Less Than Zero Bret Easton Ellis, 1998-06-30 NEW YORK TIMES BESTSELLER • The timeless classic from the acclaimed author of *American Psycho* about the lost generation of 1980s Los Angeles who experienced sex, drugs, and disaffection at too early an age. • The basis for the cult-classic film Possesses an unnerving air of documentary reality. —The New York Times They live in a world shaped by casual nihilism, passivity, and too much money in a place devoid of feeling or hope. When Clay comes home for Christmas vacation from his Eastern college, he re-enters a landscape of limitless privilege and absolute moral entropy, where everyone drives Porsches, dines at Spago, and snorts mountains of cocaine. He tries to renew feelings for his girlfriend, Blair, and for his best friend from high school, Julian, who is careering into hustling and heroin. Clay's holiday turns into a dizzying spiral of desperation that takes him through the relentless parties in glitzy mansions, seedy bars, and underground rock clubs and also into the seamy world of L.A. after dark.

Less Than Zero, 1987 Drama about the wealthy, nihilistic, and drug-using young adults of Los Angeles. Film focuses on dopehead Julian, straightlaced Clay, and Clay's girlfriend Blair, the latter two desperately trying to help Julian clean up, but to no avail. In fact, Julian's problem becomes even worse, largely due to his sleazy, unsympathetic drug dealer. Friendship is central to these characters as they try to find their way in the fast lane on the fastest track of all - the disengaged, super affluent, young Beverly Hills lifestyle. LESS THAN ZERO is based on Bret Easton Ellis's novel of the same name and stars Andrew McCarthy, James Spader, Robert Downey Jr., and Jami Gertz.

Simulacra and Nothingness in Bret Easton Ellis' "Less Than Zero" Katharina Wagner, 2020-02-05 Seminar paper from the year 2015 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Cologne (Englisches Seminar I), course: American Postmodern Literature, language: English, abstract: With his debut novel *Less Than Zero*, Bret Easton Ellis set a milestone for a generation, who needed a voice. First published in 1985 when he was 21 and still at Bennington College, Ellis is now considered as the 'celebrity author' of the postmodern era, using the minimalist style for which the novel became famous. Writers of postmodern fiction, also called 'Blank Fiction', elegantly use a minimalist plot with flat characters in a simple style and as validated member of the 'Brat Pack', Ellis combines urban life, violence, drugs and consumerism. In the novel we follow Clay, the 18-year-old protagonist and student at Camden College in New Hampshire, coming back to Los Angeles for Christmas break. Experiencing several parties, concerts, affairs and drugs with his old friends, Clay explores the apathy, boredom and alienation from his old life. Although criticized for Ellis's straight nihilism, integrating his own celebrity persona into his art and creating a universe of immature characters who seem to grow older but without any growing effect, it is questionable, if *Less Than Zero* is only just that – a world inhabited by rich and shallow characters without any purpose. With the help of Jean Baudrillard's simulation theory and Sartre's theory of Being and Nothingness, which will be introduced before analyzing the novel, this paper will address Clay's world of simulacra and Nothingness and argue for this being the purpose of the novel; creating a meaningless world. Through conversations and media, a Clay becomes visible, who seeks for more beyond the surface and shallowness and although the novel does not seem to follow a red thread, it suggests that Ellis as an author of 'blank fiction' is well aware of what he is doing with *Less Than Zero*. How can a novel be a how-to-torture, but also a book of serious ambition? (Baelo-Allué 2011) This paper will show that an 'in-between' is possible; an 'in-between' between "pornographic gore" and "serious postmodern literature" - and maybe the two phrases do not contradict each other so much as assumed.

The Great Investors will have a permanent place on my desk.' Mark Sheridan, Executive Director, Nomura International PLC Leading investors such as Warren Buffett, Benjamin Graham, Sir John Templeton, George Soros and Anthony Bolton are known throughout the world. How did these people come to be so successful? Which strategies have they used to make their fortunes? And what can you learn from their techniques? In *The Great Investors*, Glen Arnold

succinctly and accurately describes the investment philosophies of the world's greatest investors. From the foreword: 'There are some very special people who seem to possess an exceptional talent for acquiring wealth. I want to explore not just the past triumphs of these masters, but also the key factors they look for as well as the personality traits that allow them to control emotion and think rationally about where to place funds. How does a master of investment hone skills through bitter experience and triumph to develop their approach to accumulating wealth?' Glen Arnold *The Great Investors* is the story of a number of remarkable men: John Templeton, George Soros, Warren Buffett, Benjamin Graham, Philip Fisher, Peter Lynch, Anthony Bolton and John Neff. Whether you're new to investing, have had success in the markets, or you're a professional investor or fund manager, you'll benefit from reading about their proven, and successful, trading philosophies. *The Great Investors* will show you how to:

- See the wood for the trees and not over complicate your portfolio
- Learn from your investing
- Be self reliant, stand aside from the crowd and follow your own logic
- Take reasonable risk
