Sample Book Insights: #1 Jacob built a red BMX-style bike to carry him across the country. He didn't ride it much, instead opting to hike and camp. He sold his Volkswagen sedan and bought a bike, which he used to travel across the country. #2 Jacob spent two months riding from California to Washington, and he was last seen in a remote area of Olympic National Park on April 6. #3 Ranger Brian Wray went to search for Jacob, and found him dead in Olympic National Park. The four arrows were still stuck in the ground next to the bike. #4 Jacob built a red BMX-style bike to travel across country. [The Cold Vanish](#) Jon Billman,2020-07-07 Perfect for readers of Jon Krakauer and Douglas Preston, this authentic and encyclopedic book examines real-life cases of those who vanish in the wilderness without a trace (Roman Dial)—and those eccentric, determined characters who try to find them. These are the stories that defy conventional logic. The proverbial vanished without a trace incidences, which happen a lot more (and a lot closer to your backyard) than almost anyone thinks. These are the missing whose situations are the hardest on loved ones left behind. The cases that are an embarrassment for park superintendents, rangers and law enforcement charged with Search & Rescue. The ones that baffle the volunteers who comb the mountains, woods and badlands. The stories that should give you pause every time you venture outdoors. Through Jacob Gray's disappearance in Olympic National Park, and his father Randy Gray who left his life to search for him, we will learn about what happens when someone goes missing. Braided around the core will be the stories of the characters who fill the vacuum created by a vanished human being. We'll meet eccentric bloodhound-handler Duff and R.C., his flagship purebred, who began trailing with the family dog after his brother vanished in the San Gabriel Mountains. And there's Michael Neiger North America's foremost backcountry Search & Rescue expert and self-described bushman obsessed with

missing persons. And top researcher of persons missing on public wildlands Ex-San Jose, California detective David Paulides who is also one of the world's foremost Bigfoot researchers. It's a tricky thing to write about missing persons because the story is the absence of someone. A void. The person at the heart of the story is thinner than a smoke ring, invisible as someone else's memory. The bones you dig up are most often metaphorical. While much of the book will embrace memory and faulty memory—history—The Cold Vanish is at its core a story of now and tomorrow. Someone will vanish in the wild tomorrow. These are the people who will go looking.

Rivers of Blood Robert Scott,2012-03-01 It Took One Week To Kill Her. . . Restaurant manager Lisa Kimmell had been driving for hours to visit her family in Montana. She never arrived. Eight days later, her body was found floating in the North Platte River. . . .And Fifteen Years To Catch Him. The police knew Lisa had been tortured and raped for a week before she was finally murdered. But they had no suspects, no witnesses, no clues. Just a strange handwritten letter left on her gravestone. . . But The Pain Would Last Forever. . . Lisa's murder was never solved--and her car never found--until new DNA technology led police to Dale Wayne Eaton. Fifteen years had passed since Eaton kidnapped his unlucky victim at a Wyoming rest stop. But now police had forensic evidence, handwriting samples, and most incredibly: Lisa's car buried in the killer's yard. Eaton's capture shed horrifying new light on a series of unsolved disappearances. Were they the work of a serial killer? Dale Wayne Eaton's trial revealed a twisted loner driven by dark appetites--a monster without remorse. With 16 Pages Of Shocking Photos

**Sinister Lovers** Irene Hill,2025-09-21 Three bodies. One killer. And Detective Joe Higgins is running out of time. When young women start turning up strangled along a remote stretch of highway in Fremont County, Wyoming, newly promoted Detective Joe Higgins finds himself hunting a serial killer who seems to vanish like smoke. All the victims share one connection: local drug dealer Eddie Shue. But when Deputy Jake Stander's ex-wife disappears, the case becomes devastatingly personal. Joe's theory that she's the killer's next target is dismissed--until Joe's girlfriend Amanda is in a devastating car accident that leads them to Eddie's closet--and Jake's ex-wife. Just when Joe thinks he's closed the case, everything he believed proves wrong. The real killer is still out there, playing a deadly game with higher stakes than Joe ever imagined. And they've set their sights on the most important people in Joe's life. In a final, terrifying confrontation, Joe discovers that some predators don't just hunt their prey—they play with them first. The killer has been hiding in plain sight all along, and their endgame will shatter everything Joe thought he knew about justice, family, and trust.
