

That Old Time Religion Jordan Maxwell

Heinrich Institoris, Jakob Sprenger, James Sprenger

That Old-Time Religion Jordan Maxwell, Paul Tice, Alan Snow, 2000 This book proves there is nothing new under the sun regarding many of our modern religious beliefs. This includes Christianity, and how many of its beliefs could be far older than what we have suspected. It gives a complete run-down of the stellar, lunar, and solar evolution of our religious systems and contains new, long-awaited, exhaustive research on the gods and our beliefs.

The Nonsense Papers James W. Astrada, 2012-09 The idea of aliens and UFOs has always played a crucial role in human history. Regardless of the ridicule this mind-set inspires in skeptics, the intense speculation and debate on this topic continues to intrigue around the world. Hundreds have shared detailed personal experiences of contact with these beings or crafts, recounting a wide variety of alien interaction with our world and its peoples. Yet the official explanations-swamp gas, weather balloons, and more-just don't match up with these reports. The Nonsense Papers anthology explores these controversial and contemporary issues, considering a wide variety of interrelated topics: - UFOs - Military black projects based on alien technology - Former NASA missions (and the possible secrets they hold) - An alternative view on organized religious cults (and how their origin by our creators from the stars) - Environmental issues, including climate change - Time travel - Testimonies from those who offer insight on alien contact - The future and fate of our planet after 2012 This collection also focuses on humanity and culture, examining where we are headed if we continue down our current path. It questions those who plan to save humanity by making exaggerated claims and impossible goals and challenges us to analyze and examine ourselves and our society as a whole. It implores humans to use common sense, rationality, and logic as our present life seems void of feelings, dreams, hopes, and desires. Overall, the only way humans can save these precious ideologies is in the discovery of ourselves.

Jumpin' Jehovah Paul Tice, 2007-07 With this book, your views on God will never be the same. With clear Biblical evidence, Jehovah is shown to be an entity with no sense of ethics, forgiveness, or compassion. Was Jehovah a god, or a demon? Why did he never promise a heaven or any kind of reward to his followers? Does any entity that murders thousands of devoted followers deserve to be worshiped? Jehovah has stopped punishing people in terrible ways, so it's probably safe to buy this book.

The Malleus Maleficarum of Heinrich Kramer and James Sprenger Heinrich Institoris, Jakob Sprenger, James

Sprenger,2000 This is a pre-1923 historical reproduction that was curated for quality. Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process. Though we have made best efforts - the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

Mysteries Explored Jack Barranger,Paul Tice,2000 An overall investigation into human origins, religion, mythology, UFOs, and other unexplained phenomena. Begins by covering the most ancient mysteries about mankind and proceeds up to modern times, exploring the evidence, and ending with where we currently are from a religious and spiritual standpoint. A fascinating look at the development of mankind, with the possibility that we have experienced some form of outside intervention in remote times. In some ways, this intervention may still be with us today.

Crux Ansata H. G. Wells,2000

The Scientism Delusion Techno Mysticism And Techno Spiritual Warfare Exploring the Connections Between Scientism and Luciferianism Gregory Garrett,2018-02-14 This enthralling page turner breaks all the molds, and fearlessly exposes the deepest darkest intrigue in history...The Luciferian Agenda for a New World Order. In it, we learn of the Luciferian roots of Modern Science, as the reader is transported back in time to the insidious origins of modern-day Scientism, the current religion of most scientists today. Through an excursion into the roots of Scientism, Mr. Garrett deftly retraces the historical antecedents of Scientism, echoing back to The Secret Mystery Schools of Kabbalistic, Egyptian Hermeticism, onwards into the true nature of Freemason and Alchemical Occultist, Sir Isaac Newton, and then further into the nefarious Vatican Jesuit Priesthood, whose hidden hand can be linked to the creation of The Illuminati, as well as the current Luciferian New Age Religion. Finally, the serpentine path leads up into modern Freemasonic Luciferian, NASA, and then to The Jesuit Controlled Alien Deception about to take hold of the world. --Christian Chesterfield Ph.D.

Past Shock Jack Barranger,1998-11 Alvin Toffler once coined the term future shockwhen people are overwhelmed by the future. Past Shock suggests that events from thousands of years ago strongly impact humanity today. It reveals why religion was created, what organized religion wont tell you, the reality of the slave chip programming that we all have, what really happened in the Garden of Eden, what the Tower of Babel was and why we were stopped from building it, how we were conditioned by gods to remain spiritually ignorant, and much more. Exposes the pretender godsadvanced beings who were not divine, but had advanced knowledge of scientific principles, including genetic engineering. Our advanced science of today has begun to unravel their secrets. Learn how to overcome the slave chip conditioning and begin living life as it was meant to be, as a spiritually fulfilled being.
