The History of the United Arab Emirates John A. Shoup, 2021-11-05 This volume explores the political, cultural, and economic history of the United Arab Emirates, from early antiquity through the 2010s. The United Arab Emirates is a relatively young country in the Middle East, made up of seven emirates: Abu Dhabi, Ajman, Dubai, Fujairah, Ras Al Khaimah, Sharjah, and Umm Al Quwain. How did these seven separate emirates come together to form the United Arab Emirates? This volume explores the long, rich history of these seven emirates, focusing on political history but also highlighting culture, society, economy, and religion. Chronologically arranged chapters examine major eras and turning points in history, such as antiquity, the rise of Islam, British trade, and the discovery of black gold: oil. Readers will learn how today, most of the UAE's citizens are foreigners from other countries, as well as how much of the country's economy and livelihood depends on oil. An appendix of Notable People in the History of the United Arab Emirates serves to identify key players in the region's history, and an annotated bibliographic essay provides readers with sources for further research.

Dubai, from the Scratch Until Today - A New Vision of Tourism? Svenja Lis, 2010-07 Seminar paper from the year 2009 in the subject Tourism, grade: 1,7, Stralsund University of Applied Sciences, language: English, abstract: You can never understand Dubai if you have not been there. But being there is no guaranty for comprehension either Dubai is the place of the ultimate superlatives. Nothing is impossible and dreams can come true. Like in a modern fairytale, in Dubai everything seems to be possible and what shines seems to be made of gold... Skiing in the desert, clubbing in an Islamic country, the famous Palm and upcoming Dubailand to name only some of the numerous attractions Dubai has to offer. I had the great opportunity to be part of an outstanding excursion to the United Arab Emirates with main interest on Dubai and to get an impression of one of the most fascinating destinations in the world. Not only as a tourist, but with the possibility to experience Dubai from a different sight, I had the chance to make up my mind about a fascinating city that never sleeps. For this reason my interest in Dubai arose and makes me take a closer look on Dubai. How did Dubai become what it is today? How can it fulfil it's own premises to still grow and develop? And how can a single person, His Highness Sheikh Mohammed bin Rashid Al Maktoum, be responsible for all this? With the following assignment I try to answer these questions by giving an overview of Dubai's history, the current touristic situation in Dubai and the vision of Dubai in 2015.

The History of Islam Akbar Shāh Khān Najībābādī,2000 History stands as the most effective and valuable source of putting nation on the course of progress and prosperity and saving them from the path of disgrace and degradation. At a time, when there is tough competition among the nations of the world to excel one another, the Muslim, despite having the most glorious history, appear to be detached and careless as regards their history. This book presents the true Islamic events and their actual causes before the English readers because the other books in the English language found on the Islamic history have been written by such authors and compilers who did no justice in presenting the true picture of Islamic Era but their prejudice prevented them from doing so.
