Integrating African American Literature in the Library and Classroom Dorothy Littlejohn Guthrie, 2011-09-14 In

this book, African American literature is illuminated through a project-based curriculum that incorporates national curriculum standards. It is important that the school curriculae be representative of the diversity of the American student population. Integrating African American Literature in the Library and Classroom is designed to help teachers and librarians achieve that goal. The book recommends and annotates more than 200 titles that touch on African American life from slavery through the present time, most of them by black authors, and many of them winners of the Coretta Scott King, Caldecott, and/or Newbery awards. This guide offers cross-curricular lesson plans for grades K-12. Each chapter identifies areas in which instructional attention is most needed to help students develop a greater appreciation for diversity, perseverance, and ethnicity. Examples and ideas for activities are offered to reinforce related concepts. With this book, teachers and librarians will be better able to motivate and inform, helping students discover the richness of African American culture now and through time.

Georgia Women Kathleen Ann Clark, Ann Short Chirhart, 2014-07-15 Women were leading actors in twentieth-century developments in Georgia, yet most histories minimize their contributions. The essays in the second volume of Georgia Women, edited by Ann Short Chirhart and Kathleen Ann Clark, vividly portray a wide array of Georgia women who played an important role in the state's history, from little-known Progressive Era activists to famous present-day figures such as Pulitzer Prize-winning author Alice Walker and former First Lady Rosalynn Carter. Georgia women were instrumental to state and national politics even before they achieved suffrage, and as essays on Lillian Smith, Frances Pauley, Coretta Scott King, and others demonstrate, they played a key role in twentieth-century struggles over civil rights, gender equality, and the proper size and reach of government. Georgia women's contributions have been wide ranging in the arena of arts and culture and include the works of renowned blues singer Gertrude "Ma" Rainey and such nationally prominent literary figures as Margaret Mitchell, Carson McCullers, and Flannery O'Connor, as well as Walker. While many of the volume's essays take a fresh look at relatively well-known figures, readers will also have the opportunity to discover women who were vital to Georgia's history yet remain relatively obscure today, such as Atlanta educator and activist Lugenia Burns Hope, World War II aviator Hazel Raines, entrepreneur and carpet manufacturer Catherine Evans Whitener, and rural activist and author Vara A. Majette. Collectively, the life stories portrayed in this volume deepen our understanding of the multifaceted history of not only Georgia women but also the state itself.
