**The Oxford History of Historical Writing** Stuart Macintyre, Juan Maiguashca, Attila Pók, 2011-10-27 Volume 4 of The Oxford History of Historical Writing offers essays by leading scholars on the writing of history globally from 1800 to 1945. Divided into four parts, it first covers the rise, consolidation, and crisis of European historical thought, and the professionalization and institutionalization of history. The chapters in Part II analyze how historical scholarship connected to various European national traditions. Part III considers the historical writing of Europe's 'Offspring': the United States, Canada, South Africa, Australia, New Zealand, Mexico, Brazil, and Spanish South America. The concluding part is devoted to histories of non-European cultural traditions: China, Japan, India, South East Asia, Turkey, the Arab world, and Sub-Saharan Africa. This is the fourth of five volumes in a series that explores representations of the past from the beginning of writing to the present day, and from all over the world. This volume aims at once to provide an authoritative survey of the field, and especially to provoke cross-cultural comparisons.

**Patriotas, cosmopolitas y nacionalistas** Lilia Ana Bertoni, 2020-12-21 En el siglo XIX, la formación de una nacionalidad propia fue un eje central en la construcción de las naciones modernas. En la Argentina ese proceso, simultáneo con la llegada masiva de inmigrantes, implicó un desafío para la formación de los ciudadanos. Se impulsó así un amplio movimiento de carácter nacional, que abarcó instituciones públicas y asociaciones privadas, actividades políticas, culturales y educativas, campañas de opinión y movilizaciones patrióticas. Entonces se pusieron de manifiesto diferentes concepciones de la nación: la de un patriotismo inclusivo, que reconocía la diversidad de la sociedad, y la de un patriotismo nacionalista, que postulaba una sociedad culturalmente homogénea y una raza nacional. Para reconstruir la trama de este complejo proceso, Lilia Ana Bertoni muestra cuáles fueron las estrategias políticas y discursivas en torno de la cuestión nacional, las emociones y tradiciones culturales puestas en juego, el papel atribuido a la escuela y los dispositivos simbólicos que debían activarse para

nacionalizar una sociedad de orígenes muy diversos. Lúcido y brillante, Patriotas, cosmopolitas y nacionalistas es un clásico de la historiografía argentina.
