The Truth behind Historical Films Tom May,

History's Timeline Jean Isobel Esther Cooke, Ann Kramer, Theodore Rowland-Entwistle, 1996 Presents a timeline of world history.

A New Modern History of East Asia Eckhardt Fuchs, Tokushi Kasahara, Sven Saaler, 2017-12-04 For decades, historians and societal forces have campaigned for rapprochement, reconciliation and dialogue between East Asian nations. This book is a result of these efforts. Debates regarding the interpretation of the modern history of East Asia continue to affect bilateral relations between the states of the region. History education has become a particularly controversial issue in this context. This book's main message is that a common understanding regarding the history of East Asia is possible, even though some differences remain. It is not only a major contribution to reconciliation in the region, but as the first textbook on the history of East Asia written collaboratively by scholars from three East Asian countries, it is also highly recommended for use in an anglophone teaching environment. The authors are a group of historians, teachers and concerned citizens from China, Japan and South Korea.

Hirohito's War Francis Pike, 2016-09-08 Named one of Foreign Affairs' Best Books of 2016 In his magisterial 1,208 page narrative of the Pacific War, Francis Pike's Hirohito's War offers an original interpretation, balancing the existing Western-centric view with attention to the Japanese perspective on the conflict. As well as giving a 'blow-by-blow' account of campaigns and battles, Francis Pike offers many challenges to the standard interpretations with regards to the causes of the war; Emperor Hirohito's war guilt; the inevitability of US Victory; the abilities of General MacArthur and Admiral Yamamoto; the role of China, Great Britain and Australia; military and naval technology; and the need for the fire-bombing of Japan and the eventual use of the atom bomb on Hiroshima and Nagasaki. Hirohito's War is accompanied by additional online resources, including more details on logistics, economics, POWs, submarines and kamikaze, as well as a 1930-1945 timeline

and over 200 maps.

International History of the Twentieth Century and Beyond Antony Best, Jussi Hanhimäki, Joseph A. Maiolo, Kirsten E. Schulze, 2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first-year undergraduate level and upward. Using their thematic and regional expertise, the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century, covering events in Europe, Asia, the Middle East, Africa and the Americas. They focus on the history of relations between states and on the broad ideological, economic and cultural forces that have influenced the evolution of international politics over the past one hundred years. The third edition is thoroughly updated throughout to take account of the most recent research and global developments, and includes a new chapter on the international history of human rights and its advocacy organizations, including NGOs. Additional new features include: New material on the Arab Spring, including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China. A timeline to give increased context to those studying the topic for the first time. A fully revised companion website including links to further resources and self-testing material can be found at www.routledge.com/cw/best Antony Best is Associate Professor in International History at the London School of Economics. Competing Voices from the Pacific War Sean Brawley, Chris Dixon, Beatrice Trefalt, 2009-07-23 Key decisions and events of the Pacific War are explored in this work by juxtaposing Allied and Japanese accounts, giving voice to both sides in this epic confrontation. *Competing Voices from the Pacific War: Fighting Words* covers the period from July 1937 to September 1945, touching briefly on the post-war Allied occupation of Japan. Although it emphasizes American and Japanese accounts, it also includes perspectives from other nations. Materials covering political and strategic issues, the experiences of combatants and prisoners of war, the experiences of civilians caught up in the various war zones, and the impact of the

war on the various home fronts, are also included. By including a range of primary sources representing the experiences and views of participants and commentators of all sides and setting them in their historical contexts, this unique anthology promotes an understanding of the Pacific War, the events that led up to it, and its legacies. Alongside sources that reflect traditional military history, material that considers the war from the perspective of the new military history is also included.

AMERICAN ASWANG Manette Trogani Snow,2023-10-19 Manette Trogani Snow always wondered why her father, Martin “Pop” Trogani punished his children by forcing them to kneel on raw rice, arms outstretched, with a stack of books piled high on their hands. In a quest to understand why Pop treated Manette and her eleven siblings so horribly, she unearthed not only her own family’s hidden histories, but also a previously unknown chapter in US history about racism, immigration, and war. In a fascinating memoir created from a twenty-five-year mission to excavate information from archives, articles, books, and interviews, Manette chronicles her journey through a childhood darkened by fear, brutality, secrets, and lies while detailing the story of her father’s family’s experiences as the only known survivors—despite being starved and tortured during the Japanese occupation of World War II—of an orchestrated campaign to expel them from the United States under the Filipino Repatriation Act of 1935. Included throughout are a treasure trove of personal and historic images, as well as additional insights obtained after the completion of Manette’s extensive research. *American Aswang* intertwines the true story of a Filipino-American girl’s challenging coming-of-age journey with the often horrific experiences of her father’s family as they were repatriated to the Philippines.

Iconic Events Patricia Leavy,2007-06-07 *Iconic Events: Media, Power, and Politics in Retelling History* examines the processes of collective memory surrounding traumatic events that have been deemed iconic in American culture. Leavy investigates the social and market forces that have shaped the meanings around and enduring significance of events that have captured the public's imagination, including Titanic, Pearl Harbor, Columbine, and September 11th. *Iconic Events* focuses on three interpretive phases that serve to mold public perception of these events: journalistic representations, political appropriations, and popular adaptations. With a vital, engaging approach, Leavy explores the processes by which traumatic events are made mythic in the public eye. *Iconic Events* is essential for collective memory scholars and undergraduate courses in communications, American studies, history, and sociology, as well as the general reader.

Twentieth Century World History William J. Duiker, 2001-11-21 This text presents a comprehensive, balanced history of the world in the twentieth century. In addition to providing a chronicle of the key events in this revolutionary century, it takes a global approach to examining the underlying issues that have shaped the times. At the same time, it does justice to the distinctive character of individual civilizations and regions. Political, economic, social, and cultural history are integrated into a chronologically ordered synthesis that is presented through a consistent, engaging single-author narrative.

World War II in the North Pacific Kevin Hutchison, 1994-08-16 Preserving much rare and disintegrating information, this comprehensive chronology and fact book provides day-to-day records covering a third of the Pacific war for the first time. Recounts events in the North Pacific between August 1943 and September 1945, revealing the activities of the Allies, including the Soviet Union and the Japanese. It identifies the location and activities of the various units, their landings, and battles. Short biographies make participants come alive. Appendices provide a glossary, and give key information about prisoners of war, American internees, Army Air Forces, U.S. Navy, Japanese North Pacific Forces, Soviet Forces, U.S. units and bases, and American and Japanese personnel. This account shows how events in the North Pacific had an impact in the South and Central theater of the war. The record shows how Admiral Chester Nimitz's offensive actions before major operations, his bombings and bombardments and false radio broadcasts helped bring about later victories and how his destruction of the Japanese fishing fleet set out to shorten the war. A bibliography, index, maps, charts, and photographs further enrich this little-known history for all interested in understanding this now forgotten conflict.
