Winterstein, 2009 The Athletic Training Student Primer: A Foundation for Success is a dynamic text that supplements the core concepts, terminology, and educational requirements of athletic training with the combination of academic and clinical education to establish a foundation of knowledge. This valuable resource is designed for both prospective and current athletic training students. preparation, maximizing clinical education opportunities, and building a successful career. The reader is provided with a multitude of answers to many real-life athletic training situations. To further facilitate learning, an interactive website companion has been developed to complement the text. Through this website you will find a range of helpful features including web resources pertaining to the corresponding chapter topics, flash cards teaching important concepts, and quizzes testing the knowledge presented.
