Gordon Bostic

She Came to Me a Stranger Gordon Bostic, 2018-03-15 As a medium, poetry should express the hopes and dreams, trials and tribulations of everyday life. The stories of the people we pass on the street each day whom we don't know and, probably, never will. This book examines the aspects of everyday life as a means to reflect on our dreams, aspirations, shortcomings, and failures.

Scripting the Moves Joanne W. Golann, 2021-06-08 An inside look at a no-excuses charter school that reveals this educational model's strengths and weaknesses, and how its approach shapes students Silent, single-file lines. Detention for putting a head on a desk. Rules for how to dress, how to applaud, how to complete homework. Walk into some of the most acclaimed urban schools today and you will find similar recipes of behavior, designed to support student achievement. But what do these "scripts" accomplish? Immersing readers inside a "no-excuses" charter school, *Scripting the Moves* offers a telling window into an expanding model of urban education reform. Through interviews with students, teachers, administrators, and parents, and analysis of documents and data, Joanne Golann reveals that such schools actually dictate too rigid a level of social control for both teachers and their predominantly low-income Black and Latino students. Despite good intentions, scripts constrain the development of important interactional skills and reproduce some of the very inequities they mean to disrupt. Golann presents a fascinating, sometimes painful, account of how no-excuses schools use scripts to regulate students and teachers. She shows why scripts were adopted, what purposes they serve, and where they fall short. What emerges is a complicated story of the benefits of scripts, but also their limitations, in cultivating the tools students need to navigate college and other complex social institutions—tools such as flexibility, initiative, and ease with adults. Contrasting scripts with tools, Golann raises essential questions about what constitutes cultural capital—and how this capital might be effectively taught. Illuminating and accessible, *Scripting the Moves* delves into the troubling realities behind current education reform and reenvisions what it takes to prepare students for long-term success.

Telling Stories, Writing Songs Kathleen Hudson, 2010-07-05 Willie Nelson, Joe Ely, Marcia Ball, Tish Hinojosa, Stevie Ray

Vaughan, Lyle Lovett...the list of popular songwriters from Texas just goes on and on. In this collection of thirty-four interviews with these and other songwriters, Kathleen Hudson pursues the stories behind the songs, letting the singers' own words describe where their songs come from and how the diverse, eclectic cultures, landscapes, and musical traditions of Texas inspire the creative process. Conducted in dance halls, dressing rooms, parking lots, clubs-wherever the musicians could take time to tell their stories-the interviews are refreshingly spontaneous and vivid. Hudson draws out the songwriters on such topics as the sources of their songs, the influence of other musicians on their work, the progress of their careers, and the nature of Texas music. Many common threads emerge from these stories, while the uniqueness of each songwriter becomes equally apparent. To round out the collection, Hudson interviews Larry McMurtry and Darrell Royal for their perspectives as longtime friends and fans of Texas musicians. She also includes a brief biography and discography of each songwriter.

Camp Shady Crook Lee Gjertsen Malone,2019-05-21 It's Ocean's Eleven set in a summer camp as two kids try to one-up each other in a con competition at a camp that isn't quite what it seems... For Archie, the start of summer means another stint at Camp Shady Brook, where there is a lot more to the camp than meets the eye—just like Archie and his now blended family. But thanks to a con Archie developed last year that parted many campers with their spending money, he's finally somebody...and he's not going to lose that status to the new girl, Vivian. For Vivian, thanks to an incident That Shall Not Be Named or Spoken Of, her summer of exotic travels with Mom and Dad has turned into traveling to a dump of a summer camp in the middle of nowhere. But thanks to perfect timing, Vivian soon finds herself in a ring of kids trying to out-con each other—and discovers Camp Shady Brook is more like Camp Shady Crook. And when one final, massive con could cost Vivian the first friends she's had in a while, can she and Archie figure out a way to make things right?

soon, but so did the beginning. Just as quickly as the sick begin to fall, so does Poppy's world. As she loses everything she holds dear, she faces her new world head-on. Accompanied by strangers, she tries to make her way to safety, soon to realize that safety no longer exists. ROTTEN takes place in the same universe as the Grace Series. Get ready to follow Poppy and Ellis as they cross paths with a few names you might recognize. While the two series will eventually merge, you do not need to read one to follow the other.
