**The Charter of the United Nations** United States. President (1945-1953 : Truman),1945

**Charter of the United Nations** Ian Shapiro,Joseph Lampert,2014-01-01 A text in the Yale University Press Series on Basic Documents in World Politics This volume contains the full text of the United Nations Charter and the Statute of the International Court of Justice, as well as related historical documents. They are accompanied by ten original essays on the Charter and its legacy by distinguished scholars and former high-level UN officials. The commentaries illuminate the early and ongoing roles of the United Nations in responding to international crises, debates about the UN's architecture and its reform, and its role in global governance, climate change, peacekeeping, and development. A concise and accessible introduction to the UN for students, this collection also offers important new scholarship that will be of interest to experts.

**The Charter of the United Nations** ,2024-07-04 Since the third edition of this commentary on the Charter of the United Nations was published in 2012, the text of the Charter has not changed DL but the world has. Central pillars of the international order enshrined in the UN Charter are facing serious challenges, notably the prohibition of the use of force. Human rights, too, have come under increasing pressure, now also from contemporary information technology. Global warming poses fundamental challenges for the world community as a whole in its effort to stabilize global ecosystems. Fully updated, the commentary takes up these and other developments. It features new chapters on Climate Change and the Human Rights Council. The commentary remains the authoritative, article-by-article account of the legislative history, interpretation, and practical application of each and every Charter provision. Written by a team of distinguished scholars and practitioners, this book combines academic research with the insights of practice. It is an indispensable tool of reference for all those interested in the United Nations and its legal significance for the world community. The Commentary will be crucial in combining solid legal foundations with new directions for the development of international law and the United Nations in the twenty-first century

**The Charter of the United Nations** United States. Congress. Senate. Foreign Relations,1945

The Charter of the United Nations Nikolai Wessendorf,2012-11-22 Since the second edition of this commentary on the Charter of the United Nations was published, the text of the Charter may not have changed but the world has. The wars in Iraq and Afghanistan have had a lasting impact on international law and the Commentary has been fully updated to take their

impact into account. The new edition has been completely revised and features a completely new chapter on UN reform, analyzing the effect of reforms which have already been implemented and examining why other proposals for reform have failed. It will assess how these proposals could be improved, with a particular focus on the Security Council. This new edition also includes coverage of the creation of the Human Rights Council and the impact of the Responsibility to Protect doctrine. This is the authoritative, article-by-article account of the legislative history, interpretation, and practical application of each and every Charter provision. Written by a team of distinguished scholars and practitioners, this book combines academic research with the insights of practice, and is an indispensable work of reference for all those interested in the UN. The Commentary will be crucial in providing new directions for the development of international law and the United Nations in the twenty-first century.

*A Commentary on the Charter of the United Nations* Norman Bentwich, Andrew Martin, 2024-05-30 First published in 1950, *A Commentary on the Charter of the United Nations* presents a collection of documentary material detailing various aspects of the UN Charter. It discusses themes like the evolution of the Charter; purposes and principles; Pacific settlements of disputes; the General Assembly; the Security Council; International Economic and Social Co-Operation; the Economic and Social Council; the International Court of Justice; transitional security arrangements etc. to show how, during the first three years of the existence the organs of the United Nations have applied and interpreted the provisions of the Charter. This is an important historical reference work for scholars and researchers of international law, international relations and international politics and diplomacy.

**Charter of the United Nations** Leland Matthew Goodrich, Edvard Isak Hambro, 1946 Amerikansk udgave af traktaten om FN og sammenslutningens funktioner

**The Charter of the United Nations** Bruno Simma, 1994 Written as a guide to the U.N. Charter for practicing lawyers as well as scholars, this Commentary is a unique piece of scholarship, the product of impeccable research by an internationally recognized group of experts. Originally published to wide acclaim in German, the Commentary provides an article-by-article account of the legislative history, interpretation, and practical application of each Charter provision, and is the first commentary in any language to take into account the complete workings of the U.N. The English translation has been fully revised and updated since the appearance of the German edition, with most of the articles updated to November 1993. One of the most significant collaborative projects ever undertaken in the field of international law, this is the first Commentary on the U.N. Charter to be published since 1969 and the only one in any language to take into account its practice and procedure. At once scholarly, authoritative, and immensely practical, this single volume will make a significant impact on the ways in which the U.N. Charter is discussed and understood.

**The Charter of the United Nations** United States. Congress. Senate. Committee on Foreign Relations,1945

**Charter of the United Nations and Statute of the International Court of Justice** United Nations,2014-10-30 The Charter of the United Nations was signed in 1945 by 51 countries representing all continents, paving the way for the creation of the United Nations on 24 October 1945. The Statute of the International Court of Justice forms part of the Charter. The aim of the Charter is to save humanity from war; to reaffirm human rights and the dignity and worth of the human person; to proclaim the equal rights of men and women and of nations large and small; and to promote the prosperity of all humankind. The Charter is the foundation of international peace and security.

*The Charter of the United Nations* Bruno Simma,Hermann Mosler,Andreas Paulus,Eleni Chaitidou,2002 Text of the Charter

Charter of the United Nations, Together with the Statute of the International Court of Justice, Signed at the United Nations Conference on International Organization, San Francisco, California, June 26, 1945 United Nations,1945

*Admission to the United Nations* Thomas D. Grant,2009 The United Nations began as an alliance during World War II. Eventually, however, the UN came to approximate a universal organization - i.e., open to and aspiring to include all States. This presents a legal question, for Article 4 of the Charter contains substantive criteria to limit admission of States to the UN and no formal amendment has touched that part of the Charter. This book gives an up-to-date account of admission to the UN, from the 1950s logjam through on-going controversies like Kosovo and Taiwan. With reference to Charter law, the book considers how Article 4 came to accommodate universality and what the future of a universal organization in a world of politically diverse States might be.

**The United Nations and the Rule of Law** John W. Halderman,Duke University. Rule of Law Research Center,1966 Study of the legal aspects and powers of the UN - covers the quasi-legislative and judicial authority of the organisation through recommendations and collective measures, its function as the world court, and international law. Bibliography pp. 3 and 4.

**Charter of the United Nations and Statute of the International Court of Justice: (Russian Language)** United Nations,2014-01-15 The Charter of the United Nations was signed in 1945 by 51 countries representing all continents, paving the way for the creation of the United Nations on 24 October 1945. The Statute of the International Court of Justice forms part of the Charter. The aim of the Charter is to save humanity from war; to reaffirm human rights and the dignity and worth of the human person; to proclaim the equal rights of men and women and of nations large and small; and to promote the prosperity of all humankind. **How the United Nations Charter Has Developed** Francis Orlando Wilcox, 1954

**The United Nations Charter as the Constitution of the International Community** Bardo Fassbender, 2009 The aeoconstitutionalization of international law is one of the most intensely debated issues in contemporary international legal doctrine. The term is used to describe a number of features which distinguish the present international legal order from a oeclassical international law, in particular its shift from bilateralism to community interest, and from an inter-state system to a global legal order committed to the well-being of the individual person. The author of this book belongs to the leading participants of the constitutionalization debate. He argues that there indeed exists a constitutional law of the international community that is built on and around the Charter of the United Nations. In this book, he explains why the Charter has a constitutional quality and what legal consequences arise from that characterization.
