Weird Confucius Zhao Lu, 2024-03-21 Spanning antiquity until the present, Zhao Lu analyses the eclectic and fictitious representations of Confucius that have been widely celebrated by communities of people throughout history. While mainstream scholarship mostly considers Confucius in terms of his role as a celebrated man of wisdom and as a teacher with a humanistic worldview, Zhao addresses the weirder representations. He considers depictions of Confucius as a prophet, a fortune-teller, a powerful demon hunter, a shrewd villain of 19th century American newspapers, an embodiment of feudal

evils in the Cultural Revolution, and as a cute friend. Zhao asks why some groups would risk contradicting the well-accepted image of Confucius with such representations and shows how these illustrations reflect the specific anxieties of these communities. He reveals not only how people across history perceived Confucius in diverse ways, but more importantly how they used Confucius in daily life, ranging from calming their anxiety about the future, to legitimizing a dynasty, stereotyping Chinese people, and even to forging a new sense of history.

Sexy Girls, Heroes and Funny Losers Maya Götz, Dafna Lemish, 2012 Sexy Girls, Heroes and Funny Losers: Gender Representations in Children's TV around the World presents the most comprehensive study to date of gender images on children's television. Conducted in 24 countries around the world, the study employed different methodologies and analyses. The findings illustrate how stereotypes of femininity and masculinity are constructed and promoted to children. It presents findings that may well require even the most cynical observer to admit that, despite some great strides, children's television worldwide is still a very conservative force that needs to be reimagined and transformed!
