

Lafayette In The Somewhat United States

James Schouler

Lafayette in the Somewhat United States Sarah Vowell, 2016-10-04 From the bestselling author of *Assassination Vacation* and *The Partly Cloudy Patriot*, an insightful and unconventional account of George Washington's trusted officer and friend, that swashbuckling teenage French aristocrat the Marquis de Lafayette. Chronicling General Lafayette's years in Washington's army, Vowell reflects on the ideals of the American Revolution versus the reality of the Revolutionary War. Riding shotgun with Lafayette, Vowell swerves from the high-minded debates of Independence Hall to the frozen wasteland of Valley Forge, from bloody battlefields to the Palace of Versailles, bumping into John Adams, Thomas Jefferson, Lord Cornwallis, Benjamin Franklin, Marie Antoinette and various kings, Quakers and redcoats along the way. Drawn to the patriots' war out of a lust for glory, Enlightenment ideas and the traditional French hatred for the British, young Lafayette crossed the Atlantic expecting to join forces with an undivided people, encountering instead fault lines between the Continental Congress and the Continental Army, rebel and loyalist inhabitants, and a conspiracy to fire George Washington, the one man holding together the rickety, seemingly doomed patriot cause. While Vowell's yarn is full of the bickering and infighting that marks the American past—and present—her telling of the Revolution is just as much a story of friendship: between Washington and Lafayette, between the Americans and their French allies and, most of all between Lafayette and the American people. Coinciding with one of the most contentious presidential elections in American history, Vowell lingers over the elderly Lafayette's sentimental return tour of America in 1824, when three fourths of the population of New York City turned out to welcome him ashore. As a Frenchman and the last surviving general of the Continental Army, Lafayette belonged to neither North nor South, to no political party or faction. He was a walking, talking reminder of the sacrifices and bravery of the revolutionary generation and what the founders hoped this country could be. His return was not just a reunion with his beloved Americans it was a reunion for Americans with their own astonishing, singular past. Vowell's narrative look at our somewhat united states is humorous, irreverent and wholly original.

Study Guide Supersummary, 2020-02-23 SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 54-page guide for *Lafayette in the Somewhat United States* by Sarah Vowell includes detailed chapter summaries and analysis, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key

themes like American Mythology and War as an Opportunity.

Valley Forge Bob Drury, Tom Clavin, 2019-11-05 The #1 New York Times bestselling authors of *The Heart of Everything That Is* return with “a thorough, nuanced, and enthralling account” (The Wall Street Journal) about one of the most inspiring—and underappreciated—chapters in American history: the Continental Army’s six-month transformation in Valley Forge. In December 1777, some 12,000 members of America’s Continental Army stagger into a small Pennsylvania encampment near British-occupied Philadelphia. Their commander in chief, George Washington, is at the lowest ebb of his military career. Yet, somehow, Washington, with a dedicated coterie of advisers, sets out to breathe new life into his military force. Against all odds, they manage to turn a bobtail army of citizen soldiers into a professional fighting force that will change the world forever. Valley Forge is the story of how that metamorphosis occurred. Bestselling authors Bob Drury and Tom Clavin show us how this miracle was accomplished despite thousands of American soldiers succumbing to disease, starvation, and the elements. At the center of it all is George Washington as he fends off pernicious political conspiracies. The Valley Forge winter is his—and the revolution’s—last chance at redemption. And after six months in the camp, Washington fulfills his destiny, leading the Continental Army to a stunning victory in the Battle of Monmouth Court House. Valley Forge is the riveting true story of a nascent United States toppling an empire. Using new and rarely seen contemporaneous documents—and drawing on a cast of iconic characters and remarkable moments that capture the innovation and energy that led to the birth of our nation—Drury and Clavin provide a “gripping, panoramic account” (Publishers Weekly, starred review) of the definitive account of this seminal and previously undervalued moment in the battle for American independence.

The Wordy Shipmates Sarah Vowell, 2008-10-07 From the author of *Lafayette in the Somewhat United States*, *The Wordy Shipmates* is New York Times bestselling author Sarah Vowell's exploration of the Puritans and their journey to America to become the people of John Winthrop's city upon a hill, a shining example, a city that cannot be hid. To this day, America views itself as a Puritan nation, but Vowell investigates what that means? and what it should mean. What was this great political enterprise all about? Who were these people who are considered the philosophical, spiritual, and moral ancestors of our nation? What Vowell discovers is something far different from what their uptight shoe-buckles-and-corn reputation might suggest. The people she finds are highly literate, deeply principled, and surprisingly feisty. Their story is filled with pamphlet feuds, witty courtroom dramas, and bloody vengeance. Along the way she asks: *Was Massachusetts Bay Colony governor John Winthrop a communitarian, a Christlike Christian, or conformity's tyrannical enforcer? Answer: Yes! *Was Rhode Island's architect, Roger Williams, America's founding freak or the father of the First Amendment? Same difference. *What does it take to get that jezebel Anne Hutchinson to shut up? A hatchet. *What was the Puritans' pet name for the Pope? The Great Whore of Babylon. Sarah Vowell's special brand of armchair history makes the bizarre and esoteric fascinatingly relevant and fun. She takes us from the modern-day reenactment of an Indian massacre to the Mohegan Sun

casino, from old-timey Puritan poetry, where 'righteousness' is rhymed with 'wilderness,' to a Mayflower-themed waterslide. Throughout, *The Wordy Shipmates* is rich in historical fact, humorous insight, and social commentary by one of America's most celebrated voices. Thou shalt enjoy it.

Brothers at Arms Larrie D. Ferreiro,2016 Pulitzer Prize Finalist in History Winner of the Journal of the American Revolution 2016 Book of the Year Award The remarkable untold story of how the American Revolution's success depended on substantial military assistance provided by France and Spain, and places the Revolution in the context of the global strategic interests of those nations in their fight against England. In this groundbreaking, revisionist history, Larrie Ferreiro shows that at the time the first shots were fired at Lexington and Concord the colonists had little chance, if any, of militarily defeating the British. The nascent American nation had no navy, little in the way of artillery, and a militia bereft even of gunpowder. In his detailed accounts Ferreiro shows that without the extensive military and financial support of the French and Spanish, the American cause would never have succeeded. France and Spain provided close to the equivalent of \$30 billion and 90 percent of all guns used by the Americans, and they sent soldiers and sailors by the thousands to fight and die alongside the Americans, as well as around the world. Ferreiro adds to the historical records the names of French and Spanish diplomats, merchants, soldiers, and sailors whose contribution is at last given recognition. Instead of viewing the American Revolution in isolation, *Brothers at Arms* reveals the birth of the American nation as the centerpiece of an international coalition fighting against a common enemy.

Friedrich List's Exile in the United States Eugen Wendler,2015-10-12 This book presents new findings on the biography of Friedrich List, one of the world's most important and popular economists. Following List's tracks in Pennsylvania and discussing several new sources, the author, Eugen Wendler, focuses on List's life and exile in the United States between 1825 and 1832. This richly illustrated book is as informative as it is well written. The author is a respected expert on the life and work of Friedrich List.
