Marketing de destinos turísticos J. Enrique Bigné, J. Enrique Bigné Alcañiz, Xavier Font, Luisa Andreu, 2000

El discurso del turismo Elena Liverani, 2011 El mundo del turismo aglutina actividades económicas heterogéneas que propician la creación de nuevas figuras profesionales. Es, por lo demás, un ámbito en el que se impone la necesidad de que colaboren especialistas en muy distintos saberes: la proyectación de un itinerario cultural exige el asesoramiento de expertos que procedan del campo de las humanidades, pero no puede prescindir de la presencia activa de técnicos que puedan llevar a cabo los necesarios estudios de mercado o de aquellos profesionales que sepan dar con las estrategias comunicativas adecuadas para proponerlo a un público objetivo de la manera más eficiente posible. El turismo genera innumerables textos que se encauzan por canales orales y escritos a través de los cuales fluye la información, que en una sociedad tan marcadamente tecnológica como la nuestra afronta el reto de amoldarse a nuevos cauces expresivos. Los estudios incluidos en el presente volumen se proponen una aproximación lingüística a géneros textuales representativos de la actividad turística. Se han tenido en cuenta los más consolidados por la tradición editorial (como son guías, reportajes de viajero, catálogos o publicidad generada por toda oferta turística), y asimismo los textos presentes en la red, que se configura como un poderoso instrumento comunicativo de nuestra sociedad. _Contracub.

Nuevas tendencias y retos en el sector turismo: un enfoque multidisciplinar Miguel Rodríguez Antón José, 2019-02-01

Nuevas tendencias en la dirección y organización hotelera y en la dirección de agencias de viaje, el yield-revenue management aplicado en el sector, los nuevos requerimientos de calidad en el sector turístico, los nuevos retos y las principales fuentes del sector, los nuevos patrones y tendencias en el ocio y el tiempo libre

La imagen de Andalucía en el turismo Javier Hernández Ramírez, 2008 La actividad turística ocupa un lugar destacado dentro de la economía española. No en vano España es el segundo destino mundial en cuanto a recepción de turistas. Es por ello que la publicidad turística está adquiriendo en las últimas décadas una proyección internacional muy relevante. Tanto en España como en Andalucía, el sector público está realizando un importante esfuerzo por promocionar sus destinos, con campañas de carácter general que se complementan con la oferta de servicios concretos de turoperadores, agencias de viajes, líneas aéreas, etc. Este esfuerzo presupuestario es de importancia capital para un adecuado posicionamiento en un mercado turístico mundial cada vez más competitivo. El presente estudio analiza la evolución de los

discursos promocionales de Andalucía como destino turístico por parte del sector público desde 1928 hasta nuestros días (con el enfoque específico puesto en marcha por el gobierno autonómico andaluz). Un discurso que, hoy día, basa su estrategia en crear una imagen definida y unitaria, bajo la simbología de la marca Andalucía, y diferenciarla respecto a otros destinos. La investigación parte de una hipótesis principal: que las imágenes turísticas que proyectan al exterior las administraciones públicas no son representaciones neutrales creadas por la imaginación independiente de los diseñadores, ni constituyen un fiel reflejo de la realidad que promocionan. Son productos que se adaptan a la propia evolución del sector turístico y que toman como referencia imágenes preexistentes, discursos políticos, transformaciones socioculturales y cambios en los hábitos de consumo.

Marketing y gestión de destinos turísticos Josep Ejarque, 2016-03-03 La gestión y el marketing de un destino turístico de éxito no es el fruto de una receta mágica, ni siquiera de una poción milagrosa. No existen. El éxito de un destino turístico se basa en el trabajo constante, dedicación, capacidad de escucha, autocrítica y, sobre todo, en la voluntad de adaptarse a un entorno cambiante. La gestión y el marketing de los destinos turísticos necesita una estrategia precisa, con objetivos que alcanzar y mucho sentido común. Este libro no pretende ser ni un manual completo ni la biblia de la gestión y el marketing de los destinos turísticos. No es el fruto de una investigación o estudio científico, sino una guía para comprender mejor qué es y cómo se hace la gestión y el marketing de los destinos turísticos. Es un libro que refleja lo que se debe hacer y cómo hacerlo en la gestión y el marketing de los destinos turísticos, desde una óptica práctica y pragmática. Aborda aspectos fundamentales de la gestión de un destino turístico, desde las diversas estrategias de planificación para el desarrollo, construcción y reinvención del destino, a las estrategias de marketing, imagen, posicionamiento y branding, sin olvidarse de la promocomercialización de las ofertas y productos turísticos del destino. Dicha promocomercialización es la nueva frontera en la gestión y marketing de los destinos turísticos porque responde a los modos y tendencias de la demanda y, fundamentalmente, porque facilita y apoya la labor promocional y de comercialización de los operadores turísticos. La simple promoción del destino es ya historia; el mercado demanda y reclama la promoción del destino y de los productos de éste de modo integral y coordinado. Se trata de poner en contacto la demanda con la oferta en modo innovador y con nuevas técnicas para obtener resultados satisfactorios. Es una obra que ofrece apoyo a todos los profesionales de la gestión y del marketing de los destinos turísticos, a todos los que desean afrontar nuevos retos (cont.)

