"It Always Seems Impossible Until It's Done." Kathryn Petras, Ross Petras, 2014-04-22 Pursuing a dream is hard work, but the right words delivered at the right time—by people who've been there and done that—can give us just the motivation we need. The right words can rekindle our enthusiasm, re-energize our efforts, dispel doubt, let us know we're not alone, and show us that the fight is worth it—and winnable. Kathryn and Ross Petras are masters at choosing and delivering just the right words. Their books—such as "Age Doesn't Matter Unless You're a Cheese" and "Dance First. Think Later."—and bestselling calendar, *The 365 Stupidest Things Ever Said*, have over 5.2 million copies in print. Now comes a book for dreamers and doers, plus writers, entrepreneurs, graduates, artists, future movers and shakers. Collecting the hard-won, brilliantly expressed advice from pioneers who have paved the way, including everyone from Rumi to Steve Jobs, Michelangelo to Oprah to Tina Fey, "It Always Seems Impossible Until It's Done" is like a rousing locker-room speech, inspiring courage, commitment, and perseverance. "I've missed more than 9,000 shots in my career. I've lost almost 300 games. 26 times, I've been trusted to take the game-winning shot and missed. I've failed over and over and over again in my life. And that is why I succeed." —Michael Jordan "Go for it, baby! Life ain't no dress rehearsal." —Tallulah Bankhead "Perfection is like chasing the horizon. Keep moving." —Neil Gaiman "If you aren't in over your head, how do you know how tall you are?" —T. S. Eliot "It always seems impossible until it's done." —Nelson Mandela

Move The Body, Heal The Mind Jennifer Heisz, 2022-03-08 A noted neuroscientist reveals groundbreaking research on how fitness and exercise can combat mental health conditions such as anxiety, dementia, ADHD, and depression, and offers a plan for improving focus, creativity, and sleep. Jennifer Heisz shares paradigm-shifting research on how exercise affects the brain, finding that intervals of intense workouts, or even leisurely walks, help stop depression and dementia, lessen anxiety and ADHD, and encourage better sleep, creativity, and resilience. Physical inactivity is the greatest risk factor contributing to dementia and anxiety—it's as much a factor as genetics. In addition, exercise's anti-inflammatory properties make it the most effective treatment strategy for those who are depressed and don't respond to anti-depressants. The book focuses on overcoming inertia; using exercise to help fight addictions; how we can improve our memory with fitness even as we age; and, importantly, how exercise can help us sleep better, improve focus, and be more creative. Included are easy to use plans for unique aerobic and resistance workouts designed to strengthen the brain.

Napkin Notes Garth Callaghan, 2014-10-28 Garth Callaghan doesn't know how long he has to live. But he can be certain of one simple thing: No matter his fate, his daughter, Emma, will find a handwritten note inside her lunchbox each day until she graduates from high school. Cancer has given Garth Callaghan a new purpose: to inspire parents to connect more with their children even in small ways, as he has done before and since his diagnosis by tucking a napkin note into his daughter's lunch every day. Every morning as he packs Emma's lunch, Garth adds a little surprise: a "napkin note"—a short, tender message to convey his love, encouragement, and pride. Garth began writing his napkin notes when Emma was in grade school, and as she grew up, his notes became more meaningful. Shortly after Emma turned twelve, Garth learned he had kidney cancer. Determined to make the time he has left meaningful, he has compiled years' worth of notes to get his daughter through her high school graduation. Now, in this moving book, a blend of inspiration and memoir, he makes his remarkable legacy available to all of us, to deepen our relationships with our own children and those we love. Garth introduces each chapter with a napkin note and then shares a story connected to it and to his life. In the vein of *The Last Lecture*, *Tuesdays with Morrie*, and *Until I Say Good-bye*, *Napkin Notes* is an inspiring tale of family, love, and wisdom. Beautifully written, tender, and wise, it is sure to warm the hearts and touch the souls of readers everywhere.

Social Change 2.0 David Gershon, 2009 If change is the mantra of our moment in history, Social Change 2.0 may be poised to become its bible. Drawing on his three decades in the trenches of large-scale societal transformation, David Gershon—founder and president of Empowerment Institute, and described by the United Nations as a graceful revolutionary—offers an original and comprehensive roadmap to bring about fundamental change in our world. His goal is to empower change agents to tackle pressing social problems or unmet social needs by providing them with strategies and tools to effect transformative change at any level of scale. From his initiation as architect of the United Nations-sponsored First Earth Run—a mythic passing of fire around the world symbolizing humanity's quest for peace on earth that drew tens of millions of participants, the planet's political leaders and, through the media, over a billion people at the height of the cold war—to his recent climate-change work helping citizens, cities, and entire states measurably reduce their carbon footprint (using his book Low Carbon Diet), Gershon offers readers strategies to evolve an effective new model for social change. These include: The first comprehensive social-change model with proven, practical strategies and tools to either launch a social change initiative or improve the efficacy of any existing change program. A Practitioner's Guide accompanying each chapter, to help readers apply this social change framework to their initiative. The result is a riveting, enlightening, and inspiring book that will quickly find its way onto the desks—and into the hearts—of the tens of thousands of change agents engaged in the work of

building a better world. Social Change 2.0 speaks to a wide range of practitioners across the spectrum of social change including social and environmental activists, social entrepreneurs, community organizers, and civic, government, and business leaders, as well as the vast number of baby boomers looking for a way to give back and the millennials just raring to go.

Cascades: How to Create a Movement that Drives Transformational Change Greg Satell, 2019-04-26 What does it take to change the world? This book will show you how to harness the power of CASCADES to create a revolutionary

movement! If you could make a change—any change you wanted—what would it be? Would it be something in your organization or your industry? Maybe something it's in your community or throughout society as a whole? Creating true change is never easy. Most startups don't survive. Most community groups never get beyond small local actions. Even when a spark catches fire and protesters swarm the streets, it often seems to fizzle out almost as fast as it started. The status quo is, almost by definition, well entrenched and never gives up without a fight. In this groundbreaking book, one of today's top innovation experts delivers a guide for driving transformational change. To truly change the world or even just your little corner of it, you don't need a charismatic leader or a catchy slogan. What you need is a cascade: small groups that are loosely connected but united by a common purpose. As individual entities, these groups may seem inconsequential, but when they synchronize their collective behavior as networks, they become immensely powerful. Through the power of cascades, a company can be made anew, an industry disrupted, or even an entire society reshaped. As Satell takes us through past and present movements, he explains exactly why and how some succeed while others fail.
