The Enemy in the Bush Derrick C. Darden PhD, 2020-11-09 VETERAN/LEADERSHIP/EMPOWERMENT The Enemy in the Bush is a book that takes you through an adventure and journey of one's man's life from growing up in the ghetto of Newark, New Jersey to becoming a decorated military veteran of more than 22 years. In it, he shares how he navigated a multitude of life challenges and consciously determined what direction his life would take and how he was going to be purposeful on this earth: how he would discover and fulfill his destiny. Derrick, has always believed that you determine your destiny on this earth. And that, it is our determination to overcome life's challenges that dictates how we live our lives—how we conduct ourselves in every situation. Unfortunately, many of us have not developed the discipline and life skills that are required to overcome adversity thereby limiting our ability to accomplish our major life goals. He, however, has learned that when we are willing to look within ourselves for answers rather than becoming fixated on our current circumstances and areas in which there appears to be a lack, we automatically empower ourselves to find greater inner strength and hope. Most importantly, we get to a place where it is impossible for us to find excuses for not achieving our goals due to external factors. Instead, we begin to see that the true "Enemy in the Bush" is our internal demons, negative thinking, and other limitations that we place on our ourselves. By sharing his life story and Five Key Principles that have helped him successfully navigate life's challenges and accomplish many of his major life goals, his hope is that this book will equip you with the ability to identify and conquer the "Enemy in the Bush" at every stage of your life.

Building with the Broken Pieces Erica Rayford, 2022-06-10 Building with the Broken Pieces is a book about childhood struggles and troubles endured as a teenager and the traumatic experiences suffered as an adult. Such abandonment, abuse, addictions, and afflictions can happen to anyone at any given time. Building with the Broken Pieces is a book written to be

used as a guide in finding your way and building a way of living life conductively and effectively. It can help individuals to close doors, fill cracks, and provide answers to questions one may not be able to ask. This book is written to give hope and to help heal, deliver, set free, and save lives from further destruction. It is written so no one can feel alone or ashamed about the craziness and wickedness of the world, should it knock on your door. I wrote this book so that many with experiences like me become free and find Christ Jesus. I used my broken pieces to build and fulfill purpose by not allowing what happened to me to stop me from doing or becoming the best I could be.

The focus is on real life exercises and case studies to help you discover, release, and leverage your inner leader: to reach heights in your career that you never thought possible. The book discusses the individual's impact on the organization and which professional behaviors most frequently demonstrate leadership competencies. Conduct a "forensic intervention" to find out what is going awry in your professional development, or what has gone wrong in the past, and craft a strategy to overcome obstacles, gain unmistakable clarity about yourself, and focus your abilities to match organizational needs. Great leaders start their assessments from the inside out, and their passion is so strong that it permeates their organizations and builds the culture, regardless of rank. They inspire their teams by sharing the spotlight and encouraging coworkers to excel, operating with clean authenticity to maximize results. *Unleashing Your Inner Leader* helps you recognize where you fall on the leadership spectrum, and provides practical advice for shaping your brand of leadership to capitalize on your authentic capability and potential. You'll find expert insight as an executive business coach guides you to: Evaluate your strengths, values, and personal impact to craft a vision for the world around you Discover what's holding you back from maximum effectiveness Tap into your undiscovered potential, and inspire your team to excellence Recognize what it will take to move you and your organization to the next level It is often very difficult for leaders to see their own greatness, unlock it, and use it in a practical way to get results. Be the spark that ignites your team, and steer your own development toward becoming an impactful leader with *Unleashing Your Inner Leader*.

Purpose-Driven Parent Wendy Felton, 2023-02-09 *Purpose-Driven Parents: How to Raise an Academically Sound Child*

for College and Career Readiness is an engaging book that immediately grabs your attention with the author's storytelling capabilities of real-life examples. The author divides the book into ten sections that provide guidance when preparing your child for academic success, college, and career readiness. Each section is filled with several real-life stories that address the topic of these sections. There are more than sixty stories in all. You will experience the behavior that other parents have exemplified. After the short story, you will experience the author's personal reflection on the story as well as the lesson she learned from the situation (how it personally affected or how it potentially could affect that child). Some of these stories start with children as early as three years old; however, you should start working with your children as early as birth. Remember, children are like sponges; they absorb what they see and hear, especially from their parents and the people around them. They will think, If my parent did it, then it must be acceptable. Parents' actions lead to their future. If you want a better future for your child, then this book is a must read. For an online course @ \$6.99, visit www.PurposeDrivenParents.com.
