Islam and Christianity for Children Christine Chapman, 2014-04-14 Can I be half Muslim and half Christian? Is the Bible like the Qur'an? Do Muslims believe in Jesus? Have you ever tried to explain religion to a child? What if that child had parents of different religions? Author Christine Chapman found herself in this position in discussions with her young grandchildren. Many texts explain religions as separate to each other but children these days have to try to make sense of religion in the context of multi-faith parentage or community. How do they distinguish between theology and culture, fact from family emotions? She set about researching and writing just such a text, adding illustrations on every page. She explores views on family life and marriage, dress and diet, prayer and festivals while explaining the beliefs of Muslims and Christians to children in a non-partisan, fact-based way. Her focus is on the need for understanding and friendship between members of both religions. Armed with this kind of understanding and knowledge she hopes and prays that the next generation may grow up to more peaceful times than ours.

Muslim and Christian Beliefs: A Comparison Bruce McDowell, Anees Zaka, 2000-01-01 It is crucial that followers of Jesus and followers of Allah understand the similarities and differences of their respective systems of belief. This compendium has been derived largely from the authors' book Muslims and Christians at the Table. We heartily recommend this 325-page book, designed to promote biblical understanding among Muslims.

From Jesus to Muhammad Elena Trenccevska, Timurlenk Chekovikj, 2019 The book presented is written to answer many important reader questions, both classical and modern. It is, not a surprise, that many previous books on comparison between the Islam and Christianity were written from the Christian position; even in scholarly research Islam has been seen through the lens of Christian religion and in the pattern of Christian belief. In contrast, the book by Elena Trenccevska & Timurlenk Cekovikj From Jesus to Muhammed presents another point of view. It is written not to refute some other religions, but, first of all, to present the truth of early religious history. At the beginning of the book, the authors present a background of early Christianity and tries to reconstruct the true teaching of Jesus. Nowadays, due to apocrypha and availability of other early writings, one may see many other stories of Christianity, which are so far from „canonical, knowing that many religious groups pretended to be the real followers of Jesus. Many parts of the book are dedicated to the personality of Jesus and development of his image in both Christianity and Islam. Today, when we compare the Quranic view of Jesus to the early

Christian sources, we may see many similar stories (for example, the Quranic narration about God's creation of birds made of clay through Jesus). This represents that Jesus (for example, his early life) is a great mystery of history; but since we have a very small account about this in the Quran and in the Bible, no one has a real proof to speculate about this. And this is why this book calls us not to start some polemics, but to consider the sacred text which gives the most authoritative stories to the believers.

Islam Or Christianity C. Hore, 2013-10-21 This nonfiction book is a compare-contrast view on Christianity and Islam, detailing the similarities and differences in the two faiths through 850 researched reasons, provided by the author. Christianity or Islam: The Contrast Katheryn Maddox Haddad,2014-09-20 If you want to know what is in Sharia Law, this book quotes it. Sharia Law comes from the Quran. "Christianity or Islam: The Contrast" was written to help Christians understand Islam, and Muslims understand Christianity. It is not ABOUT the two religions but quotes DIRECTLY from the scriptures of both groups so the reader can know personally what they teach instead of relying on rumors. Quotes from the Qu'ran and New Testament (Injil) of the Bible cover the same topics for comparison purposes. THESE QUOTES ARE FROM SHARIA LAW. Many Muslims and Non-Muslims do not realize these things are in the Qur'an. *Do Christians really claim God had to have a wife in order to have a son? *Do Christians really claim there are three Gods? *Was the Bible really corrupted? *Is the God of the Muslims the same as the God of the Christians? *These questions and more are answered inside these pages. Take the challenge and find out for yourself. Give this book to a Muslim friend.

