Miradas Sobre Pasado Y Presente en El Cine Espanol (1990-2005) Pietsie Feenstra, Hub Hermans, 2008 El cine español contemporáneo (1990-2005) dedica mucha atención a la rememoración del pasado (Segunda República, la Guerra Civil, el período franquista, etc.) y la realidad social (el paro, la violencia doméstica, inmigración, eutanasia, etc.). Directores renombrados como Pedro Almodóvar, Alejandro Amenábar, Fernando León de Aranoa, Icíar Bollaín, o Isabel Coixet, muestran este interés dentro de sus miradas cinematográficas. La gran popularidad de este cine ha estimulado su migración en pantallas ajenas y dentro de contextos universitarios nacionales e internacionales. Este libro reúne unos veinte artículos, de investigadores americanos y europeos, que ilustran las múltiples tradiciones culturales en vigor dentro de los estudios cinematográficos, y que se enfocan al mismo tiempo en el tema central del libro: ¿Cómo se puede leer, la mirada de los autores españoles, sobre el pasado y el presente, dentro del contexto de su cine nacional?

Pólvora, sangre y sexo Assen Kokalov, 2014-03-01 The book examines the links between literature and film in Latin

America by using queer theory and a series of recent cultural productions whose arguments destabilize traditional gender roles and heteronormative masculinity. For many years, the connections between a literary text and its film adaptation have been considered only from the point of view of the latter's fidelity to the written work, which many scholars imagined to be the original that filmmakers needed to respect. Within the last two decades, however, the idea of adaptation fidelity has been challenged by a number of critics who refute the existence of an original text and promote the notion of an ambiguous and complex relationship between a literary work and its film adaptation. Based on such developments and with the help of queer theory, this book questions and revises several crucial theoretical approximations that analyze the relations between the two art forms in an attempt to overcome the limitations of fidelity discourse. This is the first book-length study that seeks to examine, with the appropriate detail, the connections between film and literature in Latin America through the lenses of queer theory and by focusing on the representations of numerous practices that do not fit within the general framework of heteronormative sexuality.

En el transcurso de su lectura, la dama es interrumpida por un ser que la advierte de lo que ha sucedido por abrir aquel libro y que los Santos de los que ella narra en su historia son reales y que vienen en camino con una premicia; tomar la vida de Santa Esmeralda y con ello evitar el fin del mundo.
