**Act Like a Lady, Do Not Think Like a Man** Raymond Sturgis, 2011-12-20 (REVISED EDITION ) Love is a beautiful gift that many people search for a lifetime to experience. However, the hardship and disappointment in relationships and marriage lead them down roads that stymie their ability to attain love. The fame comedian Steve Harvey wrote the book *ACT LIKE A LADY, THINK LIKE A MAN*, and his book and movie did not prove why women should think like men. However, it revealed the obvious, that when women tried to think like men, they lost their individuality and wisdom, which invigorate their quality. This book is not a direct attack of the validity of the fame comedian; however, it is Raymond Sturgis continuation of the conversation, why should women think like a man? Moreover, women success in education, medicine and entrepreneurship is a valid indication that they achieve their success independent of what men think of them. Therefore, I submit to you, realistic analogies of why women should *ACT LIKE LADY*, and continue to make the world respect them for their intelligence and ability to transform this world. From faith, self-esteem, and intimacy, marriages and relationships can and will be empowered by the information in this book that evoke quality reasons why women would not be thought of inferior if they continue to think like themselves.

**Your Destiny Is in Your Hands** Michael Cooper DTM, 2023-09-20 It is said that by thought, we attract the thing. By taking action, we receive the thing. We decide what our thoughts should be. As a man thinks in his heart, so is he (Prov. 23:7). The book encourages us to think using the mind of God (Phil 2:5). Thinking with the mind of God makes success inevitable because God knows all things. The book encourages readers to let go of many things, including the past. But to never give up on the power of believing in oneself. Readers are encouraged to allow their higher self to control the inner conversations. Many people rent out their mind to sources void of credibility but get no compensation in return. Furthermore, they have no “rental clause” to protect them from their mind being hijacked. More often than not, even if their mind is returned to them, it is under the control of envy, jealousy, fear, worry, and “can’t do.” Before the mind is returned to its original owner, it would have forged an intimate relationship with “lack,” “procrastination,” and “the past.” Who is controlling your mind?

'Value Of The Vagina'? Are all women worthy of worship? Could one woman change the whole world? The answer is, yes, Yes and YES! Why would you allow any man to use you and abuse you like a pet when you could be the master of every man and make them all your puppets? Why allow your emotions to be played with like a game when you could be worshipped as a goddess? Why allow any man to treat you like trash when you are truly every man's treasure? The answer is, you don't know your worth, You Don't Know Your Worth, and YOU DON'T KNOW YOUR WORTH! Close your legs and open your mind. This book contains the key to unlock the psychological chains on your mind so that you could open the doors to freedom, fortune and fame. This is a man's world. But before it was a man's world it was a woman's world. And now, with this guide available to women worldwide, this world will soon be ruled by women once again.

**Think Like a Man** Linda Porter Harrison, 2011-06-09 Think Like a Man and here's a thought: Start Acting Like a Man The 25 mistakes men make that prevent them from finding and keeping true love This is the perfect companion book to Steve Harvey's book Act Like a Lady. There are hundreds of books written for women on how to find a man. Yet, very few books that address the critical things that men do or don't do that prevent relationships from thriving and going to the next level. One of my personal goals is to promote marriage, and to help people stay in love. When Steve Harvey wrote the book Act Like a Lady, Think Like a Man, millions of women flocked to purchase a book that was going to show them how to get a man. To be perfectly honest with you, I didn't realize the magnitude of how naive we were as women when it came to men. However, I was equally disturbed by the fact that no one was addressing what men needed to do to rectify this relationship thing. Relationships don't simply fail because of women; men play a vital role too. I could have easily written one hundred mistakes that men make, but I chose to focus on the twenty-five mistakes that I hear repeatedly from married and single women. It is my hope, that this book will cultivate a more balanced conversation between men and women. More importantly, that this book will shed some light for men on their own relationships and that they will begin to take the necessary steps to foster and create the ultimate love.

*The Other Side of Assertiveness* Andrena Sawyer, 2012-06-24 Assertiveness is characterized by bold or confident behavior, and having a strong or distinctive flavor or aroma."For the assertive woman, this definition is by far one of the highest compliments. Many books have been written about how women can become more assertive. Women grow up hearing from parents, teachers, coaches and mentors about the importance of being assertive. However, what no one ever explains is that assertiveness comes with a price and it is easily mismanaged and misunderstood. Within the pages of this short eBook are some hard-hitting, humorous, and even hopeful lessons about the sometimes daunting effect of being an assertive woman in this day and age.

**Korean Women Managers and Corporate Culture** Jean R. Renshaw, 2012-03-15 The typical view of Korean women is not as managers. The stereotype is of Korean women serving and pleasing men, or more recently as aggressive shopkeepers

and bar-owners. Very little has been written to challenge this misconception. This fascinating book reveals there have always been managers amongst Korean women, particularly in occupations like money lending, retail and fashion, and women continue to serve after the economic crash at the beginning of a new century. Korean Women Managers and Corporate Culture illuminates the many roles of women - from management, leadership and policy making, to the more traditional positions as homemaker and wife - and describes the distinctive Korean corporate culture and economy in order to evaluate the future of women as well as that of Korea itself.
