The Oxford Guide to Australian Languages Claire Bower, 2023-06-19 The Oxford Guide to Australian Languages is a wide-ranging reference work that explores the more than 550 traditional and new Indigenous languages of Australia. Australian languages have long played an important role in diachronic and synchronic linguistics and are a vital testing ground for linguistic theory. Until now, however, there has been no comprehensive and accessible guide to their vast linguistic diversity. This volume fills that gap, bringing together leading scholars and junior researchers to provide an up-to-date guide to all aspects of the languages of Australia. The chapters in the book explore typology, documentation, and classification; linguistic structures from phonology to pragmatics and discourse; sociolinguistics and language variation; and language in the community. The final part offers grammatical sketches of a selection of languages, sub-groups, and families. At a time when the number of living Australian languages is significantly reduced even compared to twenty years ago, this volume establishes priorities for future linguistic research and contributes to the language expansion and revitalization efforts that are underway.

Ethics, Equity and Community Development Sarah Banks, Peter Westoby, 2019-05-22 This book offers a unique focus on the everyday ethics of community development practice in the context of local and global struggles for equity and social justice. Contributors from around the world (from India to the Netherlands and USA) grapple with ethical dilemmas and tensions, including how to: respect and learn from Indigenous values and philosophies; challenge environmental destruction; gain consent in divided communities; maintain or breach professional boundaries; and develop new paradigms for transformative community organising, sustainable development and ethically-sensitive practice. Offering theoretical frameworks, philosophical perspectives and practical case examples (from sex worker collectives to tree action groups and Australian Indigenous communities) this book is essential reading for community-based practitioners, students and academics.

Noongar People, Noongar Land Kingsley Palmer, 2016 This book is based on the expert anthropological report for the Noongar people's native title claim entitled Single Noongar Native Title Claim (W6006 of 2003 & W6012 of 2003): anthropologist's report. The report was filed in the Federal Court of Australia in 2004.

Perth Terri-ann White, 2016 Where do you find a city's soul? Where is its pulse, its personality? When we walk across the

skin of a city, do we listen for its laugh? Terri-ann White draws together an eclectic group of Perth people in this collection to share their insights on a rapidly evolving city. From an architect's perspective on heritage to a historian's ruminations on Perth's swampy origins; from a walk down streets that don't exist to Noongar place names; from the union movement to public art to criminal Perth to conversational Perth, this book encourages new encounters with the city. Perth: a guide for the curious traverses social, cultural and political spaces as the reader traverses the streets, kindling a sense of curiosity about a city by unearthing buried treasure. This is not a book of nostalgia. It doesn't posit a golden age or list a series of laments. This is a book about continuities and unfolding narratives. Perth situates the present in the past and illuminates possible futures. Perth: a guide for the curious is meant to be thumbed through in cafes, stuffed into satchels and walked around the city like a tireless companion. Perth promises to delight and inspire both visitor and local alike. *** Thoroughly 'reader friendly' in tone, commentary, organization and presentation, 'Perth: A Guide for the Curious' is unreservedly recommended for another living in and/or anticipating visiting the ever-evolving city of Perth, Australia. -- Midwest Book Review, Wisconsin Bookwatch: August 2016, The Travel Shelf [Subject: Travel, Australia]

Indigenous Intermediaries Shino Konishi, Maria Nugent, Tiffany Shellam, 2015-09-29 This edited collection understands exploration as a collective effort and experience involving a variety of people in diverse kinds of relationships. It engages with the recent resurgence of interest in the history of exploration by focusing on the various indigenous intermediaries - Jacky Jacky, Bungaree, Moowattin, Tupaia, Mai, Cheealthluc and lesser-known individuals - who were the guides, translators, and hosts that assisted and facilitated European travellers in exploring different parts of the world. These intermediaries are rarely the authors of exploration narratives, or the main focus within exploration archives. Nonetheless the archives of exploration contain imprints of their presence, experience and contributions. The chapters present a range of ways of reading archives to bring them to the fore. The contributors ask new questions of existing materials, suggest new interpretive approaches, and present innovative ways to enhance sources so as to generate new stories.

The Lives and Legacies of a Carceral Island Ann Curthoys, Shino Konishi, Alexandra Ludewig, 2022-09-30 This book is a biographical history of Rottnest Island, a small carceral island offshore from Western Australia. Rottnest is also known as Wadjemup, or the place across the water where the spirits are, by Noongar, the Indigenous people of south-western Australia. Through a series of biographical case studies of the diverse individuals connected to the island, the book argues that their particular histories lend Rottnest Island a unique heritage in which Indigenous, maritime, imperial, colonial, penal, and military histories intersect with histories of leisure and recreation. Tracing the way in which Wadjemup/Rottnest Island has been continually re-imagined and re-purposed throughout its history, the text explores the island's carceral history, which has left behind it a painful community memory. Today it is best known as a beach holiday destination, a reputation bolstered by the quokka selfie trend, the online posting of photographs taken with the island's cute native marsupial. This

book will appeal to academic readers with an interest in Australian history, Aboriginal history, and the history of the British Empire, especially those interested in the burgeoning scholarship on the concept of carceral archipelagos and island prisons.

More Great Australian Outback Towns & Pubs Stories Bill Marsh,2023-08-01 Bill 'Swampy' Marsh has been on yet another adventure, this time gathering more stories from outback towns and pubs; from the green fields of Tasmania to the vast red sands of Simpson Desert. The unique characters of the outback will touch your heart as Swampy presents all the drama and delight of life in remote Australia. There are tales of all-night revelry, the pub that became a refuge during a bushfire, the thirteen-year-old sent from the city to work on a remote sheep station, the priest with a sideline in illegal poker games, a sighting of the elusive yowie, a murder or two and a few ghosts thrown in for good measure. And, yes, the saddest story of all - the pub with no beer. If there's a good story out there, Swampy has captured it in this book. Bill 'Swampy' Marsh is an award-winning writer and performer of stories, songs and plays. He spent most of his youth in rural south-western NSW and now lives on South Australia's Fleurieu Peninsula. Swampy is one of ABC Books' bestselling authors of Australian stories; this is his twenty-third book.

Great Australian Outback Police Stories Bill Marsh,2015-10-01 Yarns and memories that capture the experience of policing in the bush, gathered by the inimitable Bill 'Swampy' Marsh, bestselling author of GREAT AUSTRALIAN FLYING DOCTOR STORIES and GREAT AUSTRALIAN CWA STORIES. 'I tell you, you meet some strange characters in this game ...' Boasting the biggest beats in the world -- some as large as France -- Australia's outback police have seen it all: natural disasters, incredible acts of selflessness, unspeakable crimes and daring rescues, just to name a few. And they've met some unforgettable characters along the way: from the murderer who stuffed his victims' bodies down wombat holes; to the policeman who arrested his own wife; to the prisoner who risked his life to rescue his own captor from certain death. Master storyteller Bill 'Swampy' Marsh has travelled the length and breadth of the country to gather their tales of adventure and misadventure, drama and mayhem, and larrikinism and laughter, to create this memorable collection of real-life stories about

those on the front-line in the heart of Australia.
