

Quotes On Double Standards

John Percival Jones

New Perspectives on Domestic Violence: From Research to Intervention Luca Rollè, Shulamit Ramon, Piera Brustia, 2019-06-19

The Optional Standard John Percival Jones, 1876

Big Government and Affirmative Action Jonathan Bean, 2021-10-21 David Stockman, Ronald Reagan's budget director, proclaimed the Small Business Administration a billion-dollar waste—a rathole, and set out to abolish the agency. His scathing critique was but the latest attack on an agency better known as the Small Scandal Administration. Loans to criminals, government contracts for minority fronts, the classification of American Motors as a small business, Whitewater, and other scandals—the Small Business Administration has lurched from one embarrassment to another. Despite the scandals and the policy failures, the SBA thrives and small business remains a sacred cow in American politics. Part of this sacredness comes from the agency's longstanding record of pioneering affirmative action. Jonathan Bean reveals that even before the Civil Rights Act of 1964, the SBA promoted African American businesses, encouraged the hiring of minorities, and monitored the employment practices of loan recipients. Under Nixon, the agency expanded racial preferences. During the Reagan administration, politicians wrapped themselves in the mantle of minority enterprise even as they denounced quotas elsewhere. Created by Congress in 1953, the SBA does not conform to traditional interpretations of interest-group democracy. Even though the public—and Congress—favors small enterprise, there has never been a unified group of small business owners requesting the government's help. Indeed, the SBA often has failed to address the real problems of Mom and Pop shop owners, fueling the ongoing debate about the agency's viability.

New standard dictionary Florence May Hopkins, 1919

The Python Standard Library by Example Doug Hellmann, 2011-06-01 “Hellmann’s writing has become an indispensable resource for me and many others as it fills a critical gap in Python Documentation with examples.” — Jesse Noller, Python Core Developer and PSF Board Member Master the Powerful Python Standard Library through Real Code Examples The Python Standard Library contains hundreds of modules for interacting with the operating system, interpreter, and Internet—all extensively tested and ready to jump-start your application development. The Python Standard Library by Example introduces virtually every important area of the Python 2.7 library through concise, stand-alone source code/output

examples, designed for easy learning and reuse. Building on his popular Python Module of the Week blog series, author and Python expert Doug Hellmann focuses on “showing” not “telling.” He explains code behavior through downloadable examples that fully demonstrate each feature. You’ll find practical code for working with text, data types, algorithms, math, file systems, networking, the Internet, XML, email, cryptography, concurrency, runtime and language services, and much more. Each section fully covers one module, and links to valuable additional resources, making this book an ideal tutorial and reference. Coverage includes Manipulating text with string, textwrap, re, and difflib Implementing data structures: collections, array, queue, struct, copy, and more Reading, writing, and manipulating files and directories Regular expression pattern matching Exchanging data and providing for persistence Archiving and data compression Managing processes and threads Using application “building blocks”: parsing command-line options, prompting for passwords, scheduling events, and logging Testing, debugging, and compilation Controlling runtime configuration Using module and package utilities If you’re new to Python, this book will quickly give you access to a whole new world of functionality. If you’ve worked with Python before, you’ll discover new, powerful solutions and better ways to use the modules you’ve already tried.

Total Materials Management Eugene L. Magad,2013-06-29 Reflecting the enhance role of materials/logistics management in today's competitive business environment, this new edition provides a fundamental understanding of the subject and its fuction in all sectors of the economy. It examines the vital area of customer service and shows how to implement a world class, integrated materials/logistics system that control activities starting with the supplier, through the company operation, and concluding with the satisfied customer. Thoroughly revised and updated, the Second Edition features new chapters on Just-In-Time and automation. Additional discussions include achieving world class competitiveness, ISO 9000 and organizational trends. Theoretical and practical examples of materials/logistics management are integrated with numerous real-life examples. This Second Edition of Total Materials Management presents accessible approaches for enhancing materials management/logistics, enabling personnel in purchasing, warehousing, physical distribution, materials handling, inventory control and production control to capitalize on vast opportunities for savings. This book is also an important resource for students in courses on materials/logistics management.

Isaiah's Political Message Olof Bäckersten,2008 Scholars have traditionally identified two fundamental, and somewhat separate, discourses in Isaiah 1-39. In what might be labelled the social-critical discourse, we supposedly encounter a prophet who condemns the Jerusalemite elite for their complacent attitudes and decadent life-style in general, and for their more or less systematic oppression of the less fortunate in particular. This lack of social justice, Isaiah emphasises, will indeed be punished by YHWH. In the discourse that might preferably be labelled foreign-political, scholars have found that the prophet repeatedly discourages Judahite participation in anti-Assyrian rebellions, since such strategies are offensive to YHWH and their plans will therefore come to nothing. Olof Backersten presents an attempt to question the existence of a social-critical discourse in Isaiah 1-39. He argues that the texts that have been proffered as proofs for such a discourse relate instead, with surprisingly few although notable exceptions, to the critique of Judah's anti-Assyrian policy. The result of this investigation has implications for our understanding of the book of Isaiah as a whole. A social-critical emphasis can only be detected in Isaiah 1 and Isaiah 56-66, whereas Isaiah 2-39(55) provides variations on a foreign-political theme in the sense that the focus falls on the relationship between nations in general and Judah's position on the international arena in particular.
