Thomas Oliver

Decoding Coca-Cola Robert Crawford, Linda Brennan, Susie Khamis, 2020-12-07 This collection of essays delves into the Coke brand to identify and decode its DNA. Unlike other accounts, these essays adopt a global approach to understand this global brand. Bringing together an international and interdisciplinary team of scholars, Decoding Coca-Cola critically interrogates the Coke brand as well its constituent parts. By examining those who have been responsible for creating the images of Coke as well as the audiences that have consumed them, these essays offer a unique and revealing insight into the Coke brand and asks whether Coca-Cola is always has the same meaning. Looking into the core meaning, values, and emotions underpinning the Coca-Cola brand, it provides a unique insight into how global brands are created and positioned. This critical examination of one of the world's most recognisable brands will be an essential resource for scholars researching and teaching in the fields of marketing, advertising, and communication. Its unique interdisciplinary approach also makes it accessible to scholars working in other humanities fields, including history, media studies, communication studies, and cultural studies.

Fake History Jo Teeuwisse, 2023-10-12 ****An International Bestseller**** Fake news about the past is fake history. Did Hugo Boss design the Nazi uniforms? Did medieval people think the world was flat? Did Napoleon shoot the nose off the Sphinx? ***Spoiler Alert*** The answer to all those questions is no. From the famous quote 'Let them eat cake' - mistakenly attributed to Marie Antoinette - to the apocryphal horns that adorned Viking helmets, fake history continues to shape the story we tell about who we are and how we got here. With doctored photographs, AI-generated images and false claims about the past circulating in the news and on social media, separating fact from fiction seems harder than ever before. Jo Hedwig Teeuwisse, better known as The Fake History Hunter, is on a one-woman mission to hunt down fake history and reclaim the truth for the rest of us. In this fascinating and illuminating book, Teeuwisse debunks 101 myths so you can correct your friends and family, and arm yourself with the tools to spot and debunk fake history wherever you encounter it.

The Real Coke, the Real Story Thomas Oliver, 2013-10-09 "Examines why the set-in-its-ways Coca Cola Company tampered with a drink that had become an American institution—and blundered into one of the greatest marketing triumphs of all time."—New York On April 23, 1985, the top executives of the Coca-Cola Company held a press conference in New York City. News had leaked out that Coke, the king of soft drinks, would no longer be produced. In its place the Coca-Cola

Company would offer a new drink with a new taste and would dare call it by the old name, Coca-Cola. The new Coke was launched—and the reaction of the American people was immediate and violent: three months of unrelenting protest against the loss of Coke. So fierce was the reaction across the country that it forced a response from the Coca-Cola Company. Stunned Coca-Cola executives stepped up to the microphone and publicly apologized to the American people. They announced that the company would reissue the original Coca-Cola formula under a new name, Coke Classic. The Real Coke, the Real Story is the behind-the-scenes account of what prompted Coca-Cola to change the taste of its flagship brand—and how consumers persuaded a corporate giant to bring back America's old friend.

Second That Emotion Jeremy D. Holden, 2012-09-18 An advertising and communications expert traces the fascinating process whereby a passion for an idea, a politician, a celebrity, or a brand gives rise to a set of illogical beliefs that becomes the basis for a powerful movement. Conventional wisdom has it that spin doctors and Madison Avenue are responsible for manipulating our thoughts, causing us to endorse ideas or buy products that we would otherwise reject outright. Holden shows that while advertising and propaganda can provide a spark and social media provides the kindling, individuals create consumer, political, and cultural trends based, more often than not, on thinking that they know logically to be flawed. For businesspeople who want to see their company or brand break through, this book is both essential and entertaining reading. For the rest of us, the author provides a window into our decision-making processes, and how emotion-based illogical leaps drive our support for movements, whether they are political, commercial, or related to popular culture.

Communication Research , 1992

Spanning the Decades, 1902-2002 American Chamber of Commerce of the Philippines, 2003 It describes the unrequited LoveHate [sic] relationship between the US and the Philippines over the past century - from US political tutelage to firebrand nationalism, from the eager embrace of American education to the cultural influences of art, music, sport, literature, theater

and yes, the franchise frenzy of fast food. It also examines just how the business community grew with the nation, from territory to colony to commonwealth, through the Second World War to independence - the excesses of martial law during the Marcos era, people power revolts and coup attempts--Dust jacket.

Atlanta Mark Beffart,Fodor's Travel Publications, Inc,1998-01-20 Juggling a family and a career is never easy - and it's becoming a real challenge for Sheriff Joanna Brady. Coping with the impending delivery of her second child as well as a staff shortage, the last things Joanna needs are two serious crimes. First, the body of an unidentified man is found in the desert, all of his fingers savagely severed. Following the scant clues, Joanna learns that the victim was an ex-con who had served twenty years in prison after confessing to the murder of his pregnant wife. During his last days he was seen following and photographing a young woman. Then one of Joanna's officers is brutally attacked and left for dead while on an unauthorized stakeout. Because the officer is one of its own, the department throws its resources into finding her attacker. But the murder haunts Joanna. Being a sheriff is no longer an empty position she wants to hold - somehow it has become what she is. Her job is to avenge man's inhumanity toward man, and finding out who the victim was and why he is dead is what she has been summoned to do with her life. Strapping on a bulletproof vest, she'll risk everything to see that justice is done.--BOOK
