts to be trendy. Essay sources include the U.S. Food and Drug Administration, Reef Karim, Silvia Cardona-Tapia, and Rebecca Lawrence.

Loud in the House of Myself Stacy Pershall,2011-01-31 “An utterly unique journey down some of the mind’s more mysterious byways . . . ranges from the shocking to the simply lovely.”—Marya Hornbacher Stacy Pershall grew up as an overly intelligent, depressed, deeply strange girl in Prairie Grove, Arkansas, population 1,000. From her days as a thirteen-year-old Jesus freak through her eventual diagnosis of bipolar disorder and borderline personality disorder, this spirited memoir chronicles Pershall’s journey through hell and her struggle with the mental health care system.

Hustlers and Seekers: How to Crush It and Find Fulfillment—Without Losing Your Mind Tommy

Baker,2021-10-26 In the world of personal growth, you're told to pick a side: be a hard-charging, type A ambitious hustler or a grounded, spiritually inclined seeker—but what if that's wrong? If you've ever felt stuck trying to find that sweet spot between a Hustler's work ethic and a Seeker's focus on self-care and fulfillment—you're not alone. If you're hustling, you're not seeking, and if you're seeking, you're not hustling. We're told it isn't possible to chase our dreams while achieving the peace we crave. But, that's a lie. Discover the life-changing truth in this dynamic guide from Tommy Baker designed to help you: Merge 'doing' and 'being' in life and business Know exactly when to step on the gas or let go Be grateful for what you have while wanting more Best of all, you'll avoid the perils of too much hustle leading to a "never enough" mentality—or too much seeking that results in regurgitating principles of an actualized life...with little results. Written with eye-opening candor by the host of the popular podcast, Resist Average Academy, Hustlers & Seekers reveals the key to achieving mind-blowing progress and fulfillment comes from knowing when to charge ahead, and when to step back—not with "balance." You'll learn to operate in cyclical seasons—sometimes a hustler, sometimes a seeker—allowing you to go all-out, and find downtime to incubate future dreams. Hustlers & Seekers will open your eyes to a new way of approaching life and work without FOMO or thinking everyone has it figured out...except you.

Aging in Spirit Karen Kaigler-Walker,2023-03-14 Does God expect women who've lived faithfully most or all our lives to continue to grow in Christ as we age into our later decades? Absolutely! Not only does God want us to keep on maturing, but God provides the path to spiritual growth. God hardwired us to blossom into a new realm of spirituality as we age. Aging in Spirit provides a blueprint for developing the type of greater love, compassion, understanding, and acceptance that Jesus taught as we move into our elder years so we can continue to be the hands and feet of God until the end of our lives.

Tattoos from Paradise Mark A. Blackburn,1999 Traditional tattooing designs are depicted from the exotic Polynesian cultures of Easter Island, Hawaii, New Zealand, Samoa, Tahiti and Tonga. The process and ceremonies involved in tattooing are described and illustrated by Blackburn.

Hating Women Shmuley Boteach,2009-10-13 From the author of the internationally bestselling *Kosher Sex*. A wake-up call about the growing trend of misogyny in our culture-as evidenced by the flood of reality TV shows, ads, and lyrics that portray women as brainless bimbos, or worse Shmuley Boteach, the social commentator and outspoken relationship guru, shares his grave concerns about our society's growing contempt for women. Turn on the television: Reality TV shows such as *The Bachelor*, *For Love or Money*, and *Average Joe* boost their ratings by showing attractive women in competition for one man, one man's money, or both. On a quest for true love, these women quickly devolve into a pit of vipers-and millions of Americans tune in each week for more. During commercial breaks, women are objectified to sell beer, cars, and every other

product under the sun. Flip on the radio: Women are bitches, hos, and gold diggers, at least if you listen to the rap lyrics pumping out into our mass consciousness. And female pop stars like Britney and Madonna, says Boteach, have pushed the envelope past provocative and into the downright pornographic. 'Tween girls across the country follow their lead, and standards for how women should be treated plummet. Perhaps one of the most troubling aspects of this trend, he says, is women's complicity in their own degradation. Either they've become resigned to base stereotypes, or worse, they've bought into these mass market values (hence the deluge of shows like *The Swan* and *Extreme Makeover*, on which female contestants insist they need a new nose, teeth, or boobs to feel a positive sense of self-esteem). There are strong consequences, writes Boteach, in a world where men have no respect for women and women have no respect for themselves. Greedy gold diggers, brainless bimbos, publicity prostitutes, and backstabbing bitches-are these the stereotypes we want our sons and daughters bombarded by as they grow up? *Hating Women* offers a vision of how we can correct this downward spiral-along with a strong argument for why we absolutely must.

Constructions of Deviance Patricia A. Adler, Peter Adler, 1997 By including both theoretical analyses and ethnographic illustrations of how deviance is socially constructed, organized and managed, the Adlers text shows students how the concepts and theories of deviance are applied to the world around them. Representing a wide variety of deviant acts, the Adlers text challenges one to see the diversity and pervasiveness of deviance in society. The Adlers look at deviance as a component of society and examine the construction of deviance in terms of differential social power, whereby some members of society have the power to define other whole groups as deviant.
