Zami: A New Spelling of My Name Audre Lorde, 2011-03-16 Zami: A Carriacou name for women who work together as friends and lovers "Zami is a fast-moving chronicle. From the author's vivid childhood memories in Harlem to her coming of age in the late 1950s, the nature of Audre Lorde's work is cyclical. It especially relates the linkage of women who have shaped her . . . Lorde brings into play her craft of lush description and characterization. It keeps unfolding page after page."—Off Our Backs "Among the elements that make the book so good are its personal honesty and lack of pretentiousness, characteristics that shine through the writing bespeaking the evolution of a strong and remarkable character."—The New York Times

"New" Exoticisms Isabel Santaolalla, 2000 All civilisations have both feared and been fascinated by what lies beyond their limits, and have to a greater or lesser extent construed their others as exotics. Given that, even in its most consumerist fashion, the adoption of the exotic goes back a long way, what, then --if anything-- is new in contemporary versions of exoticism? This volume attempts to offer some answers to this question. The first of its three sections serves as an extended introduction to the concept and practice of exoticism, considering the phenomenon from a number of theoretical and critical positions, explicitly examining --sometimes via significant examples-- the particular attributes of exoticism. The second and third sections are more strictly text-based, relying on the analysis of specific instances of film in the former and literature in the latter, in order to tease out some specific uses of the exotic --whether ethnic, gendered, sexual or other. This volume will be of interest to scholars and students working in the fields of representation, cultural theory, postcolonialism, gender, ethnicity, sexuality, cinema and literature.

Autobiographics Leigh Gilmore, 1994 In the first comprehensive feminist critique of autobiography as a genre, Leigh Gilmore incorporates writings that have not up to now been considered part of the autobiographical tradition. Offering subtle and perceptive readings of a wide variety of texts-- from the confessions of medieval mystics to contemporary works by Chicana and lesbian writers-- she identifies an innovative practice of autobiographics which covers the entire spectrum of women's self-representation.

Homemaking Catherine Wiley, Fiona R. Barnes, 1996 Twenty-nine collected essays represent a critical history of Shakespeare's play as text and as theater, beginning with Samuel Johnson in 1765, and ending with a review of the Royal Shakespeare Company production in 1991. The criticism centers on three aspects of the play: the love/friendship debate.

Tilling Sacred Grounds Phillis Isabella Sheppard, 2022-03-21 Tilling Sacred Grounds examines Black women's interiority and negotiation of race, gender, and sexuality in religious spaces and religious practices. Phillis Isabella Sheppard argues for the importance of the exchange between interiority and public spaces, and examines religion in cyberspace, art, ritual, and street ministry. She refigures the location of religious experience by retrieving Black women's interiority as religious space. Often excluded from Black religious studies, interiority is necessary for understanding Black women's complex and even unconscious relationship with religion. The book weaves a thread by stressing that interiority has subjective, intersubjective, conscious, unconscious, and relational dimensions formed in historical, and social contexts.

New Media in Black Women's Autobiography T. Curtis, 2015-03-04 Examining novelists, bloggers, and other creators of new media, this study focuses on autobiography by American black women since 1980, including Audre Lorde, Jill Nelson, and Janet Jackson. As Curtis argues, these women used embodiment as a strategy of drawing the audience into visceral identification with them and thus forestalling stereotypes.

Civil Rights in the United States Waldo E. Martin, Patricia Sullivan, 2000 This two-volume reference offers a fresh historical perspective that sees civil rights as evolving out of many, often diverse, sources and movements, including the Bill of Rights as well as critical developments such as the African-American civil rights movement of post-World War II in America. Presenting theory as well as the historical realities, editors Martin (history, U. of California) and Sullivan (W.E.B. Du Bois Institute, Harvard U.) treat both the upside and the downside of the theory and practice of civil rights in the U.S. since the founding of the nation. The individual and group-based biographical entries, along with other accounts and discussions, seek to capture the diverse and various tributaries that have flowed into and out of the mighty river of civil rights. In particular, they shift the discussion to include the struggles of other peoples of color as well as of other marginalized groups such as women, lesbians and gays, immigrants, and the differently abled, thus showing that the struggle for civil rights is at the very center of the American experience. Contains many b&w photographs. Annotation copyrighted by Book News, Inc., Portland, OR.
