Pork Pie Pandemonium Steve Higgs, 2026-02-10 Baking. It can get a guy killed. 'When Steve Higgs writes, he hits it out of the park. I find myself laughing out loud and often.' ** Complete Series. Read every book (the dog doesn't die) ** When a retired detective takes a culinary tour of the British Isles, he hopes to find tasty treats and delicious bakes ... what he gets is a clue to a crime in the ingredients for his pork pie. His dog, Rex Harrison, an ex-police dog fired for having a bad attitude, cannot understand why the humans are struggling to solve the mystery. He can already smell the answer - it's right before their noses. He'll pitch in to help his human and the shop owner's teenage daughter as the trio set out to save the shop from closure. Is the rival pork pie shop across the street to blame? Or is there something far more sinister going on? One thing is for sure, what started out as a bit of fun, is getting deadlier by the hour, and they'd better work out what the dog knows soon or it could be curtains for them all. 'This series has it all; everything I want in a story and series ... humour, suspense, and colourful characters. It's one of my top all-time favourite series.' This series of books contain no cussing and no graphic descriptions of violence or bedroom activities.

Death of a Yorkshire Pudding Steven J. Higgs, 2020 After the drama in Biggleswade, our crime-busting duo head to York for the annual Yorkshire pudding competition and a well-earned rest ... well fat chance of that because they interrupt a violent robbery before they can even get to the venue. When Albert realizes he's stumbled across something much bigger than a random mugging, he decides, for once, to leave the crime-solving to the locals. Fate, however, laughs at his plans, thrusting him and faithful canine companion, Rex Harrison, into the thick of things just as the first body is found. Is the coveted prize for the best Yorkshire pudding driving the competitors to the most extreme lengths? Will the team attempting to break the world record for the biggest Yorkshire pudding succeed or is someone trying to scupper their chances? One thing is for sure - one body always leads to another. There's mystery afoot, and Rex has his nose to the ground. He'll solve the crime to be sure, but will he be able to lead the humans to the criminals in time? --From back cover.

With sidekick Rex Harrison, the failed police dog, at his side, our aging but sprightly hero will put his ear to the ground and his

mind to work as he unravels the clues to this mystery. Rex and Albert will be tested like never before in this quiet English town as they catch the first glimpse of a criminal mastermind at work. Can they find the cheese in time to save the festival? Will Rex be able to smell the answer with all the stinky cheese around? It's a race against time to solve this crime but is there something bigger going on? Can this really just be about some mouldy cheese?

Until the waitress serving him is arrested for murder ... and he discovers she killed the café's owner three days ago. But Albert saw her eyes when the police came for her - she is innocent! There is something very odd going on, that's for sure, and as he starts to investigate, the woman's checkered past comes to life. Is she guilty after all?
