

They Came From Within

Darryl Jones,Elizabeth McCarthy,Bernice M. Murphy

They Came from Another World Bruce Lee Minson,2010-05-14 In They Came from Another World a teenager searches for the truth about life and the universe. Cole Alan Turner, or Cat, is a driven explorer. A combination of curiosity and imagination fuels his love for adventure that, sometimes, gets him in awkward situations. One of Cat's teachers tells him about the hidden truths behind the Big Bang Theory, and how true science will never contradict the Word of God. The teacher's statement prompts Cat's pursuit for the truth, leading him and his friends down the Golden Pathway that will bring him to Eleeshaum, the God who created all. The journey has been filled with dangerous undertakings, but Cat and his friends manage to reach the end of their expedition, and find what they have been looking for. Bruce Minson of Jacksonville, Florida, has been married to his wife, Cheryl, for the past 34 years. They have five children and three grandchildren. Bruce and Cheryl have pastored two churches during that time and are still working in the ministry, helping at the Jacksonville Assembly of the Body of Christ. He has written many songs and blesses the church with his singing. He has been teaching guitar for 22 years and also repairs musical instruments.

Go Back to where You Came from Sasha Polakow-Suransky,2017 What if the new far right poses a graver threat to liberal democracy than jihadists or mass migration?From Europe to the United States and beyond, opportunistic politicians have exploited economic crisis, terrorist attacks and an influx of refugees to bring hateful and reactionary views from the margins of political discourse into the corridors of power. This climate has already helped propel Donald Trump to the White House, pushed Britain out of the European Union, and put Marine Le Pen within striking distance of the French presidency. Sasha Polakow-Suransky's on-the-ground reportage and interviews with the rising stars of the new right tell the story of how we got here, tracing the global rise of anti-immigration politics and the ruthlessly effective rebranding of Europe's new far right as defenders of Western liberal values. Go Back to Where You Came From is an indispensable account of why xenophobia went mainstream in countries known historically as defenders of human rights and models of tolerance.

It Came From the 1950s! Darryl Jones,Elizabeth McCarthy,Bernice M. Murphy,2011-10-04 An eclectic and insightful collection of essays predicated on the hypothesis that popular cultural documents provide unique insights into the concerns, anxieties and desires of their times. 1950s popular culture is analysed by leading scholars and critics such as Christopher Frayling, Mark Jancovich, Kim Newman and David J. Skal.

They Came from Within Caelum Vatnsdal, 2014 No horror film is truly mainstream, David Cronenberg has said, and it is for this reason that even the lowliest of them may be worth consideration. In this tenth anniversary revised and updated edition of *They Came From Within*, Caelum Vatnsdal adjusts the focus in Canadian horror films, and unwinds the history of this neglected genre to learn why we fear what we fear and how it came to be that way. From the early Canadian infiltration of Hollywood in the thirties, to the flowering of Canuck horror films in the sixties and seventies, to the surreal products of the tax-shelter eighties and beyond, Vatnsdal shows how the Canadian horror film industry has, unwittingly or not, created a complex social, economic, and political portrait of a nation. Engagingly written, extensively researched, and lavishly illustrated with rare stills and poster art, *They Came From Within* is an invaluable addition of Canadian film criticism.
