How to Experience Safe and Fulfilling Astral Projection Richard Armand,2018-11-23 The astral projection is a

unique way of living great adventures without moving from your bed (or your chair)...This phenomenon is known as astral travel, but it doesn't imply any movement in the physical sense of the word. In fact, the astral projection (or astral travel) is a temporary separation of your astral body from your physical body. It is a transfer from a physical plane to an astral plane. But WHO travels, if it's not the physical body? Let's take a look at the subtle composition of a human being: just like the universe is made up of different planes, or levels (the physical plane, the astral plane, etc.), every human being is made up of several bodies that form a layered structure. Different layers surround the physical body in the following order: - the physical body- the etheric body- the astral body- the mental body- the causal body- the Buddhist body (or supra mental)- the divine body (or atmic body) When we make the decision to astral project, it is of course the astral body that travels alone, leaving the physical body behind. This is why the phenomenon is also known as out of body experience. You might want to know that the astral entities that you come across during your journey are not auras, as some people think: they are the astral bodies of different (living or deceased) beings. They can be human beings or animals for that matter.***Do you find this intriguing but also a little worrying? Well, you are not the only one. I don't think any astral traveler could claim they never felt the slightest apprehension...***The first fear everyone faces is not being able to return to one's physical body. Making bad encounters is also a major concern to most people. Although in theory accidents may happen, this book will show you that in reality, if you follow the proper techniques, it is impossible for these unwanted events to occur during your astral projection. If you feel an apprehension, don't try to deny it: it's a natural reaction. But mastering a few safe techniques will make the fear disappear, just as naturally as it appeared. The purpose of this book is to teach you the right methods for safely undertaking out-of-body experiences. It's a guide to traveling in the astral plane in a completely safe way, even if you have NEVER tried it before.- You will learn how to start an astral projection without having any prior experience (it's quite possible for a total beginner to embark on this new adventure. However, don't take things too lightly. You don't start an astral projection as easily as you start a car ...)- You will learn the easiest and fastest projecting techniques, but you will also be warned about those you must avoid if you are tired or under pressure (at the end of a stressful day for example).- You will read about the possible encounters in the astral realm, how to deal with them and how to make sure that nothing and no-one can ever disturb you.- Most importantly, you will learn everything about the unknown benefits of astral projection, what they are and how you can empower yourself and literally improve your everyday life using this extraordinary experience.*** This is the english version of one of Richard Armand's best selling ebooks (he is a French author, his books on astral traveling and extrasensory phenomena have been a great success in France in the past years) **

Astral Projection Guide, Book One Yvette a. LeBlanc, 2017-06-30 EXPLORE ALL OF CREATION. LEARN THE TRUE MEANING OF LIFE. LET ME SHOW YOU. This book was previously published as: Astral Travel & Aura Viewing: Many Effective & Easy Astral Projection Techniques -- Astral Projection Made Doable. The main topics of my book are: (1) the astral projection experience and how to accomplish it. The astral plane is examined as well as the astral projection techniques necessary to enter. (2) aura viewing. A very simple technique to view your own aura is given. I believe it will help with astral projection because you will realize part of you already is projecting. Reading my book and following the suggested techniques will change your life forever. It explains in detail how you can have exciting, unbelievable adventures to future, past and alternate lifetimes, to astral counterparts of physical objects and places, to high spiritual places called Heaven, and to see your own magnificent aura. These things are doable without sniffing glue, eating hallucinogenic mushrooms, or taking drugs. It takes no special talent to have these awesome, life-changing experiences only some time and determination. My methods involve deep breathing, calling out to God through chanting, and sacred meditation. The book is concise and basic. Here are some quotes: Part One, Definitions: The astral plane is a vibration of life that is highly emotional and visiting it can be a nightmare world of hell, a blissful journey to heaven, or one of many, many places in between. When we have an astral projection we are traveling in an astral body. We possess different energy bodies of all vibrations; and will, without realizing or making any effort, choose just the correct combination depending on the vibration of light needed for the journey. This astral energy can sometimes be seen and is called the aura. Part One, Astral Travel Basics: Don't get hung up with tedious, drawn-out methods to leave your physical body one body part at a time. You don't need to project an astral counterpart of your entire physical self. I suggest you simply project that part of you located between your eyes, that's where your true self

is located anyway. The fastest and easiest way is to just be wherever it is you want to be. Don't even think about what you look like, that will just bring you back to the physical. Part Two, Two Methods to Project to Wooded Areas: When you are in the air and you feel like you are flying, you might not be. It took me a long time to realize that I was really located in a point in the sky. I had no body so I was not subject to gravity. However, the Earth was rotating on its axis. I just had the sensation of moving. It's like when you're in a car wash seated in your car. The big brushes come forward and you have the sensation of moving even though you are not. Part Three, My Experiences, Holy and Wonderful: The separation was in a whole different manner, I remained in my physical body while I felt energy projecting. I became a being of white light energized by my heart chakra. Part Three, My Experiences, Holy and Wonderful: While meditating on a violet crystal, I asked to see my spiritual guides. Amazing spheres of brilliant colored light appeared. I saw a pink spirit and a golden-flame baby which I brought to my heart chakra. The face of a happy young man, looked Arabic, smiled at me. My tunnel rotated very fast and pointed very high. Part Four, Aura, Etheric and Halo Viewing: Seeing your own magnificent light will help you realize you are a holy spirit and truly a child of God. Good luck. You CAN do it.
