Religion, Ritual and Ritualistic Objects Albertina (Tineke) Nugteren, 2019-04-23 This is a volume about the life and power of ritual objects in their religious ritual settings. In this Special Issue, we see a wide range of contributions on material culture and ritual practices across religions. By focusing on the dynamic interrelations between objects, ritual, and belief, it explores how religion happens through symbolic materiality. The ritual objects presented in this volume include: masks worn in the Dogon dance; antique ecclesiastical silver objects carried around in festive processions and shown in shrines in the southern Andes; funerary photographs and films functioning as mnemonic objects for grieving children; a dented rock surface perceived to be the god's footprint in the archaic place of pilgrimage, Gaya (India); a recovered manual of rituals (from Xiapu county) for Mani, the founder of Manichaeism, juxtaposed to a Manichaean painting from southern China; sacred stories and related sacred stones in the Alor-Pantar archipelago, Indonesia; lotus symbolism, indicating immortalizing plants in the mythic traditions of Egypt, the Levant, and Mesopotamia; lavishly illustrated variations of portrayals of Ravana, a Sinhalese god-king-demon; figurines made of cow dung sculptured by rural women in Rajasthan (India); and mythical artifacts called 'Apples of Eden' in a well-known interactive game series.

American Cinema of the 2010s Dennis Bingham, 2021-12-10 The 2010s might be remembered as a time of increased polarization in American life. The decade contained both the Obama era and the Trump era, and as the nation's political fissures widened, so did the gap between the haves and have-nots. Hollywood reflected these divisions, choosing to concentrate on big franchise blockbusters at the expense of mid-budget films, while new players like Netflix and Amazon offered fresh opportunities for low-budget and independent filmmakers. As the movie business changed, films ranging from *American Sniper* to *Get Out* found ways to speak to the concerns of a divided nation. The newest installment in the Screen Decades series, *American Cinema in the 2010s* takes a close look at the memorable movies, visionary filmmakers, and behind-the-scenes drama that made this decade such an exciting time to be a moviegoer. Each chapter offers an in-depth examination of a specific year, covering a wide variety of films, from blockbuster superhero movies like *Black Panther* and animated films like *Frozen* to smaller-budget biopics like *I, Tonya* and horror films like *Hereditary*. This volume introduces readers to a decade in which established auteurs like Quentin Tarantino were joined by an exceptionally diverse set of new talents, taking American cinema in new directions.

The Oxford Handbook of the Disney Musical Dominic Broomfield-McHugh, Colleen Montgomery, 2025 The Oxford Handbook of the Disney Musical brings together scholars from a range of disciplines to interrogate an enduringly popular and influential cultural phenomenon. Broadening the purview of extant scholarship while also reflecting its methodological multiplicity, this collection takes an expansive approach to the Disney musical. From animated musical shorts to Disney video games, the Handbook acknowledges that the Walt Disney Company uses the musical across a range of media and explores what that means culturally, commercially, and technologically. The chapters cover case studies from the classical (*Alice in Wonderland*, *Bambi*) and more contemporary (*Aladdin*, *Frozen II*) eras, acknowledge the importance of theme parks, television, and video games to Disney's success, and explore cultural figures and themes. Contributors also unpack Disney's complicated relationship with race, gender, and sexuality, and the company's recent centennial provides an apt opportunity to reflect on the importance of the musical to the conglomerate's evolution in diverse segments of the media industries. Taken together, the Handbook combines innovative original research, analyses of previously unexamined archival documents, case studies, topical discussions, and critiques of current knowledge and existing scholarship to give voice to new perspectives on this important topic. By including the perspectives of scholars from film, theater, television, musicology, children's literature, and cultural studies, serving as a multidisciplinary resource.

Conversations with Women in Musical Theatre Leadership Amanda Wansa Morgan, 2023-10-27 Most writers, composers, librettists, and music directors who make their careers in musical theatre do so without specific training or clear pathways to progress through the industry. *Conversations with Women in Musical Theatre Leadership* addresses that absence by drawing on the experiences of these women to show the many and varied routes to successful careers on, off, and beyond Broadway. *Conversations with Women in Musical Theatre Leadership* features 15 interviews with Broadway-level musical theatre music directors, directors, writers, composers, lyricists, stage managers, orchestrators, music arrangers, and other women in positions of leadership. Built around extensive interviews with women at the top of their careers in the creative and leadership spheres of musical theatre, these first-hand accounts offer insight into the jobs themselves, the skills that they require, and how those skills can be developed. Any students of musical theatre and stagecraft, no matter what level and in what setting from professional training to university and conservatory study, will find this a valuable asset.
