Brad Thor Collectors' Edition #1 Brad Thor, 2011-05-31 A thrilling boxed set including *The Lions of Lucerne*, *Path of the Assassin*, and *State of the Union*, from #1 New York Times bestselling author Brad Thor. Both a must-have for any fan of Brad Thor and the perfect introduction to his masterful thrillers, this handsomely bound edition is one of four special Collector's Editions, available now. Follow counterterrorism operative and ex-SEAL Scot Harvath's action-packed exploits, and discover why Brad Thor has been called "America's favorite author" (KKTIX). *The Lions of Lucerne* On the snow-covered slopes of Utah, the President of the United States has been kidnapped and his Secret Service detail massacred. Only one agent has survived: ex-Navy SEAL Scot Harvath. He doesn't buy the official line that Middle Eastern terrorists are behind the attack and begins his own campaign to find the truth and exact revenge. But now, framed for murder by a sinister cabal, Harvath takes his fight to the towering mountains of Switzerland—and joins forces with brilliant Claudia Mueller of the Swiss Federal Attorney's Office. Together they must brave the subzero temperatures and sheer heights of treacherous Mount Pilatus—where their only chance for survival lies inside the den of the most lethal team of professional killers the world has ever known. *Path of the Assassin* After rescuing the president from kidnappers in Brad Thor's roaring bestseller *The Lions of Lucerne*, Navy SEAL turned Secret Service Agent Scot Harvath shifts his attention to rooting out, capturing, or killing all those responsible for the plot. As he prepares to close out his list, a bloody and twisted trail of clues points toward one man—the world's most ruthless terrorist. One problem remains: Harvath and his CIA-led team have no idea what the man looks like. With no alternative, they recruit a civilian—a woman who has survived a brutal hijacking and is now the only person who can positively identify their quarry. From the burning deserts of North Africa to the winding streets of Rome, Harvath must brave a maelstrom of bloodshed and deception before a madman's twisted vision engulfs the world in the fires of all-out war. *State of the Union* America's worst nightmare has just become a brutal reality. The most unlikely terrorist enemy of all now holds a knife against the country's throat. With both diplomatic and conventional military options swept from the table, the president calls upon Navy SEAL turned Secret Service agent Scot Harvath to disable a brilliantly orchestrated conspiracy intended to bring the United States to its knees. Teamed with talented Russian Intelligence agent Alexandra Ivanova and a highly trained CIA paramilitary detachment, Harvath embarks on an adrenaline-fueled search that spans the world—and leads to a final, deadly showdown on American soil, with a lethal enemy from the past.

Good Luck Sir...Sorry You Lose! George M. Dean, 2020-04-10 Good Luck Sir... Sorry You Lose! is a lighthearted, sometimes quirky, look at the Las Vegas gaming business, through the eyes of a casino dealer. It follows the author's dealing career, told in chronological order, from 1980 until his retirement in 2018. During that time, he experienced lessons that were never taught in dealer's school, such as staying composed while encountering irate and contemptible personalities. And those were just the other dealers. Our author also delves into the mind-set of the true gambler. From the desperation of the local player trying to parlay his meager buy-in into the two-week late rent on his apartment, to the high-rolling whale who thinks nothing of continuing to wager two hundred thousand dollars per hand in baccarat. Throughout this book, there is some laughter and there is tragedy, but in the end, one comes to realize that this truly is a study in humanity.

The First History of Man John Bershof, MD, 2024-05-16 In the spirit of medieval writer Chaucer, all human activity lies within the artist’s scope, the History of Man Series uses medicine as a jumping off point to explore precisely that, all history, all science, all human activity since the beginning of time. The jumping off style of writing takes the reader, the listener into worlds unknown, always returning to base, only to jump off again. History of Man are stories and tales of nearly everything. The First History of Man uses infection in general—bacteria, viruses, fungus, parasites, epidemics & pandemics, COVID-19—to lay the foundation for the next five books, narratives and stories that delve deeper into human infectious diseases. This first volume jumps off into accounts of the Big Bang Theory—the real one, but also the sitcom—the origin of the Universe, from atoms to DNA to us and how exactly it happened. In our journey we’ll explore Einstein and Newton who were probably aliens (he said jokingly), the Roman Empire, British history and all those wives of King Henry VIII, the why and how of the Protestant Reformation, why Pluto lost its planet status in our solar system, what exactly is the sweet spot of a solar system, all the while digging up some archeology, and even paying a visit with Dr. Livingstone, I presume. We’ll trudge from the top of Everest, the highest point on Earth, to the bottom of the Mariana Trench, the lowest point on Earth, and LUA in between, the Last Universal Ancestor that gave rise to all life on Earth.
