

Libretto Del Don Giovanni Di Mozart

Alison Latham

Mozart's Don Giovanni Wolfgang Amadeus Mozart, Ellen H. Bleiler, Lorenzo Da Ponte, 1985-01-01 Don Giovanni has been called the greatest opera ever composed, an almost perfect work. Along with Aida, La Boheme, and Carmen, Mozart's masterpiece is one of the most often performed operas. The work is so admired that when the Italian composer Gioacchino Rossini was asked which of his own operas he liked best, Rossini unhesitatingly replied, Don Giovanni. This Dover edition contains the standard Italian libretto of Don Giovanni, side by side with a complete new English translation. Convenient and portable, it also includes an informative Introduction, a complete List of Characters, and an easy-to-follow Plot Summary. All repeats are given in full, so you can follow the text as it is sung, without losing your place. With this inexpensive, handy guide, opera lovers can appreciate every word of Mozart's brilliant comic drama in the original Italian or in modern English. An ideal companion for reading along with a recording, a broadcast, or at the performance itself, this superb volume is a first-rate aid to enjoyment of one of the world's most celebrated operas.

Don Giovanni Wolfgang Amadeus Mozart, Lorenzo Da Ponte, Anna Biguzzi, 1997

Mozart's Don Giovanni Wolfgang Amadeus Mozart, Burton D. Fisher, Lorenzo Da Ponte, 2005 A comprehensive guide to Mozart's DON GIOVANNI, featuring insightful and in depth Commentary and Analysis, a complete, newly translated Libretto with Italian/English side-by side, and over 30 music highlight examples.

Words about Mozart Dorothea Link, Judith Nagley, 2005 Published as a tribute to the late Stanley Sadie, these eleven essays look at compositional and performance matters, consider new archival research and provide an overview of work since the bicentenary in 1991. Words About Mozart is published as a tribute to the late Stanley Sadie, musicologist, critic and editor of The New Grove Dictionary of Music and Musicians. Of the eleven essays presented here, three focus on compositional matters: Julian Rushton examines the dramatic meaning of a recurring motif in Idomeneo; Elaine Sisman sifts through the facts surrounding the genesis of Mozart's 'Haydn' quartets; and Simon Keefe matches up pairs of piano sonatas and concertos on the basis of their common compositional features. Cliff Eisen considers some problems of performing practice posed by the solo keyboard parts in Mozart's concertos, and Robert Philip surveys tempo fluctuations in a selection of historical recordings. Felicity Baker's detailed analysis of aspects of the Don Giovanni libretto is a welcome contribution from the field of literary criticism. Three studies offer new archival research: Neal Zaslaw uncovers the background to one of

Mozart's nonsense compositions; Dorothea Link examines the Viennese Hofkapelle and creates a new context for understanding Mozart's court appointment; and Theodore Albrecht proposes a candidate for Mozart's Zauberflötist. Christina Bashford considers an aspect of Mozart reception in 19th-century England connected with John Ella, and Peter Branscombe presents a comprehensive overview of research published since the bicentenary in 1991. The volume includes a full bibliography of Stanley Sadie's publications and broadcasts. Contributors: THEODORE ALBRECHT, FELICITY BAKER, CHRISTINA BASHFORD, PETER BRANSCOMBE, CLIFF EISEN, SIMON P. KEEFE, LEANNE LANGLEY, DOROTHEA LINK, ANDREW PORTER, ROBERT PHILIP, JULIAN RUSHTON, ELAINE SISMAN, NEAL ZASLAW

The Oxford Dictionary of Musical Works Alison Latham, 2004 Anyone interested in music often wants to place pieces in context, for example to know who wrote them, and when, and where they were first performed. The new Oxford Dictionary of Musical Works provides short articles on over 1750 pieces, including operas and ballets, and choral, vocal, orchestral, chamber, and instrumental pieces, including operas and ballets, choral, vocal, orchestral, chamber, and instrumental pieces. Other genres included are collections, national anthems, and traditional melodies. Each entry provides the essential information about each piece: the details of its genre, the composer, librettist, the number of movements or acts, and important dates surrounding the piece. Fully cross-referenced, the dictionary also includes an appendix of nicknamed compositions, such as the Pastoral Symphony, as well as an index of composers and a glossary of terms. Thorough and illuminating, the Oxford Dictionary of Musical Works is an absolute necessity for any music lover.

Finding List for the Music Library Princeton University. Library, 1909

Mozart's Ghosts Mark Everist, 2013-06-11 Mozart's Ghosts traces the many lives of this great composer that emerged following his early death in 1791. Crossing national boundaries and traversing two hundred years-worth of interpretation and reception, author Mark Everist investigates how Mozart's past status can be understood as part of today's veneration. Everist forges new paths to reach the composer, examining a number of ways in which Western culture has absorbed the idea of

Mozart, how various cultural agents have appropriated, deployed, and exploited Mozart toward both authoritarian and subversive ends, and how the figure of Mozart and his impact illuminate the cultural history of the last two centuries in Europe, England, and America. Modern reverence for the composer is conditioned by earlier responses to his music, and Everist argues that such earlier responses are more complex than allowed by a simple reception studies model. Closely linking nine case studies in an innovative cultural and theoretical framework, the book approaches the developing reputation of the composer from death to the present day along three paths: *Phantoms of the Opera* deals with stage music, *Holy Spirits* addresses the trope of the sacred, and *Specters at the Feast* considers the impact of Mozart's music in literature and film. *Mozart's Ghosts* adeptly moves the study of Mozart reception away from hagiography and closer to cultural and historical criticism, and will be avidly read by Mozart scholars and students of eighteenth-century music history, as well as literary critics, historians of philosophy and aesthetics, and cultural historians in general.
