**Quotes to Live by . . .** Marni S. Feldman,2015-12-02 To say the least, they mentioned, With all your quotes, you should write a book. I thought to myself, That is a wonderful idea, and they just poured out of me. I compiled them one by one, hour by hour, day by day, year by year, into one book. As I love quotes and sayings and clichs on anything. I love little hardback books, softback pocket guides, and so on. Im drawn to quotes, and I know people are as they live by them: day by day!

However, I then decided to break them down by category, by mood, by feeling, and by emotion, and they became chapters in the book: Inspirational, General, Spiritual, etc. For fun, I wanted to create some T-shirts, as I love baby tees. I love tissue cotton tees. I love characters and sayings on tees. I was going to make them with some simple sayings, but they took on lives of their own. The tees are pieces of artwork, such as the chapters in the books. I am drawn to them, and I know people are too, so that is why combining them, I feel, is such a neat way to express this unique concept. And that is how Quotes to Live By books (by Think Again!) and Quotes tees (by luminous) were born. It's a timeless era. It's a lifestyle. It's a way of life. They are quotes to live by, so think again. Remember the Quotes, and always be luminous. Yours truly, Marni Enterprises, LLC

Balancing the Big Stuff Miriam Liss, Holly H. Schiffrin, 2014-08-07 While the current conversation about work-family balance and “having it all” tends to focus on women, both men and women are harmed when conditions make it impossible to balance meaningful work with family life. Yet, both will benefit from re-evaluating what it means to have it all and fighting for changes in their relationships and society to make greater equality possible. Here, Miriam Liss and Holly Hollomon Schiffrin discuss the ways in which we all define “having it all” and how we can obtain it for ourselves through a better evaluation of what we want from ourselves, our families, our jobs, and each other. Determining a 50/50 division of labor around the house may not be the thing that works for everyone. Working from home or not at all may not be the thing to bring us satisfaction, but learning what studies show and how to feel balanced and make those decisions to bring balance is crucial. The authors argue that people can find balance in their roles by doing things in moderation. Although being engaged in both parenting and work is good for well-being, people can avoid the pitfalls of over-parenting and over-working. They show that balance can come from a meaningful consideration of what happiness and contentedness mean to us as individuals, and how best to achieve our goals within the limitations of our current circumstances. They illustrate that balance is not simply an individual problem. Social issues such as the lack of parental leave, flexible work schedules, and affordable, high quality child care make balance difficult. With attention now on the issue, they argue that it’s time men and women advocate for better services and better opportunities to achieve balance, happiness, and success in all their roles.
