**Tom Pendergast, Sara Pendergast**

**Let It All Hang Out** RuPaul, 1995 Part autobiography, part how-to manual, superstar RuPaul comes out and comes clean with the full story of his remarkable rise and rise.

*The Makeup of RuPaul's Drag Race* Jim Daems, 2014-10-13 Start your engines--for the fun, controversy and life lessons of RuPaul's Drag Race and its spinoff, RuPaul's DragU. This international collection of original essays critically examines the shows' representation of drag within the contexts of the reality TV genre and LGBTQ issues. Contributors focus on the structure of the two programs, the subversive nature of drag itself, the treatment of trans contestants, the issues of race, the language and the shows' handling of LGBTQ political issues. A comprehensive discussion is provided of the shows' premise, the host and the contestants through six seasons of Drag Race and the three seasons of DragU.

**RuPaul's Drag Race and the Cultural Politics of Fame** John Mercer, Charlie Sarson, Jamie Hakim, 2023-10-10 This book explores the connections between drag stardom and contemporary sexual and cultural politics in the RuPaul's Drag Race franchise. With Drag Race alumni achieving fame in fields such as music, fashion, theatre and beyond, this edited collection interrogates the relationships between gender, sexuality, performance, identity and celebrity culture that lie at the very heart of the show. RuPaul's Drag Race has recently completed its 15th season after having won 26 Emmys. The show is a popular culture phenomenon, broadcasting drag into the homes of middle America, spawning spin off shows and an ever-expanding international franchise. Its success has made global stars of its host, guest judges and contestants alike. This edited collection explores the connections between drag stardom and contemporary sexual and cultural politics that RuPaul's Drag Race stages and dramatizes. Alumni of Drag Race have gone on to become globally famous. Adore Delano and Sharon Needles have launched music careers. Violet Chachki is the first drag model to become the face of Bettie Page Lingerie whilst Jinkx Monsoon has achieved success as a Broadway star. In 2017 RuPaul was named as one of Time Magazine's 100 Most Influential People. Above everything else RuPaul's Drag Race is a show about celebrating the glamour, artifice and the labour of fame. Whilst Drag Race has already attracted scholarly attention (Brennan & Gudelunas eds. 2017) the relationships between gender, sexuality, performance, identity and celebrity culture that lie at the heart of its dynamic and appeal remain to be explored. RuPaul's Drag Race and the Cultural Politics of Fame will be a key resource for academics, researchers, and advanced students of Media and Cultural Studies, Gender Studies, Performing Arts, Media and Film

Studies, Communication Studies and Sociology. The chapters included in this book were originally published as a special issue of *Celebrity Studies*.

*Shotgun Seamstress* Osa Atoe, 2022-11-29 A cut & paste celebration of Black punk and outsider identity, this is the only complete collection of the fanzine Shotgun Seamstress, a legendary DIY project that centered the scope of Blackness outside of mainstream corporate consumerist identity. In 2006, Osa Atoe was inspired to create an expression out of the experience of being the only Black kid at the punk show—and Shotgun Seamstress was born. Like a great mixtape where radical politics are never sidelined for an easier ride, Shotgun Seamstress was a fanzine by and for Black punks that expressed, represented, and documented the fullest range of being, and collectively and individually explored “all of our possibilities instead of allowing the dominant culture to tell us what it means to be Black.” Laid out by hand, and photocopied and distributed in small batches, each issue featured essays, interviews, historical portraits of important artists and scenes, reviews, and more, all paying tribute to musicians and artists that typify free Black expression and interrupt notions of Black culture as a monolith. Featuring figures such as Vaginal Cream Davis, the seminal Black punk band Death, Poly Styrene, Bay Area rocker Brontez Purnell, British post-punker Rachel Aggs, New York photographer Alvin Baltrop, Detroit garage rocker Mick Collins and so many others, in the pages of this book rock’n’roll is reclaimed as Black music and a wide spectrum of gender and sexuality is represented. Collecting and anthologizing the layouts as they were originally photocopied by hand, this collection comprises all eight issues created between 2006 and 2015.