Las agencias de viajes y de turismo Nicolae Petra, 1986

Destinos turísticos: viejos problemas ¿Nuevas soluciones? Joaquín Saúl García Marchante, Miguel Ángel Troitiño Vinuesa, María García Hernández, 2008-09-01 Esta publicación recoge una cincuentena de aportaciones referidas al turismo, al ocio y a los espacios de recreo. La potente capacidad transformadora relacionada con la actividad turística hace necesario debatir, no sólo sobre las características y problemáticas del desarrollo turístico de los últimos años, sino también sobre la

virtualidad de las estrategias y actuaciones acometidas, con la finalidad de evaluar su impacto territorial, económico y social. Tomando los destinos turísticos como principal eje argumental, ponencias, experiencias de interés y comunicaciones, plantean las complejas relaciones e interdependencias entre turismo y territorio en los destinos urbanos, los espacios rurales/interior y los litorales. Se trata, en suma, de una aportación, desde la Geografía, orientada a propiciar una reflexión serena sobre el papel del turismo en las dinámicas territoriales y sobre las características de los territorios turísticos que estamos construyendo en estos comienzos del siglo XXI.

Turismo de masas y modernidad: un enfoque sociológico Julio Aramberri, 2011-12 El turismo de masas moderno no es una desagradable consecuencia de la sociedad capitalista, sino una oportunidad para que la gente busque su felicidad. No es mayormente una relación entre extranjeros y locales, ya que el turismo doméstico es más importante que el internacional en casi todos los países. Tampoco es primordialmente un nexo entre sociedades ricas y sociedades pobres, dado que los flujos turísticos comunican a unos países desarrollados con otros. Está lejos de ser una conspiración para mantener la hegemonía cultural de los países ricos. Muchos otros la aceptan sencillamente porque prefieren los servicios que ofrece el mercado y se gastan libremente en ellos su renta disponible. Finalmente, el turismo no es la mayor fuerza globalizadora y sus efectos culturales palidecen ante los de otros medios de comunicación como la televisión o Internet. El turismo de masas solo puede considerarse insostenible por quienes creen que sostenibilidad equivale a desaparición del capitalismo y del mercado. Muchas de las propuestas para mitigar el cambio climático, que suelen equipararse con sostenibilidad, son exageradas y originarían gastos, estos sí, insostenibles. En suma, antes de desahuciar al turismo de masas, es menester poner en duda la arrogancia de la sabiduría académica y el autor lo logra con un gran despliegue de datos, sentido crítico y buen humor.

Turismo y promoción de destinos turísticos, 1996 El desarrollo del turismo y de la industria del ocio ha experimentado en los últimos años un proceso dinámico de evolución, tanto a nivel mundial como en nuestro país. En consecuencia, el sector turístico se ha convertido en una rama productiva de importancia creciente en ciertos países y regiones, convirtiéndose en un factor de gran trascendencia para el crecimiento económico y la generación y mantenimiento del empleo en dichos espacios geoeconómicos. Ha sido esta significativa importancia económica y social del turismo la que ha motivado a un conjunto de profesores de la comunidad universitaria a dedicar su labor investigadora a este sector. En este sentido, el presente volumen recoge las ponencias presentadas en el Curso de Verano celebrado en Gijón durante el mes de julio del año 1995. El objetivo del mismo ha sido poner de manifiesto los elementos necesarios a tener en cuenta en la promoción del turismo y en la potenciación de la demanda final.
