(Free Sample) 51 Philosophical Essays for UPSC/ State PSC Civil Services & Other Competitive Exams Ajit

Kumar Jha, 2022-06-23 The IAS Mains 2021 candidates were in for a surprise last year when all the topics in the Essay paper were philosophical statements. Earlier, there used to be at the most one or two topics that were philosophical statement-based. 51 Philosophical Essays is an outcome of the critical situation described above and has been prepared after a lot of team research. With a clear understanding of the philosophical topics, the relevant philosophers, the context, and the meaning of the statement, we believe, this book will serve the candidates best. It will equip them with the necessary themes

and the philosophical jargon(s) to crack the toughest nut they may be served with. The 51 Topics cover a wide range of themes from Eastern and Western philosophers to Rationalists, Empiricists, and Kant. While many topics are well known to the students especially if they are from a philosophical background, there are many others that are quite unheard of. A clear understanding of these statements will equip the candidates with sufficient arsenal to successfully ace the Civil Services Essay Paper. The book also provides a note on 'How to write a Philosophical Essay?'

The Routledge Handbook of Shakespeare and Global Appropriation Christy Desmet, Sujata Iyengar, Miriam Jacobson, 2019-08-28
The Routledge Handbook of Shakespeare and Global Appropriation brings together a variety of different voices to examine the ways that Shakespeare has been adapted and appropriated onto stage, screen, page, and a variety of digital formats. The thirty-nine chapters address topics such as trans- and intermedia performances; Shakespearean utopias and dystopias; the ethics of appropriation; and Shakespeare and global justice as guidance on how to approach the teaching of these topics. This collection brings into dialogue three very contemporary and relevant areas: the work of women and minority scholars; scholarship from developing countries; and innovative media renderings of Shakespeare. Each essay is clearly and accessibly written, but also draws on cutting edge research and theory. It includes

two alternative table of contents, offering different pathways through the book – one regional, the other by medium – which open the book up to both teaching and research. Offering an overview and history of Shakespearean appropriations, as well as discussing contemporary issues and debates in the field, this book is the ultimate guide to this vibrant topic. It will be of use to anyone researching or studying Shakespeare, adaptation, and global appropriation.