*Territories of Desire in Queer Culture* David Alderson, Linda R. Anderson, 2000 These essays highlight the shifting sets of relationships which determine the forms taken by desire. They argue that the spread of the subject within and across geographic, ethnic, class and gender boundaries makes a difference to the ways in which desire is theorized, experienced and represented.

*Dispatches from the Tenth Circle* Robert Siegel, 2001 The Onion is laugh-out-loud, go-tell-your-friends, get-angry-you-didn't-think-of-it-funny. -Conan O'Brien Outside of maybe Dario Fo, an Italian who few are sure exists, the Onion people make the most consistently perfect and excoriating social commentary we currently have. But will those Nobel bastards honor them, too? Only God, our merciless and just God, knows. -Dave Eggers The funniest publication in the United States. -The New Yorker This publication is tasteless and destructive to our shared values. Read it for yourself and you'll see what I mean. Seriously, what else could make me laugh-much less laugh uproariously-while being offended week after week after week? -Al Gore The Onion is the funniest thing in news since Dan Rather's spooky stare. -Matt Groening Brutal satire that rushes into the far reaches of race, class, sexuality, and culture where many publications-and critics-fear to tread. -Chicago Tribune

The Onion, unlike any other entity in our media culture, offers a refreshingly honest look at our complicated life. -Ken Burns

Transforming Knowledge 2Nd Edition Elizabeth Minnich, 2005 This is a book about how we define knowledge and how we think about moral and political questions. It argues that the prevailing systems of knowledge, morality, and politics are rooted in views that are exclusionary and therefore legitimate injustice, patriarchy, and violence. That is, these views divide humans into different kinds along a hierarchy whose elite still defines the systems that shape our lives and misshape our thinking. Like the first edition of Transforming Knowledge, this substantially revised edition calls upon us to continue to liberate our minds and the systems we live within from concepts that rationalize inequality. It engages with the past fifteen years of feminist scholarship and developments in its allied fields (such as Cultural Studies, African American Studies, Queer Studies, and Disability Studies) to critique the deepest and most vicious of old prejudices. This new edition extends Minnich's arguments and connects them with the contemporary academy as well as recent instances of domination, genocide, and sexualized violence. \* Updated to consider recent scholarship in Gender, Multicultural, Postcolonial, Disability, Native American, and Queer Studies, among other fields of study \* Revised to include an extended analysis of the conceptual errors that legitimate domination, including the construction of kinds (genders) of human beings \* Revised to include new materials from a variety of cultures and times, and engages with today's contemporary debates about affirmative action, postmodernism, and religion

In 1983, Rolling Stone Press introduced its first Rock & Roll Encyclopedia. Almost two decades later, it has become the premier guide to the history of rock & roll, and has been selected by the Rock and Roll Hall of Fame & Museum as its official source of information. Giving full coverage to all aspects of the rock scene, it tells the story of rock & roll in a clear and easy reference format, including complete discographies, personnel changes for every band, and backstage information like date and place of birth, from Elvis Presley to Eminem. Since the last edition, the music scene has exploded in every area, from boy-bands to hip-hop, electronica to indie rock. Here, the Encyclopedia explores them all—'NSync, Notorious B.I.G., Ricky Martin, Radiohead, Britney Spears, Blink-182, Sean "Puffy" Combs, Portishead, Fatboy Slim, Fiona Apple, Lil' Kim, Limp Bizkit, Oasis, Outkast, Yo La Tengo, TLC, and many, many more. The Rolling Stone Encyclopedia of Rock & Roll, Third Edition includes all the facts, phenomena, and flukes that make up the history of rock. Accompanying the biographical and discographical information on the nearly 2,000 artists included in this edition are incisive essays that reveal the performers' musical influences, first breaks, and critical and commercial hits and misses, as well as evaluations of their place in rock history. Filled with hundreds of historical photos, The Rolling Stone Encyclopedia is more than just a reference book, it is the bible of rock & roll.
