Purification in the Prophecy. the Purgatory Hernán Afanador-Kafuri,2014-01-28 The work of Dr. Argimiro Ruano on Escathology truly impacted me. And when I read his Cuadernos de Teologa Pastoral / Notebooks about Pastoral Theology, I decided to base my doctoral thesis on them, especially on the topic of Biblical Escathology, which has caught the attention and attracted the interest of readers not only of Christian readers, but of everyone who seek knowledge about the hereafter, about what takes place after death. In accordance with Robero Fernndez Valladares, Professor at the University of Puerto Rico, this work is essential to learn the theological and biblical foundation regarding Purgatory as well as Martin Luthers thoughts about this doctrine. Dr. Fernndez also states: The analysis of faith and of purification by faith is one of the best parts of the book, above all the explanation of these two principles: believing to have been justified is not to be justified and faith does not justify, but the grace that comes from faith []. This is a fundamental book for every believer as well as for pastoral leaders in our communities (El Visitante de Puerto Rico / Puerto Ricos Visitor, Oct. 19, 1991, p. 19).

Mythology for Storytellers Howard J Sherman,2014-12-18 Illustrated in full color throughout, this delightful collection puts the riches of world mythology at the fingertips of students and storytellers alike. It is a treasury of favorite and little-known tales from Africa, Asia, Europe, the Americas, Australia, and Oceania, gracefully retold and accompanied by fascinating, detailed information on their historic and cultural backgrounds. The introduction provides an informative

overview of mythology, its purpose in world cultures, and myth in contemporary society and popular culture. Mythic themes are defined and the often-misunderstood difference between myth and legend explained. Following this, the main sections of the book are arranged thematically, covering The Creation, Death and Rebirth, Myths of Origins, Myths of the Gods, and Myths of Heroes. Each section begins by comparing its theme cross-culturally, explaining similarities and differences in the mythic narratives. Myths from diverse cultures are then presented, introduced, and retold in a highly readable fashion. A bibliography follows each retelling so readers can find more information on the culture, myth, and deities. Character, geographical, and general indexes round out this volume, and a master bibliography facilitates research. For students, storytellers, or anyone interested in the wealth of world mythology, *Mythology: Stories and Themes from Around the World* provides answers to common research questions, sources for myths, and stories that will delight, inform, and captivate.