Comparing the Qur'an and the Bible Rick Richter,2011-11-01 Engagement with the Muslim world and Muslim people is inevitable for Christians. After all, Islam is the fastest-growing religion in the United States. But what does the Qur'an really say about things like Jesus, war, and non-Muslims? What does the Bible say on these matters? If Christians are to engage in informed, loving conversation with their Muslim neighbors, they need to be equipped with more than the often-specious talking points they glean from the news or email forwards. Comparing the Qur'an and the Bible offers readers an unprecedented collection of Scriptures and doctrines of both faiths presented side by side for easy study and comparison, covering such key issues as Jesus Abraham creation angels/jinn jihad the fall of humankind predestination ransom for sin/sacrifice grace rebirth God/Allah women marriage and divorce homosexuality suicide resurrection judgment Paradise prayer A brief explanation of each passage in the Qur'an and the Bible is given, as well as biblical answers to Islamic teaching. The book also motivates readers to have hearts for Muslims and seek to bring them to Christ, offering door openers to sharing the Good News. This indispensable collection will be treasured by anyone seeking to understand and engage their Muslim neighbors.

Islam and Christianity John Renard, 2011-03-08 In light of the widespread public perception of incompatibility between Islam and Christianity, this book provides a much-needed straightforward comparison of these two great faith traditions from a broad theological perspective. Award-winning scholar John Renard illuminates the similarities as well as the differences between Islam and Christianity through a clear exploration of four major dimensions—historical, creedal, institutional, and ethical and spiritual. Throughout, the book features comparisons between concrete elements such as creedal statements, prayer texts, and writings from major theologians and mystics. It also includes a glossary of technical theological terms. For western readers in particular, this balanced, authoritative work overturns some common stereotypes about Islam, especially those that have emerged in the decade since September 11, 2001.

Similarities Between Islam and Christianity and Judaism Faisal Fahim, 2016-12-31 Similarities between Islam and Christianity and Judaism: 5 of the 10 commandments Exod.20 [1] And God spake all these words, saying, [2] I am the LORD thy God, which have brought thee out of the land of Egypt, out of the house of bondage.[3] Thou shalt have no other gods before me.[4] Thou shalt not make unto thee any graven image, or any likeness of any thing that is in heaven above, or that is in the earth beneath, or that is in the water under the earth: [5] Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me.[Surah al-Baqarah 2: 255] Al-Quran: Allah! There is no god but He - the Living, The Self-subsisting, Eternal. No slumber can seize Him Nor Sleep. His are all things In the heavens and on earth. Understanding and Freedom Daniel Shayesteh, 2016-07-13 Understanding and Freedom helps Muslims unchain themselves from Islam by learning about other religions and worldviews. It shares insights into the basic doctrines of Islam and contrasts these with key aspects of the Christian faith so Muslims can evaluate Islam's claim to be the perfect belief system. Some of the questions considered are: How can we tell the difference between the one true God and a false god? What is the difference between the God of Islam and the God of Christianity? Can the God of Islam be a good guide? Do you have peace with God through Islam? Is Islam really perfect final religion? Is the Quran the Word of the true God? Is it Jesus or Muhammad who can be a good leader for you? Does humanity need enemies or friends? Is there salvation outside of

Jesus?

Your Book and My Book Gerhard Nehls, 2016-04 We live in a changing world. Mass migration and seemingly shrinking distances are leading to a clash of worldviews and cultures. This, in turn, is formed and sustained by our religious beliefs, based on the Bible or the Qur'an. Most Christians and Muslims do not choose their religion. They were born into it, and to a varying degree instructed in it. True faith is based on knowing why and what to believe. For such a choice information is indispensable. It can be found here. Those who make a genuine effort to obtain an adequate insight into both religions in order to form their own opinions about them, do not only broaden their horizon, and begin to understand the mindset of their foreign neighbours, but also learn to significantly relate to them. This book affords a basic and yet sufficient insight into the Bible and the Qur'an. The reader will be surprised by discoveries they are likely to make about the very source of their own religion. Gerhard Nehls not only studied the Bible and the Qur'an, but equally the Hadith and Sirat, which support and interpret the latter. Besides that he was involved in a great number of personal studies and discussions with Muslims. This book is unique in that it does not consult the one or other opposing opinion about them, but lets the two Books speak for themselves. Its topical order makes it easy to discover their similarities, but it also does not hide their, at times crucial, differences. Be challenged! Just think of it! What if...'
