

Al Filo De Lo Desconocido National Geographic

Michael Seilmaier

The Day of the Dead Déborah Holtz, Juan Carlos Mena, 2024-09-17 A tribute to Mexico's most important holiday, this extraordinary and definitive volume documents the immense creativity displayed by this popular annual celebration. While there have been other books about the Day of the Dead, most are long out of print and aridly academic. This book features both exceptional "traditional" Indigenous material—such as vibrant folk art and crafts, flamboyant costumes and masks, special food and drink—but also a much more funky, modern approach that blends lively music and dance, colorful parades, cutting-edge contemporary street art, and a festive atmosphere that engages all of the senses with handmade altars, flowers, painted skulls, toys, paintings, murals, and other art objects. Featuring hundreds of specially commissioned photographs and voluminous in-depth research, the book is lavishly illustrated and designed with an aesthetic that draws on both traditional material as well as Mexico's contemporary street art style. Blending visual elements inspired by the country's pre-Hispanic heritage, European influences, and modern art trends, the book explores the evolution of the Day of the Dead and the special role it plays. This book is the definitive, authentic resource for all things Day of the Dead.

Libros españoles en venta, 1996

Cavalier Hak Hagar Lane, 2021-11-04 Cavalier Hak è un fantasy storico, ambientato in parte nel Medioevo e in parte nel Rinascimento, dove fantasia, storia e realtà si intrecciano sapientemente. Nel Libro Primo (La Nascita dei Draschi) i Regni, fatti di uomini liberi, spariscono uno dopo l'altro per lasciare il posto ai Draschi, fatti di padroni e schiavi. È Hak, un cavaliere errante donna, che prova a sconfiggere il male, lottando contro un Governatore del Regno dei Folli che vuol trasformare il suo Casato del Pellame in Drasco, certo che "possedere le persone" fosse l'unico modo possibile per arricchirsi velocemente senza render conto a nessuno. Nel Libro Secondo (Sapere aude) Hak diventa Re del Drasco delle Scienze. Affiancata da una saggia strega di nome Mercuria e da quattro validi e fidati cavalieri, Hak trasforma il suo Drasco in un luogo senza caste e privilegi, dove si ama e si prega liberamente, si studia e si lavora con gioia, ridando lentamente vita al culto degli Dei pagani. Questa volta lotterà contro i Giusti: il potente Organismo Religioso Sovranazionale a capo dei Draschi. Da cavaliere come da re, il viaggio di Hak è l'incessante ed eroico tentativo di spezzare con le proprie mani le maglie dell'inconscio collettivo, intriso di dolore per i pregiudizi e le ingiustizie sociali sedimentatesi nei secoli, ma c'è solo un modo per riuscire nell'impresa, ed è scritto in dei fogli di pergamena custoditi in un prezioso scrigno di faggio rosso.
