

Chariot Of The Gods

Edgar W. Castle

Chariots of the Gods Erich von Däniken, 2018-07-17 AS SEEN ON ANCIENT ALIENS • Now in a beautiful 50th anniversary edition with a new foreword and afterword by the author, this is the groundbreaking classic that introduced the theory that ancient Earth established contact with aliens. Immediately recognized as a work of monumental importance, Chariots of the Gods endures as proof that Earth has been visited repeatedly by advanced aliens from other worlds. Here, Erich von Däniken examines ancient ruins, lost cities, spaceports, ufos, and a myriad of hard scientific facts that point to extraterrestrial intervention in human history. Most incredible of all, however, is von Däniken's theory that we are the descendants of these galactic pioneers—and he reveals the archaeological discoveries that prove it... The dramatic discoveries and irrefutable evidence: • An alien astronaut preserved in a pyramid • Thousand-year-old spaceflight navigation charts • Computer astronomy from Incan and Egyptian ruins • A map of the land beneath the ice cap of Antarctica • A giant spaceport discovered in the Andes Includes remarkable photos that document mankind's first contact with aliens at the dawn of civilization.

The Gods Never Left Us Erich von Däniken, 2017-11-20 The Long Awaited Sequel to the Worldwide Best-seller Chariots of the Gods When Chariots of the Gods was published 50 years ago, it began a worldwide change in humanity's view of the cosmos. In an era of the military space race, Erich von Däniken boldly proclaimed that Earth had been visited by more advanced beings early in our history. But prescientific man had no concept of space ships, so he called their vehicles chariots, and those driving the chariots became gods. Over the next five decades, von Däniken's more than 40 books built an ever-stronger case for Earth being visited by extraterrestrial visitors. And Chariots became an international best seller, with 30 million copies sold in more than two dozen languages. Also during that time, the case for ET visitations millennia ago was being reexamined by contemporary UFO researchers, who found evidence of modern visitations. And von Däniken expanded his perspective to encompass the present. Now, he presents his long-awaited sequel to Chariots of the Gods, proclaiming that the gods never left us with all-new material to show that ancient aliens are still with us. The Gods Never Left Us contends that recent advancements in biotechnology, astrophysics, engineering, and artificial intelligence not only give us a fresh perspective on his ancient astronaut theory but actually validates it. We are—as a race—embarking on the exact same trajectory of our own interplanetary colonization, just as von Däniken suggested Earth itself was colonized. ETs are definitely

at work today. And that affects all of us. Why do they do what they do? What could an extraterrestrial species possibly gain from observing us in the same way we look at ants? What have these strangers wanted for the past thousands of years? Can't they leave us alone? And what makes it so difficult for us to acknowledge the existence of these extraterrestrials? That is what this book deals with. Erich's newest book is a fascination journey from the ancient past into the present with a plethora of scientific evidence and documented research. As always, he adds his own to the point take on it all. Readers may also like that his newest work moves in a slightly different direction from his past books. A thoroughly enlightening and enjoyable Read. --Bruce Cunningham, Director, Ancient Mysteries International LLC & Publisher of Advanced Archaeology Review magazine

Chariots of the Gods? Erich von Däniken, 1971 Presents the theory that earth has been visited by extraterrestrial beings.

Alien Rpg: Chariot of the Gods Adv. Free League Publishing, 2019-12-10 You don't get paid enough to deal with monsters. But hold your breath, count to three, and play your cards right with this one, and you just might walk away very rich. Oh, who am I kidding? You're all going to die. Chariot of the Gods is a complete Cinematic Scenario for the ALIEN Roleplaying Game written by sci-fi novelist Andrew E.C. Gaska. The 48-page booklet designed to introduce you to the game while at the same time taking you on a thrilling, terror-filled ride into deep space where no one can hear you scream. Chariot of the Gods is designed for 3-5 players plus the GM and takes at least 4-5 hours to complete. Made in Sweden.

The Philosophy of the Upanishads and Ancient Indian Metaphysics Archibald Edward Gough, 1903

The Philosophy of the Upanishads and Ancient Indian Metaphysics Archibald Edward Gough, 2013-11-05 First

Published in 2000. This is volume IX of 10 in the Oriental Series based on India and its language and literature and is concerned with a collection of the philosophy of the Upanishads and the ancient Indian metaphysics. Those interested in the general history of philosophy will find in this book an account of a very early attempt, on the part of thinkers of a rude age and race, to form a cosmological theory. The real movement of philosophic thought begins, it is true, not in India, but in Ionia; but some degree of interest may still be expected to attach to the procedure of the ancient Indian cosmologists. The Upanishads are so many “ songs before sunrise,”— spontaneous effusions of awakening reflection, half poetical, half metaphysical, that precede the conscious and methodical labour of the long succession of thinkers to construct a thoroughly intelligible conception of the sum of things. For the general reader, then, these pages may supply in detail, and in the terms of the Sanskrit texts themselves, a treatment of the topics slightly sketched in the third chapter of Archer Butler's1 'first series of “ Lectures on the History of Ancient Philosophy.”
