*Mana Maori and Christianity* Hugh Morrison, Lachy Paterson, Brett Knowles, Murray Rae, 2012-06-01 This book examines encounters between the Christian church and Maori. Christian faith among Maori changed from Maori receiving the missionary endeavours of Pakeha settlers, to the development of indigenous expressions of Christian faith, partnerships between Maori and Pakeha in the mainline churches, and the emergence of Destiny Church. The book looks at the growth, development and adaptation of Christian faith among Maori people and considers how that development has helped shape New Zealand identity and society. It explores questions of theology, historical development, socio-cultural influence and change, and the outcomes of Pakeha interactions with Maori.

Global Pentecostal and Charismatic Healing Candy Gunther Brown, 2011 Divine healing is an essential marker of the global phenomenon of Pentecostal and Charismatic Christianity. But although we know that healing is central in these movements, we know surprisingly little about how divine healing beliefs and practices reflect the interplay of local and global patterns of cultural development. The essays in this collection seek to discover what is the same and what is different about such beliefs and practices in diverse contexts, trace formal and informal lines of cultural influence across geographic and national boundaries, and ask how healing both reflects and contributes to larger processes of globalization. The collection not only fleshes out a picture of how and why spiritual healing is practiced in diverse cultural contexts and how healing practices reflect and shape the transnational spread of Christianity; it also provide insight into the nature of globalization. The authors attend to a wide range of issues, including the theological rationales for divine healing; the symbolic objects and ritual enactments employed; the cultural controversies surrounding these practices; the relationship between Christian healing and local or indigenous healing traditions; whether an emphasis on financial prosperity is always present; and the

extent to which Pentecostal and Charismatic churches are networked and the role of healing in such networks. With nearly all new essays, this informative volume, edited by Candy Gunther Brown, contains a forward by Harvey Cox and contributions from an international team of sixteen professors, academics, and scholars.

**Murder at the Table of Fools** Charles E. Schwarz, 2014-10-30 At a midget football banquet, five fathers attend to honor their sons and end up poisoned. Four survive, while one ends up dead. The Lonely Detective is one of the survivors, and suddenly, hes got a new, dastardly case on his hands. Who would try to poison a man at an event intended to honor his own son? The Lonely Detective first interviews the wives, his own included, to see if any of the women had opportunity or motive. He has to face the facts: everyone is a suspect. Along the trail, there are emotional social workers concerned with the childrens mental health. There are also cautious, politically correct detectives who do nothing but get in the way. In the wives, there is no shortage of suspicion, as the Lonely Detective discovers poverty, jealousy, and vengeance. Oh, and theres the bit about a mistress. Next up are the literary agents, out for a book deal, and TV personalities, too. The dead mans memorial is replete with media and cheerleaders. Honestly, the Lonely Detective cant get a break until his case breaks itself apart.
