Bruce Fife

The Detox Book, 3rd Edition Bruce Fife, 2017-08-14 We live in a toxic world. Environmental pollution and disease-causing germs assault us continually day after day. Our food is nutrient deficient and our water supply dangerously contaminated. People today are exposed to chemicals in far greater concentrations than were previous generations. Thousands of tons of man-made chemicals and industrial pollutants are poured into our environment and our food supply daily. With such a massive attack on our health we should all be sick from toxic overload. And we are! In no other time in the history of the world has degenerative disease been as prominent as it is today. Diseases that were rare or unheard of a century ago are now raging upon us like a plague. Millions are dying from diseases that were virtually unknown in the past. Experts tell us that by the time we reach middle age, each one of us will have already been affected by either cancer, cardiovascular disease, or some other serious degenerative condition. Conventional medicine has no sure cure. Drugs, surgery, and radiation treatments can be as dangerous and debilitating as the diseases they attempt to cure. Nature, however, has provided us with the solution. Our bodies are amazingly resilient. If the disease-causing toxins are removed, the body will heal itself. This book outlines the steps you need to take to thoroughly detoxify and cleanse your body from these disease-causing agents. You will also learn how to reduce your toxic exposure and how to strengthen your immune system. Through detoxification you will free yourself from the chains of pain, reverse degenerative conditions, gain more energy, feel and look younger, improve your memory, and be happier. Virtually all the diseases of modern society, including many infectious illnesses, can be avoided or even cured by sensible systematic detoxification. Although we live in a toxic world we can take control of our health. This book will show you how. "The Detox Book is highly recommended for health reference collections." —The Midwest Book Review "A comprehensive handbook of detoxification therapies... Chapters give extensive background information on each subject, reports of research, and precise, detailed instructions for self-administration...An encyclopedic look at how we can care for and cleanse our amazingly resilient bodies." —Booklist American Library Association "The Detox Book is an excellent primer on cleansing the body. It provides everything you need to know about detoxification, why you must detoxify, and how to get the best results. I highly recommend this down-to-earth and approachable book as the first step along your journey to health." —Michelle Cook, Health 'N Vitality

The World Where Love Never Dies Book 4 Jean Vincent Naurais, 2020-11-01 Book 4 of 6 - LIPS TO EARS is the fourth book from the book series "THE WORLD WHERE LOVE NEVER DIES". Long ago, the old man's wife had become blind and had to go through an urgent surgery in Brazil. Far from Miami, this was a brand-new, terrifying beginning to a highly spiritual journey. They were driven to grow wiser so they could learn how to gain spiritual insights despite her profound visual impairment. They had to surmount their frightening hardships. Otherwise, more than blindness, death would be imminent. Along the way, as their earthly possessions began to slip away, well-earned discoveries filled with blessed visions would develop with synchronized events. They would discover challenges that could be surmounted only by what they could make of them. They had to listen to their spiritual messages to be guided to take steps accordingly. The journalist learned how to make connections among events that may look like coincidences, when in fact they were innumerable instances of guidance. This changed the way he looked at things. It represented his chance to find his purpose in life, successfully getting ready for it. He became aware that any choice you make may bring about significant long-lasting consequences that may in fact not lead you on your best path. The journalist will tune in to his Higher Self and will look for sure, how to be on the right path, to change his life for good. Followed by Book 5: Love Resonance Book 6: The Eye of Wisdom

Bodily Natures Stacy Alaimo, 2010 How do we understand the agency and significance of material forces and their interface with human bodies? What does it mean to be human in these times, with bodies that are inextricably interconnected with our physical world? *Bodily Natures* considers these questions by grappling with powerful and pervasive material forces and their increasingly harmful effects on the human body. Drawing on feminist theory, environmental studies, and the sciences, Stacy Alaimo focuses on trans-corporeality, or movement across bodies and nature, which has profoundly altered our sense of self. By looking at a broad range of creative and philosophical writings, Alaimo illuminates how science, politics, and culture collide, while considering the closeness of the human body to the environment.

Clean (Enhanced Edition) Alejandro Junger, 2010-12-28 This book is enhanced with content such as audio or video, resulting in a large file that may take longer to download than expected. This enhanced edition of *Clean* includes extra audio, video and recipes. In *Clean*, a New York City cardiologist and a leader in the field of integrative medicine, Dr. Alejandro Junger, offers a major medical breakthrough. Dr. Junger argues that the majority of common ailments are the direct result of toxic build-up in our systems accumulated through the course of our daily lives. As the toxicity of modern life increases and disrupts our systems on a daily basis, bombarding us through our standard American diet and chemical-filled environments, our ability to handle the load hasn't accelerated at the same rapid pace. The toxins are unavoidable but *Clean* offers a solution.
